On September 29, 2008, the Commission issued a Notice of Public Workshops and established a schedule for the processing of the above-entitled case. Order No. 30644. The public workshops were held on October 14 and 22, 2008. According to the schedule set out in Order No. 30644, Staff's initial comments were scheduled to be filed by November 14, 2008.

On November 17, 2008, Staff filed a motion to extend its deadline for filing comments. Staff noted that it had been unable to complete its comments by the original deadline because of overwhelming public turnout and participation at the workshops. Staff proposed the following modified schedule:

Staff comments due	November 26, 2008
Interested participants' responses due	December 19, 2008
Staff final report due	January 16, 2009

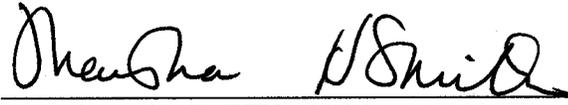

No objections to the proposed modified schedule have been received by the Commission.

**ORDER**

IT IS HEREBY ORDERED, with good cause showing, that the schedule for the processing of this case be modified as set out above.

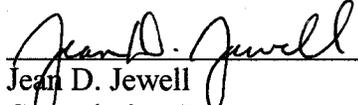

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 24<sup>th</sup>  
day of November 2008.
