Please describe your comment briefly:
Dear Sir or Madam,

This concerns the Intermountain Gas Co. filing of August 11, 2010.

I believe it is unfair to reward some customers with a 1.58% decrease and penalize others with a 0.20% increase. This is an inequitable action.

Why are space heating only customers treated as second class customers? All Intermountain customers should be entitled to the same benefits. Customers should not be rewarded with a decrease simply because they use more product.
