Comment: My concern is the latest request for a rate increase!! It is clear the less; we the customers use, the higher the cost to the pass-through!! This is the pimping of the Idaho customers!! 💰💰💰 I am against the increase because it is a pimp game to fleec; not to improve the quality of gas!! ✓ I suggest that the public utilities commission do their public service and protect the customers from corporate pimps!! 💰💰 I suggest the board watch and learn what their mission statement mean!! 🗑️👁️📄📄 <https://www.c-span.org/video/?431188-1/depth-krisanne-hall>

Much Appreciation!!

Comment: Sweet! Int Mtn Gas wants a permanent rate increase under the veil of a energy efficiency and conservation. Customers shouldn't be asked to pay for this program. If Int Mtn Gas is involved with a SSM program, it's a cost of doing business they should bear!

Thanks,  
John Auger
