Dear Commissioners:

In its Order No. 33628 in Case No. QST-G-16-01 (Order), the Idaho Public Utilities Commission (Commission) required “Dominion Questar to notify the Idaho Commission by letter when it files notices, applications, requests, etc., with the Utah PSC.” (Order at pp. 3-4). Accordingly, Dominion Energy respectfully provides notice that it has filed testimony in its fall 2017 to support peak hour contracts. Two filings were also made due to the tax reconciliation act of 2018 that occurred late in 2017. One of the tax-related filings was filed in the most recent Infrastructure Replacement Tracker filing. The other filing was made in response to a Commission request to address the issues related to the tax change. You can review these filings and the dockets at www.psc.utah.gov/.

Should you require any further information, please contact me.

Sincerely,
