COMMISSIONER REDFORD
COMMISSIONER SMITH
COMMISSION SECRETARY
COMMISSION STAFF

FROM: DON HOWELL
DEPUTY ATTORNEY GENERAL

RUL-U-13-01

DATE: JUNE 20, 2013

SUBJECT: STAFF RECOMMENDATIONS TO AMEND THE COMMISSION'S
RULES OF PROCEDURE, APA DOCKET NO. 31-0101-1301

In this Decision Memorandum, Staff is recommending that the Commission consider amending several of its Rules of Procedure, IDAPA 31.01.01. The reasons for the proposed changes can be broken into several categories: (1) provide an efficient means of allowing the Commission's fiscal officer to update the list of utility companies no longer operating in Idaho; (2) improve the clarity of some rules; and (3) make other housekeeping changes.

To facilitate your review, the reasons for the changes to the Commission's rules are discussed before each proposed change in chronological order below. Staff recommends that the Commission initiate a negotiated rulemaking and conduct a public workshop on the proposed changes. The "legislative" version of the proposed changes are also attached.

THE PROPOSED RULE CHANGES

Rule 18. Staff recommends that the Commission amend this rule to make it easier for the Commission's fiscal officer to update the list of utilities and railroads required to pay the annual regulatory assessments. Over the last several years many telecommunications companies register with the Commission to conduct in business in Idaho and subsequently depart without advising the Commission of their departure. Although Commission Staff attempts to update its records periodically, oftentimes these companies fail to notify the Commission of their current status and do not respond to inquiries. Consequently, the proposed change would allow the fiscal officer to administratively update the records for those utilities and railroads no longer operating in Idaho and avoid mailing annual revenue packets and assessment letters to them.

018. PAYMENT OF FEES AND REMITTANCES (RULE 18).

01. Payments. Fees and remittances to the Commission must be paid by money order, bank draft or check payable to “Idaho Public Utilities Commission.” Remittances in currency or coin are wholly at the risk of the remitter, and the Commission assumes no responsibility for their loss. (7-1-93)

02. Annual Regulatory Fees. Utilities and railroads shall pay their annual special regulatory fees as required by Chapter 10, Title 61 and Section 62-611, Idaho Code. Utilities and railroads that fail to pay their special regulatory fees, are no longer conducting business in Idaho, and fail to maintain a designated agent for service with the Commission Secretary (Rule 16.03) may be administratively removed from the list of utilities and railroads subject to the annual regulatory fee. ()

Rule 19. This change is a housekeeping measure to update the title of the Idaho State Bar Commission’s Rule 227 which is adopted by the Commission in its Rule 43, IDAPA 31.01.01.043.

019. INCORPORATED BY REFERENCE -- IDAHO BAR COMMISSION RULE (RULE 19).

Rule 43 incorporates by reference Idaho Bar Commission Rule 227 (~~Limited Admission~~/Pro Hac Vice Admission). Bar Rule 227 is promulgated by the Idaho State Bar and adopted by order of the Idaho Supreme Court. Bar Rule 227 may be obtained from the Idaho State Bar, PO Box 895, Boise, ID 83701, or online at <http://www.isb.idaho.gov>. Bar Rule 227 is also available for inspection and copying at the Idaho State Law Library or at the offices of the Idaho Public Utilities Commission. (~~4-7-11~~)()

Rule 39. Staff is recommending that Rule 39 be updated by dividing the existing rule into subsections and adding a new subsection regarding “public involvement.” Persons interested in receiving periodic updates (e.g., e-mail, Twitter, etc.) for PUC cases, press releases, and other documents may subscribe to the Commission’s RSS feed located either on the Commission’s updated home page or at the summary page of a specific case. Currently the

Commission's RSS feed only allows an interested person to receive e-mail updates for an entire group of utility cases (e.g., electric, gas, water, etc.) and not individual cases. This new subsection 03 would advise interested persons they could use the RSS feed to track individual cases instead of an entire group of cases (e.g., all electric cases vs. a specific Avista case).

039. PERSONS -- PERSONS NOT PARTIES -- INTERESTED PERSONS PUBLIC INVOLVEMENT (RULE 39).

01. Persons and Person Not Parties. The term "person" includes natural persons, partnerships, corporations, associations, municipalities, government entities and subdivisions, and any other entity authorized by law to participate in administrative proceedings. Persons other than the persons named in Rules 32 through 37 are not parties for the purpose of any statute or rule addressing rights or obligations of parties. (04-5-00)

02. Interested Parties. Interested persons for purposes of the Commission Secretary's service of notice under Rules 113, 123, and 202 are municipalities, counties, and chambers of commerce in the area affected by a proceeding and persons who were parties in any proceeding of a similar kind involving the same utility or ~~regulated carrier~~ railroad in the preceding three (3) years. This rule defines interested persons for purposes of Rules 113, 123, and 202, but not for purposes of Section 61-626, Idaho Code. (4-5-00)(____)

03. Public Involvement. Persons interested in receiving periodic updates about filings made in certain groups of cases, in individual cases, or the issuance of press releases, orders and notices may subscribed to the Commission's Rich Site Summary (RSS) feed located on the Commission's home page at: www.puc.idaho.gov. Subscription to general information will be available at the home page at "Keep Me Updated" and case specific subscription will be available at each case summary page. The Commission's home page also contains links to other utility or commission topics. (____)

Rule 43. This rule is updated to reflect the citation changes to Bar Rule 227.

043. REPRESENTATION OF PARTIES (RULE 43).

Proceedings before the Commission are sometimes administrative in nature or quasi-judicial in nature. Guidelines for the representation of parties are outlined below. (4-7-11)()

a. Limited admission by out-of-state attorneys will not be necessary in conjunction with administrative proceedings. Out-of-state attorneys representing the same party in one (1) or more quasi-judicial proceedings must request limited admission at least one (1) time per calendar year.

(4-7-11)

b. An attorney applying for limited admission to appear before the Commission in a representative capacity shall file a written motion with the Commission Secretary and serve a copy on all parties. Rule 121. Consumer Staff recommends a minor change to subsection 01.c to this rule requiring utilities to include in their applications to change rates not only “how” but “when” an application to change rates has been brought to the attention of affected customers.

121. FORM AND CONTENTS OF APPLICATION TO CHANGE RATES (RULE 121).

01. Utility Applications to Change Rates. Applications by any public utility subject to Title 61, Idaho Code, to increase, decrease or change any rate, fare, toll, rental or charge or any classification, contract, practice, rule or regulation resulting in any such increase, decrease or change must include the following data: (4-7-11)

a. 02. Proposals Based upon Computer Modeling. In addition, in any application in which a computer model is used to represent or simulate processes from which the revenue requirement is derived or upon which allocations of the revenue requirement to different customer classes are based, complete documentation of all those computer models must be supplied to the Staff, upon request, and be available in the utility's office or other depository. The Staff may request that the computer model itself be provided. A computer model includes the representation or simulation of a process, but does not mean or include the compilation of actual data. The application must state that the documentation of the models already on file in the applicant's office or other depository fully describes the models or that necessary updates or additions to previous documentation that will fully describe the models is on file and will be supplied on request. (4-5-00)

03. Grounds for Returning or Dismissing Application. Failure to comply with Rule 121.01 and 121.02 of this rule is grounds to return or dismiss an application under Rule 65. (7-1-93)

Rule 125. Staff recommends that subsection 03 of the rule be updated to improve the clarity and readability of this rule. The purpose of updating this subsection is to clarify that utilities may provide individual customer notices in separate mailings or by adding a bill stuffer in the customer's regular bill.

125. NOTICES TO CUSTOMERS OF PROPOSED CHANGES IN RATES (RULE 125).

01. Customer Notice of a Change in Rates. (4-7-11)

a. If a utility is requesting a rate increase, the utility shall issue a customer notice to each customer. The customer notice shall include a brief explanation of the utility's need for additional revenue and the dollar amount requested. The notice shall give the proposed overall percentage change from current rates as well as the proposed percentage increase in revenue for each major customer class. (4-7-11)

b. If the utility is requesting a rate decrease, the utility shall issue a customer notice to each customer. The customer notice shall include a brief explanation of the reason for the decrease, the overall dollar amount of the proposed decrease, and the proposed percentage decrease for each major customer class. (4-7-11)

c. The customer notice shall make it clear that the application is a proposal, subject to public review and a Commission decision. It shall also inform customers that a copy of the utility's application is available for public review at the offices of both the Commission and the utility, and on the Commission's homepage. (4-7-11)

02. Timing of Notice for Trackers or Annual Cost Adjustments. Tracker adjustments occasioned by federal action that result in an increase or decrease in rates may be brought to the attention of customers in compliance with this rule after approval by the Commission. Other tracker or annual cost adjustment cases that result in an increase in rates remain subject to the requirements of advance notice contained in this rule. Other tracker or annual cost adjustment cases that result in a decrease in rates may be brought to the attention of customers in compliance with this rule after being approved by the Commission. (4-7-11)

03. Timely Distribution of Customer Notices. The customer notices referred to in Subsection 125.01 may be mailed separately to customers or included in the customer's regular bill as a bill stuffers over the course of a billing cycle or may be contained in additional comment pages to the customer's monthly bill. ~~If additional comment pages are used, the~~ information required by this rule is to be clearly identified, easily understood,

and pertain only to the proposed rate change. Distribution of customer notices shall commence when the utility files its application or as soon as possible thereafter. (5-8-09)()

04. Press Release. In instances covered by Subsection 125.01, the utility shall also send a press release containing, at minimum, the same information presented in the customer notices to all newspapers, radio, and television stations listed on the Commission's news organization list for that utility. The press releases shall be mailed or delivered simultaneously with filing of the application. (5-8-09)

05. Filing of a Press Release and Customer Notice. A copy of the press release and customer notice shall be filed with the application. (5-8-09)

06. Purposes and Effects of This Rule. The purposes of Subsections 125.01 through 125.05 of this rule are to encourage wide dissemination to customers of information concerning proposed rate changes for utility services. It is not a purpose of these subsections to create due process or other procedural rights in customers by expanding, contracting, or otherwise modifying the notice and due process rights of customers under the Public Utilities Law and the Commission's Rules of Procedure, IDAPA 31.01.01. Accordingly, Subsections 125.01 through 125.05 of this rule create no individual procedural rights in any customer for notice that would give rise to a due process or other procedural claim cognizable by the Commission, but failure to comply with Subsections 125.01 through 125.05 of this rule can be grounds for returning an application for incompleteness. (5-8-09)

STAFF RECOMMENDATION

Staff recommends that the Commission issue the appropriate notice to initiate a negotiated rulemaking workshop and that the proposed changes be distributed to interested persons prior to the workshop.

COMMISSION DECISION

Does the Commission desire to initiate changes to its Rules of Procedure outlined above by initiating a negotiated rulemaking proceeding? Does the Commission wish to initially propose the rule changes set out above or make any changes to the draft rules?
