---

The Commission's Customer Relations Rules for Gas, Electric and Water Utilities (IDAPA 31.21.01.106) and the Customer Relations Rules for Telephone Companies (IDAPA 31.41.01.106) both provide for the payment of interest on customer deposits. Pursuant to Rule 106.02 of these rule sets, the interest rate on deposits is determined by calculating the 12-month average interest rate for one-year treasury bills for the previous November 1 through October 31. The resulting rate is then rounded to the nearest whole percent. The calculated rate will be in effect for the following calendar year.

Using the weekly rates found in *The Wall Street Journal*, the average interest rate for one-year treasury bills for the 12-month period from November 1, 2008 through October 31, 2009, is .54%. This rounds to 1.0%. Accordingly, public utilities shall pay 1.0% annual interest on all customer deposits held pursuant to IDAPA Rules 31.21.01.106 and 31.41.01.106 for calendar year 2010. The 2010 interest rate is a 1% decrease from the prior year.

**ORDER**

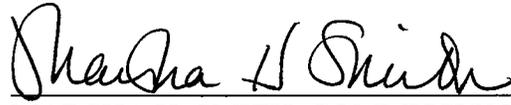

IT IS HEREBY ORDERED that 1.0% annual interest shall be paid during calendar year 2010 on customer deposits held by gas, electric, water, and telephone companies subject to this Commission's jurisdiction under IDAPA 31.21.01.106 and 31.41.01.106. The Commission Secretary shall serve this Order upon all public utilities operating within Idaho.

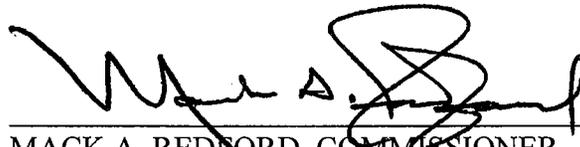

IT IS FURTHER ORDERED that the rate on deferred accounts using the customer deposit rate during calendar year 2010 shall be 1.0%.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date of this Order. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. See *Idaho Code* §§ 61-626 and 62-619.

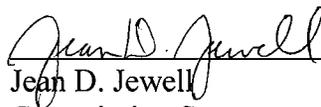

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 16<sup>th</sup>
