**RE:** Notice of Omnibus Rulemaking for IDAPA 31, Rules of the Public Utilities Commission; Case No. RUL-U-19-01

On May 9, 2019 the Idaho Public Utilities Commission voted to submit to the Division of Financial Management Notice of Omnibus Rulemaking for IDAPA 31. The Commission is requesting that all IDAPA 31 rules be re-authorized as temporary and proposed with the exception of IDAPA 31.51.02 Automatic Dialing and Announcement Devices (ADADs) Rules.

The ADAD Rules are antiquated and are no longer relevant. The Federal Communications Commission (FCC) has rules contained within CFR 64.1200 Subpart L – Restrictions on Telemarketing Solicitation, and Facsimile Advertising Rules – which supersede this rule set and accomplish the same end goal. The FCC is also better positioned technically and financially to address complaints in this area.
