Attorneys for Allied Wireless Communications Corporation

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

In the Matter of the Application of) CASE NO. ALL-T-10-01
Allied Wireless Communications)
Corporation d/b/a Allied Wireless)
For Designation as an Eligible)
Telecommunications Carrier)

**NOTICE OF RELINQUISHMENT
OF ELIGIBLE TELECOMMUNICATIONS CARRIER DESIGNATION**

1. Allied Wireless Communications Corporation (“Allied Wireless” or “Company”) hereby notifies the Idaho Public Utilities Commission (“Commission”) of the relinquishment of its Eligible Telecommunications Carrier (“ETC”) designation (“ETC Designation”) in the state of Idaho, pursuant to 47 U.S.C. § 214(e)(4), 47 C.F.R. § 54.205 and Idaho Code §62-610D(4). This notice is submitted in lieu of Allied Wireless’ Annual Report and Certification (FCC Form 481).

2. On September 20, 2013, the Federal Communications Commission (“FCC”) approved the transfer of all of the Allied Wireless customers, spectrum licenses, network and substantially all other operational assets used by the Company to serve its customers in the

NOTICE OF RELINQUISHMENT

ETC designated areas to AT&T, Inc. ("Transaction").¹ The transferred assets did not include the ETC Designation. Allied Wireless has now consummated the Transaction.

3. The relinquishment of Allied Wireless' ETC Designation should occur under these circumstances by operation of law. Because Allied Wireless has sold its business, it is no longer able to provide retail wireless communications services to customers in Idaho. Any ETC benefits and obligations therefore have become irrelevant.

4. Even if consent were required, the requirements to relinquish the ETC Designation are met here. 47 U.S.C. § 214(e)(4) states, in pertinent part:

A State commission [...] shall permit an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier. . . . Prior to permitting a telecommunications carrier designated as an eligible telecommunications carrier to cease providing universal service in an area served by more than one eligible telecommunications carrier, the State commission [...] shall require the remaining eligible telecommunications carrier or carriers to ensure that all customers served by the relinquishing carrier will continue to be served, and shall require sufficient notice to permit the purchase or construction of adequate facilities by any remaining eligible telecommunication carrier.

5. Following the relinquishment of Allied Wireless' ETC Designation, each of the ILEC wire centers identified in **Exhibit A** will continue to be served by at least one ETC. To the best of Allied Wireless' knowledge, each of the wire centers will continue to be served by the incumbent LEC ETC. In addition, the Commission has designated other competitive ETCs to provide service within specific portions of the designated areas. All other competitive ETCs receiving universal service support in the state of Idaho that serve parts of Allied Wireless' ETC designated area are identified in **Exhibit B**.

¹ *In the Matter of AT&T Inc. and Atlantic Tele-Network, Inc. for Consent to Transfer Control of and Assign Licenses and Authorizations, Memorandum Opinion and Order, WT Docket. 13-54, Released September 20, 2013.*

6. Moreover, to the best of Allied Wireless' knowledge, all customers that were previously served by Allied Wireless will continue to be served by AT&T and none of the remaining ETCs will be required to purchase or construct additional facilities to continue providing service within the wire centers and/or study areas comprising the designated area.

For the foregoing reasons, Allied Wireless respectfully notifies the Commission of the relinquishment of its ETC Designation.

RESPECTFULLY SUBMITTED, this 16th day of October, 2013.
