Name of Utility Company: Intermountain Gas Acknowledge public record: True

Comment: The purpose of this message is to voice my opposition to Intermountain Gas proposed rate increase upcoming. The rate increase is apparently an "annual" Just Because - increase. It may come as a shock to the board members at IMG. But most people working in the private sector in Idaho - ARE NOT GETTING RAISES - COLA'S, or any other "annual" increase. Plus we are being CLOBBERED, by this presidents policies which are causing high gasoline , electricity and heating costs. As well working families face exponential increases resulting from the DNC and President Obamas Un-affordable health care act. Premiums have doubled and so have deductible, all the while co-pays are non-existent and prescription prices have TRIPLED. In short. It may come as a shock to many in Government, Corporate and Academia, - Working class America is ON THE ROPES. And cannot take much more. Please please give us a break. Thank you, Sincerely, Robert Keegan, Star ID.
