1.0 DEFINITIONS

The following words and terms when used in this price list shall have the meaning set out by this section.

Access Lines: Telephone facilities which permits access to and from the Customer's premises and the telephone exchange or serving central office.

Advance Payment: A payment required before the start of service. Advanced payment may consist of any required construction cost, all appropriate non-recurring charges, and an estimate of the first month's recurring charges. Advance Payments will be applied to the first bill rendered by Company following implementation of services.

Agent: A business representative authorized by the Company to bring about, modify, affect, accept performance of, or terminate contractual obligations between the Company and its applicants or Customers.

Applicant: A person who applies for telecommunications service. Includes persons seeking reconnection of service after Company-initiated termination.

Application: A request made in writing for telephone service.

Authorized User: A person, firm or corporation that is authorized by the Company to be connected to the service of the Customer or joint user.

Automatic Number Identification (ANI): The automatic transmission of a calling party's billing account telephone number to a local exchange Company, interexchange carrier or a third party subscriber. The primary purpose of ANI is for billing of toll calls.

Basic Rate Area: A specific geographic area, within which the schedule rates for local exchange service apply without exchange line mileage and without special rates in lieu of mileage.

Central Office: Company facilities where subscriber lines are connected to each other through switching equipment for placing local and long distance telephone calls.

Commission – Idaho Public Utilities Commission.

Company or Name of Company: Broadview Networks, Inc.

Issued Date:

Effective Date:

Issued by: Charles C. Hunter, Executive Vice President & General Counsel
800 Westchester Avenue, Suite N-501
Rye Brook, NY 10573

1.0 DEFINITIONS (Cont'd)

Customer or Subscriber: The person, firm or corporation that orders service and is responsible for the payment of charges for that service and for compliance with the Company's regulations related to that service.

Nonlisted Service: A directory listing service wherein a Customer is not listed in the published directory, but is listed in the directory assistance database.

Nonpublished Service: A directory listing service wherein a Customer is not listed in the published directory or in the directory assistance database.

Recurring Charges: The charges to a Customer for services, facilities and equipment, which recur monthly for the agreed upon duration of the service.

Residential Service: Telephone Service provided to customers when the actual or obvious use is for domestic purposes.

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless the Customer refuses to accept service because it does not conform to the standards set forth in the Service Order or in this price list, in which case the Service Commencement Date is the date on which the Customer accepts service. The Company and the Customer may agree on a substitute Service Commencement Date.

Service Order: The written order for Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the obligations of the respective parties as set forth therein and pursuant to this price list; except that the duration of the service is calculated from the Service Commencement Date.

Shared: A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Small Business Service: Telephone service provided to businesses with five (5) or fewer lines.

2.0 REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

2.1.1.2 The Company undertakes to furnish local exchange communications service pursuant to the terms of this price list.

2.1.1.2 The services offered herein may be used for any lawful purpose. There are no restrictions on sharing or resale of the Company's services. However, the Customer remains liable for all obligations under this price list even if such sharing or resale arrangements exist regardless of the Company's knowledge of these arrangements. If service is jointly ordered by more than one Customer, each is jointly and severally liable for all obligations.

2.1.1.3 The services the Company offers shall not be used for any unlawful purposes or for any use for which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.

2.1.1.4 Company services may be connected to the services or facilities of other communications carriers only when authorized by and in accordance with the terms and conditions of any price lists of such other communications carriers.

2.1.1.5 The services of the Company are furnished for the transmission of voice communications but may also be used for data, facsimile, signaling, metering, or other similar communications, subject to the transmission capabilities of the technologies or combination of technologies available. Service is available twenty-four hours a day, seven days a week.

2.0 REGULATIONS (Cont'd)

2.2 Shortage of Equipment or Facilities

The furnishing of service under this price list is subject to the availability on a continuing basis of all facilities necessary to provide the service. Services will be provided using a combination of the Company's facilities and/or the resale of other carrier facilities.

2.3 Selection of Transmission

The Company selects and/or arranges for the channels and/or service components and underlying network facilities used to provide service. The Company may modify or change the channels, service components and underlying Company facilities or the underlying carrier at any time subject to Part 68 of the FCC's Rules and Regulations and this price list.

2.4 Notification of Service-Affecting Activities

The Company will provide the Customer with reasonable notification of service-affecting activities that may occur during the normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventive maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service-affecting activities. The Company will work cooperatively with the Customer to determine reasonable notification requirements. Notification to the Customer may not be possible with some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage.

2.5 Provision of Equipment and Facilities

2.5.1 The Company shall make a reasonable effort to provide service to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with the regulations contained in this price list.

2.5.2 The Company shall make a reasonable effort to maintain facilities that it furnishes to the Customer. The Customer shall not, and the Customer shall not permit others to, rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the facilities installed by the Company, except upon the written consent of the Company.

Issued Date:

Effective Date:

Issued by: Charles C. Hunter, Executive Vice President & General Counsel
800 Westchester Avenue, Suite N-501
Rye Brook, NY 10573

2.0 REGULATIONS (Cont'd)

2.6 Terms and Conditions

2.6.1 Service is provided on a minimum term basis of at least one month, using 24-hours per day for each day of the month. For purposes of this price list, a month is considered to have thirty days. All calculations of dates set forth in this price list shall be based on calendar days, unless otherwise specified herein.

2.6.2 This price list shall be interpreted and governed by the laws of the State of Idaho and the Rules issued by the Idaho Public Utilities Commission.

2.7 Non-routine Installation and Special Construction

2.7.1 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply.

2.7.2 Special Construction

Subject to the agreement of the Company, special construction of facilities may be undertaken on a reasonable effort basis at the request of the Customer. Special construction may include that construction undertaken:

- (a) where facilities are not presently available;
- (b) of a type other than that which the Company would normally utilize in the furnishing of its service;
- (c) over a route other than that which the Company would normally utilize in the furnishing of its services;
- (d) in a quantity greater than that which the Company would normally utilize in the furnishing of its services;
- (e) on an expedited basis;
- (f) on a temporary basis until permanent facilities are available;
- (g) involving abnormal costs; or
- (h) in advance of normal construction.

Issued Date:

Effective Date:

Issued by: Charles C. Hunter, Executive Vice President & General Counsel
800 Westchester Avenue, Suite N-501

2.0 REGULATIONS (Cont'd)

2.7 Non-routine Installation and Special Construction (Cont'd)

Special construction will be undertaken at the discretion of the Company consistent with budgetary responsibilities and consideration for the effect on Company's other Customers and contractual responsibilities.

2.7.3 If required by the Company, the Customer shall make an advance payment before services are furnished and such advance payment will be credited to the Customer's initial bill. The Company may require such an advance payment, in addition to a deposit, when additional costs are incurred to perform special or extraordinary construction to provide services required by the customer.

2.8 Ownership of Facilities

Title to all facilities and equipment, and related plans and proposals, provided by the Company in furnishing service remains with the Company, its agents or contractors. Such facilities and equipment, plans and proposals shall be returned to the Company by the Customer whenever requested, within a reasonable period following the request and in as good condition as reasonable wear will permit.

2.9 Rights-of-Way

Provisioning of the Company's services is subject to and contingent upon the Company's ability to obtain and maintain rights-of-way and access to public and private property necessary for installation of the facilities used to provide the Company's services to the Customer's service point as agreed to by the Company.

2.0 REGULATIONS (Cont'd)

- D.** The Company does not guarantee nor make any warranty with respect to installations provided by it for use in an explosive atmosphere.
- E.** The Company makes no warranties or representations, EXPRESS OR IMPLIED, either in fact or by operation of law, statutory or otherwise, including warranties of merchantability or fitness for a particular use, except those expressly set forth herein.
- F.** failure by the company to assert its rights pursuant to one provision of this rate sheet does not preclude the Company from asserting its rights under other provisions.
- G. Directory Errors** - In the absence of gross negligence or willful misconduct, no liability for damages arising from errors or mistakes in or omissions of directory listings, or errors or mistakes in or omissions of listing obtainable from the directory assistance operator, including errors in the reporting thereof, shall attach to the Company. An allowance for errors or mistakes in or omissions of published directory listings or for errors or mistakes in or omissions of listing obtainable from the directory assistance operator shall be at the monthly tariff rate for each listing, or in the case of a free or no-charge directory listing, credit shall equal two times the monthly tariff rate for an additional listing, for the life of the directory or the charge period during which the error, mistake or omission occurs.

2.0 REGULATIONS (Cont'd)

H. With respect to Emergency Number 911 Service:

1. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies. The Company is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made instituted or asserted by the Customer or by any other party or person for any personal injury or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by: (1) mistakes, omissions, interruptions, delays, errors or other defects in the provision of service, of (2) installation, operation, failure to operate, maintenance, removal, presence, conditions, local or use of any equipment and facilities furnishing this service.
2. Neither is the Company responsible for any infringement, nor invasion of the right of privacy or any person or persons, caused or claimed to have been caused directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, conditions, occasion or use of emergency 911 service features and the equipment associated therewith, or by any services furnished by the Company, including, but not limited to the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing emergency 911 service, and which arise out of the negligence or other wrongful act of the Company, the Customer, its users, agencies or municipalities, or the employees or agents of any one of them.
3. When a Customer with a nonpublished telephone number, as defined herein, places a call to emergency 911 service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority. By subscribing to service under this rate sheet, the Customer acknowledges and agrees with the release of information as described above.

2.0 REGULATIONS (Cont'd)

2.10 Liability (Cont'd)

2.10.1 Exculpatory Clause

THE INCLUDED EXCULPATORY LANGUAGE DOES NOT CONSTITUTE A DETERMINATION BY THE COMMISSION THAT A LIMITATION OF LIABILITY IMPOSED BY THE COMPANY SHOULD BE UPHeld IN A COURT OF LAW. ACCEPTANCE FOR FILING BY THE COMMISSION RECOGNIZES THAT IT IS A COURT'S RESPONSIBILITY TO ADJUDICATE NEGLIGENCE AND CONSEQUENTIAL DAMAGE CLAIMS. IT IS ALSO THE COURT'S RESPONSIBILITY TO DETERMINE THE VALIDITY OF THE EXCULPATORY CLAUSE.

2.0 REGULATIONS (Cont'd)

2.11 Indemnification

The Company shall be indemnified and saved harmless by the Customer from and against all loss, liability, damage and expense, including reasonable counsel fees, due to:

Any act or omission of: (a) the Customer, (b) any other entity furnishing service, equipment or facilities for use in conjunction with services or facilities provided by the Company; or (c) common carriers or warehousemen, except as contracted by the Company.

Any delay or failure of performance or equipment due to causes beyond the Company's control, including but not limited to, acts of God, fires, floods, earthquakes, hurricanes, or other catastrophes; national emergencies, insurrections, riots, wars or other civil commotions; strikes, lockouts, work stoppages or other labor difficulties; criminal actions taken against the Company; unavailability, failure or malfunction of equipment or facilities provided by the Customer or third parties; and any law, order, regulation or other action of any governing authority or agency thereof;

Any unlawful or unauthorized use of the Company's facilities and services;

Libel, slander, invasion of privacy or infringement of patents, trade secrets, or copyrights arising from or in connection with the material transmitted by means of Company-provided facilities or services; or by means of the combination of Company-provided facilities or services;

Breach in the privacy or security of communications transmitted over the Company's facilities.

Changes in any of the facilities, operations or procedures of the Company that render any equipment, facilities or services provided by the Customer obsolete, or require modification or alteration of such equipment, facilities or services, or otherwise affect their use or performance, except where reasonable notice is required by the company and is not provided to the Customer, in which event the Company's liability is limited as set forth in paragraph A. of Subsection 2.1.10.

Defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof;

2.0 REGULATIONS (Cont'd)

Injury to property or injury or death to persons, including claims for payments made under Worker's Compensation law or under any plan for employee disability or death benefits, arising out of, or caused by, any act or omission of the Customer, or the construction, installation, maintenance, presence, use or removal of the Customer's facilities or equipment connected, or to be connected to the Company's facilities;

Any noncompletion of calls due to network busy conditions;

Any calls not actually attempted to be completed during any period that service is unavailable;

And any other claim resulting from any act or omission of the Customer or patron(s) of the Customer relating to the use of the Company's services or facilities.

2.12 Conflicts Between Price List and Commission Rules

If this Price List contains provisions that deny or restrict a Customer's rights otherwise protected by Commission rules, Commission rules supersede any conflicting tariff or price list provisions that deny or restrict any of those rights, unless otherwise ordered by the Commission, court order, or statute.

2.13 Allowances for Interruptions in Service

A credit allowance will be given for interruptions of service, subject to the provisions of this section.

2.13.1 Credit for Service Interruptions

A credit allowance will be made when an interruption in service occurs. An interruption in service is considered to exist when the local service quality deteriorates to such an extent that the customer cannot make local calls or

cannot receive local calls or cannot use the service for voice grade communications because of cross talk, static or other transmission problem.

An interruption period begins when the Customer reports a circuit, service or facility to be interrupted and releases it for testing.

2.13.1.1 The Company must restore service: within sixteen (16) hours after the report of the outage if the customer notifies the telephone company that the service outage creates an emergency; or

2.13.1.2 within 24 hours after the report of the outage if no emergency exists.

2.13.1.3 Outages reported between noon on Saturday and 6:00 p.m. on the following Sunday must be restored within forty-eight (48) hours or by 6:00 p.m. on the following Monday, whichever is sooner.

2.13.1.4 If the Company does not restore service within the times required by this paragraph, the Company will credit the customer's account for an amount equal to the monthly rate for one (1) month of basic local exchange service.

2.13.2 Limitations on Allowances

No credit allowance will be made for:

2.13.2.1 interruptions due to the negligence of the Customer, or noncompliance with, or acts of omission regarding the provisions of this price list by the Customer, authorized user or joint user;

2.13.2 Limitations on Allowances (Cont'd)

2.13.2.2 interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;

2.13.2.3 interruptions of service during a period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements; or

2.13.2.4 interruption of service due to circumstances or causes beyond the control of the Company and affecting large groups of customers.

2.14 Obligations of the Customer

2.14.1 The Customer shall provide at no charge, as specified by the Company, any personnel, equipment, space, power, heating and air conditioning needed to operate, and maintain a proper operating environment for the Company's facilities and equipment installed on the Customer's premises.

2.14.2 Upon suitable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth herein for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.

2.14.3 If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.

2.15 Prohibited Uses

The Customer shall not use or allow the use of the Company's facilities or equipment installed at the Customer's premises for any purpose other than that for which the Company provides it, without the prior written consent of the Company.

2.15.1 Abuse

The abuse of Company Services is prohibited. Abuse includes, but is not limited to, the following activities:

(a) Using service to make calls that might reasonably be expected to frighten, torment, or harass another.

(b) Using service in such a way that it interferes unreasonably with the use of Company services by others.

2.15.2 Fraudulent Use

The fraudulent use or the intended or attempted fraudulent use of service is prohibited and can result in the discontinuance of services as set out by this price list. Fraudulent use consists of using or attempting to use service with the intent to avoid the payment, either in whole or in part, of the price listed charges for the service including but not limited to:

(a) rearranging, tampering with, or making connections not authorized by this price list to any network components used to furnish service; or

(b) using fraudulent means or devices, tricks, schemes, false or invalid numbers, false credit devices, or electronic devices.

2.16 Payments

2.16.1 Customer Obligations

2.16.1.1 The Customer shall pay outstanding charges in full within thirty (30) days of the invoice date. Charges normally will be invoiced in arrears, with monthly recurring charges invoiced on or about the first of the month for which the charges apply. Amounts not paid within thirty (30) days after the date of the invoice are considered delinquent.

2.16.1.2 The Customer shall pay all charges for use of the service by any persons whether or not authorized by the Customer, except in those instances where it has been determined that the Customer's present and former employees, agents and authorized users were not responsible for calls billed to the Customer via third party billing and the Company did not verify that the charges for the call would be accepted. The Customer is not responsible for unauthorized use of service to the extent such use is proximately caused by the Company's willful or negligent act.

2.16.2 Disputed Bills

2.16.2.1 Any Customer who disputes a portion of a bill rendered for Company services shall pay the undisputed portion of the bill and notify the Company that such unpaid amount is in dispute within thirty (30) days of receipt of the bill. If such notice is not received by the Company within thirty (30) days as indicated above, the Company shall consider the bill statement to be due and payable in full by the Customer. Payment of the amount due by the Customer does not constitute a waiver of the Customer's rights under the provisions of IDAPA 31.41.01.204 to challenge any billing amount due or paid to the Company.

2.16.2.2 In the event a Customer and the Company cannot resolve a billing dispute to their mutual satisfaction, the Customer may contact the Idaho PUC and proceed in accordance with the Idaho PUC's Rules. The address and telephone numbers for the Idaho PUC are:

Idaho Public Utilities Commission
P.O. Box 83720

2.16.3 Payment Arrangements

2.16.3.1 When a Customer cannot pay a bill in full, the Company may continue to serve the Customer if the Customer and the Company agree on a reasonable portion of the outstanding bill to be paid immediately, and the manner in which the balance of the outstanding bill will be paid.

2.16.3.2 In deciding on the reasonableness of a particular agreement, the Company will take into account the Customer's ability to pay, the size of the unpaid balance, the Customer's payment history and length of service, and the amount of time and reasons why the debt is outstanding.

2.16.3.3 Payments are to be applied to the undisputed balance owed by the Customer. A Customer may designate how a payment insufficient to pay the total balance due shall be applied. If applicable, and in the absence of instructions from the Customer, a partial payment shall be allocated first to local exchange services. Such payments shall be applied first to the oldest undisputed balances.

2.16.3.5 If a Customer fails to make the payment agreed upon by the date that it is due, the Company may, but is not obligated to, enter into a second payment arrangement.

2.16.3.7 A Customer's failure to pay for undisputed MTS charges billed by the Company may result in loss of 0+, 0- and 1+ dialing access to MTS services until such time as the customer pays the undisputed charges and applicable reconnection charges, if any.

2.16.3.8 Customer failure to pay undisputed charges for other services may result in discontinuance of those services.

2.20 Restoration of Service

2.20.1 A reconnection charge shall be imposed on any Customer whose service has been discontinued pursuant to the provisions of Section 2.19 of this price list. The Company reserves the right to refuse to restore service until all amounts due have been paid.

2.20.2 Should the Customer request that service be restored during a period other than regular working hours, such as evenings or weekends, the Customer may be required to pay an after-hour charge for service reconnection.

2.21 Assignment

The Company may, without obtaining any further consent from the Customer, assign any of its rights, privileges or obligations under this price list to any subsidiary, parent, or affiliate of the Company; pursuant to any sale or transfer of substantially all the business of the Company; or pursuant to any financing, merger or reorganization of the Company. The Customer may, upon prior written consent of the Company, which consent shall not be unreasonably withheld, assign its rights, privileges or obligations under this price list to any subsidiary, parent, or affiliate of the Customer; pursuant to any sale or transfer of substantially all the business of the Customer; or pursuant to any financing, merger or reorganization of the Customer.

2.22 Promotions

The Company may provide promotional offerings from time to time. The Company will notify the Idaho PUC ten (10) days in advance of the rates, terms & conditions of any such promotions.

2.23 E911

The Company will provide necessary Customer information to the incumbent local exchange carrier for appropriate routing of E911 calls. The Company's switches will be equipped with E911 trunks and all E911 traffic will be switched by the Company to the incumbent local exchange carrier for routing.

3.0 LOCAL EXCHANGE SERVICES

3.1 General

The following Company Services in this section are for business and residential Customers and for carriers certificated by the Commission.

All services offered in this tariff are subject to service order and service change charges where the Customer requests new services or changes in existing services, as well as indicated Non-Recurring and Monthly Recurring Charges. Charges for local calling services and Measured Telecommunications Service are assessed on either a flat rate or a measured rate basis and are additional to the charges shown for Standard Residence or Business Line as are other service charges.

3.1.1 Local Exchange Service Areas

Local exchange services are provided, subject to availability of facilities and equipment, in the exchanges and local calling areas currently served by the Incumbent LEC. NXX's associated with each particular exchange or zone may be found in the telephone directory published by the incumbent local exchange provider in the Customer's exchange.

3.2 Standard Access Line

The Standard Residential or Business Access Line provides a Customer with a single, analog, voice-grade telephonic communications channel that can be used to place or receive one call at a time. Standard Access Lines are provided for the connection of Customer-provided wiring and single station sets or facsimile machines. A multi-line subscriber is a Business customer with more than one line provided by Broadview Networks. Standard Access Lines enable the customer to:

- (a) place or receive calls to any station in the local calling area, as defined herein;
- (b) access enhanced 911 Emergency Service where available;
- (c) access the interexchange carrier selected by the Customer for interLATA, intraLATA, interstate or international calling;
- (d) access Operator Services;
- (e) access Directory Assistance;
- (f) place or receive calls to 800 numbers;
- (g) access Telecommunications Relay Service.

Touch Tone signaling, consisting of a push button or touchtone dial that sends out a sound which consists of two discrete tones (one low frequency and one high frequency), picked up and interpreted by telephone switches, is provided as part of the Standard Access Line.

The Company's service will automatically block originating calls to other telephone companies' caller-paid information services (e.g., 900, 976) at no charge. Calls to those numbers and other numbers used for caller-paid information services will be unblocked on a per directory number basis only. Subsequent blocking of 900-type numbers will incur a charge listed in section 4.

3.2 Service Descriptions

3.2.1 Business Service

Call Timing for Usage Sensitive Services

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

Calls are measured in durational increments identified for each service. All calls which are fractions of a measurement increment are rounded up to the next whole unit.

Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s).

Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.

3.3 Local Exchange Service

Local Exchange Service provides the customer the ability to complete local and long distance calls. The Company concurs in the local calling areas defined in the local exchange tariff of the incumbent local exchange company for the geographic area being served. This service provides the customer with unlimited local calling.

3.3.1 Optional Features

Anonymous Call Rejection – An arrangement that allows a called party to block calls from parties that have marked their calls “private.” Customers may activate or deactivate this arrangement by dialing a preassigned activation code. There is no charge for this feature.

Call Forwarding – Permits a Customer to transfer all incoming calls to another telephone number. The Customer pre-selects a second telephone number to which all incoming calls are to be transferred automatically. Call Forwarding shall not be used to extend calls on a planned or continuing basis to intentionally avoid the payment in whole or in part, of message toll charges that would regularly be applicable between the access line originating the call and the access line to which the call is transferred. Customers utilizing Call Forwarding service are responsible for the payment of charges for each toll call between his access line and the distant access line to which the call was transferred.

Call Return – Enables a Customer to automatically return the last incoming call. To return the call, the Customer dials a specified code and the number is dialed automatically. If the called line is busy, a 30-minute queuing process begins. The Customer is then given an indication that the network will attempt to set up the call when the called line is idle.

Call Waiting – By means of a tone signal, a Customer who is using his telephone is alerted when another call is trying to reach that telephone number. This service permits putting the first call on hold so that a second call can be answered.

3.3.1 Optional Features (Cont'd)

Caller ID – This feature delivers calling party information to parties being called. Caller ID will indicate the name and directory number of the calling party or may indicate that the number of the calling party is private or unavailable. Customer provided equipment is required to utilize this feature.

Calling Number Delivery Block – Allows a Customer to make all calls with the delivery of the calling number identification marked as “private” to all outgoing calls placed over the specified line. This feature will be offered at no charge.

Repeat Dialing – An arrangement, which permits the Customer to redial automatically the last number dialed. If the called line is busy, a 30-minute queuing process begins. The Customer is then given an indication that the network will attempt to set up the call when the called line is idle.

Speed Calling – Enables a Customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. A Customer may subscribe to either the 8-code capacity or 30-code capacity on their line.

Three Way Calling – Enables a Customer to add a third party on an existing call without operator assistance, thereby establishing a three-way conversation. The transmission quality may vary depending on the distance and routing necessary and may not necessarily meet normal standards.

Toll Restriction – Restricts associated line from reaching dialing codes required to access long distance carrier networks to place long distance calls.

3.3.2 Directory Listings

The Company will arrange for the listing of the customer's main billing number in a directory of general circulation at no additional charge. At the customer's option the Company will arrange for additional listings in such directory for an additional charge. The rates for directory listings apply only to the alphabetical section of the directory. Listings are intended solely for the purpose of identifying the customer's telephone number as an aid to the use of telephone service.

3.3.3 Directory Assistance Service

Directory Assistance Service is furnished upon customer request for assistance in determining telephone numbers. The customer may request a maximum of two listings per call. A charge applies to each call to Directory Assistance, except that calls made to Directory Assistance by customers who have received Company certification as being unable to use a telephone directory will be exempt from the Directory Assistance charge. The customer has the option of having the call automatically completed to the requested number.

3.3.4 Operator Assisted Services

Operator Assisted Service is provided to customers on a presubscribed basis. Operator Assisted Service is also provided to customers and users of exchange access lines that are presubscribed to the Company's interexchange outbound calling services. Various billing arrangements are available with the Company's Operator Assisted Service including Operator Station, Collect, Billed to Third Party, other Operator Assisted and Person-to-Person. Collect calls to coin telephones and transfers of charges to third telephones which are coin telephones will not be accepted.

3.3.5 Busy Line Verification and Interrupt Service

Upon request of a calling party, the Company will attempt to verify a busy condition on a called line using Local Exchange Service by Company. The Operator will determine whether the line is clear or in use and report its status to the calling party. The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption. Busy Line Verification and Interrupt Service is furnished where and to the extent that facilities permit. The customer shall indemnify and hold the Company harmless against all claims that may arise from either party to the interrupted call or any person. A charge will apply when the operator verifies that the line is busy with a call in progress, the operator verifies that the line is available for incoming calls; or the operator verifies that the called number is busy with a call in progress and the customer requests interruption. The operator will then interrupt the call, advising the called party of the name of the calling party. No charge will apply when the calling party advises that the call is to or from an official public emergency agency.

3.3.7 Blocking Features

A calling party may block their telephone number, associated main listed name and voiceback of calling identification information to users or subscribers to customer calling features utilizing SS7 technology. Blocking will also prevent call completion through the use of Return Call service.

Customers have two blocking options:

Per-Call Blocking: By activating a special code, the caller may block the transfer of the telephone number for that call only. There is no charge for using per-call blocking and it is provided on an unlimited basis.

Line Blocking: This service must be added to a customer's line by contacting the Company's business office and having a service order issued. All calls are automatically blocked when a customer subscribes to line blocking unless the blocking feature is deactivated.

If a customer subscribes to line blocking, he/she can deactivate blocking by dialing a special code prior to placing a call. Blocking will be deactivated for that outgoing call only.

As facilities permit, a line blocking customer will be provided with a separate code to deactivate blocking, which is different from the per-call blocking code. Where this separate code is not available, the code for per-call blocking and the code to deactivate line blocking will be the same.

Line blocking is available to all customers in Broadview Networks, Inc.'s serving territory. Line blocking is provided without charge, except as discussed in the rate section of this tariff.

3.4 Broadspeed Voice T1

a. Description

Broadspeed Voice T1 service provides digital trunk connections from an end user's Private Branch Exchange (PBX) or other DS1-capable equipment to a Company switching center. Broadspeed Voice T1 is a DS1 (1.544 Mbps) transmission link providing 24 voice-grade DS0 communications channels per facility.

Broadspeed Voice T1 offers customers the capabilities for outgoing calls only (DOD), incoming calls only (DID), or a combination of both inbound and outbound calls. Direct Outward Dialing permits end users behind a PBX, or DS1-capable system, to dial out directly without the aid of an attendant. Direct Inward Dialing permits calls to terminate directly to a number behind a PBX or DS1-capable system, without the aid of an attendant. DID/DOD permits two-way trunking.

Customers are given the opportunity to subscribe to the Company's services for 1 year, 2 year or 3 year terms. If the Customer discontinues its term commitment prior to the expiration of the agreed upon contract, the termination liability will be equal to the monthly charge multiplied by the number of months remaining on the contract. All Customers agree to meet and will be billed a minimum of \$150.00 in monthly calling volumes, including local service, intraLATA toll, interstate and international long distance calling for each Broadspeed Voice T1 service.

b. Non-Recurring Charges

Installation: A non-recurring Installation charge is applicable for each Broadspeed Voice T1 facility. Billing will commence at the earlier of: 1) the date on which installation is complete and services are turned up; or 2) fifteen days after written notification to Customer of the Company's readiness to schedule service turn up.

Service Order: A non-recurring Service Order charge is applicable for each Broadspeed Voice T1 facility.

Change Order: A non-recurring Change Order charge is applicable for each Broadspeed Voice T1 facility where after initial installation, the Customer requests changing telecommunications services associated with Broadspeed Voice T1.

Inside Wire: A non-recurring Inside Wire charge is applicable for Broadspeed Voice T1 service. The charge is billed on an hourly basis, with a minimum charge of one hour. Additional Inside Wire charges are billed in hourly increments.

c. Monthly Recurring Charges

Broadspeed Voice T1 service is subject to monthly recurring charges on a per facility basis. All DS1 facilities are subject to a fixed monthly recurring charge. DS1 facilities that are greater than 0.1 miles and less than fifteen miles are subject to a monthly recurring mileage charge in addition to the fixed monthly recurring charge. No services are provisioned beyond fifteen miles from a Company T1 collocation. Subscribers will be subject to a fixed monthly recurring mileage component and a per mile component. DS1 facility mileage calculated at .5 or less will be rounded down. DS1 facility mileage calculated at .6 or higher will be rounded up (Example - If DS1 facility mileage equals 1.5 miles, the per mile component of the monthly recurring mileage would equal 1 mile. If DS1 facility mileage equals 1.6 miles, the per mile component of the monthly recurring mileage would equal 2 miles).

d. Local Calls

Broadspeed Voice T1 provides local calling service. Local usage is non-time-of-day sensitive and is billed on per minute basis.

The Company concurs with the local exchange and service areas defined by the incumbent local exchange areas.

The Flat Rate Local Plan is limited to 100,000 minutes per month of outbound local usage allowance per Voice T1. Local Usage exceeding the monthly allowance will be billed at standard Measured Plan per minute rates.

For customers with the Flat Rate Local Plan, the local usage allowance applies only to outbound direct dialed calls. The service cannot be used with autodialers which are devices that allow users to dial pre-programmed telephone numbers, or used for outbound call center applications such as telemarketing or market research. This service is available only to business customers and is only for voice use. The Company reserves the right to change the calling plan of customers with inappropriate usage or who are not in compliance with the restrictions set forth in this tariff. Customers who exceed the Flat Rate Local Plan allowance for three (3) consecutive months may have their rates adjusted to the standard Measured Plan.

e. IntraLaTA Toll Calls

Broadspeed Voice T1 provides IntraLATA Toll Calling Service which is furnished for communications between different local calling areas within a LATA. A LATA is an area defined in the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0191. A call that terminates within the same LATA but outside the local calling area is considered an IntraLATA Toll Service call. IntraLATA Toll usage is non-time-of-day sensitive and is billed on a per minute basis.

3.5 Broadspeed PRI

a. Description

Broadspeed PRI is a local exchange access service that provides direct digital connections via 1.544 facility between customers with ISDN-PRI compatible Customer Premises Equipment (CPE) and ISDN-PRI equipped switches.

Broadspeed Primary Rate Interface (PRI) provides local exchange access loop services such as Direct Inward Dialing (DID), Direct Outward Dialing (DOD), and business dial tone lines. It can also be used as loop transport for circuit data applications. Broadspeed PRI is provisioned on the 1.544 megabits per second (Mbps) bandwidth and uses ISDN architecture of 23 B or bearer channels and 1 D or data channel, or 24 B channels to provide the customer with the capabilities of a simultaneous access, transmission, and switching of voice, data and video applications via channelized transport.

Customers are given the opportunity to subscribe to the Company's services for 1 year, 2 year or 3 year terms. If the Customer discontinues its term commitment prior to the expiration of the agreed upon contract, the termination liability will be equal to the monthly charge multiplied by the number of months remaining on the contract. All Customers agree to meet and will be billed a minimum of \$150.00 in monthly calling volumes, including local service, intraLATA toll, interstate and international long distance calling for each Broadspeed PRI service.

b. Features

Broadspeed PRI offers the following feature functionalities:

- Calling Party Number (CPN) – CPN allows the user to have access to the directory number of the calling party.
- Call-by-Call (CBC) – CBC allows B channels to be configured to access multiple services such as data, voice and video applications on a per call basis and eliminates the need for separate facilities for individual services.
- Multiple Facility Signaling Control – MFSC allows the D channel of one PRI arrangement to provide signaling for up to 20 (T) PRIs. A back up D channel is required for this arrangement.
- Calling Line Identification – Delivers the calling party's telephone number, if available, to the Broadspeed PRI subscriber. The number will be delivered if the call originates either in the same switch as the subscriber or is connected to the switch by SS7. This feature is available per port.
- Backup D Channel – provides a backup D channel as a standby spare in the event that the primary D channel fails. Multiple Facility Signaling Control is required for this feature. Backup D channel is available in the DMS switches; and must be NI-2 compatible.
- Caller ID With Name - This feature provides the originating telephone number and also the name associated with the line. The information is displayed on a Customer provided display device attached to the Customer's telephone line.

c. Non-Recurring Charges

Installation: A non-recurring Installation charge is applicable for each BROADSPEED PRI facility. Billing will commence at the earlier of: 1) the date on which installation is complete and services are turned up; or 2) fifteen days after written notification to Customer of the Company's readiness to schedule service turn up.

Service Order: A non-recurring Service Order charge is applicable for each BROADSPEED PRI facility.

Change Order: A non-recurring Change Order charge is applicable for each BROADSPEED PRI facility where after initial installation, the Customer requests changing telecommunications services associated with BROADSPEED PRI.

Inside Wire: A non-recurring Inside Wire charge is applicable for BROADSPEED PRI service. The charge is billed on an hourly basis with a minimum charge of one hour. Additional Inside Wire charges are billed in hourly increments.

d. Monthly Recurring Charges

BROADSPEED PRI service is subject to monthly recurring charges on a per facility basis. All PRI facilities are subject to a fixed monthly recurring charge. PRI facilities that are greater than 0.1 miles and less than fifteen miles are subject to a monthly recurring mileage charge in addition to the fixed monthly recurring charge. No services are provisioned beyond fifteen miles from a Company T1 collocation. Subscribers will be subject to a fixed monthly recurring mileage component and a per mile component. DS1 facility mileage calculated at .5 or less will be rounded down. DS1 facility mileage calculated at .6 or higher will be rounded up (Example - If DS1 facility mileage equals 1.5 miles, the per mile component of the monthly recurring mileage would equal 1 mile. 3.6 Broadspeed Integrated T1

a. Description

Broadspeed Integrated T1 service provides a high capacity DS1 (1.544 Mbps) transmission link from an end user's premises to the Company's switching center. Broadspeed Integrated T1 service allows customers to integrate voice and data on the same circuit or facility. The minimum configuration of an Integrated T1 is one of the three following configurations: 1) 10 lines of voice service and 256k Internet access port; 2) 8 lines of voice service and 384k Internet access port; or 3) 6 lines of voice service and 512k Internet access port. At no time is the configuration permitted to be below one of these minimum configurations.

Broadspeed Integrated T1 offers customers the capabilities for local, intraLATA toll, long distance, 411, 911, dial around and toll-free calls. Customers must select the Company as their carrier for local, intraLATA toll and long distance calling. Broadspeed Integrated T1 also offers customers the capabilities for incoming calls only (DID). Direct Inward Dialing permits calls to terminate directly to a number behind a PBX or DS1-capable system, without the aid of an attendant.

Customers are initially given the opportunity to subscribe to the Company's services for 2 year or 3 year term commitments, with a 2 year term being the minimum contractual obligation. At the expiration of the term contracts, Customers are given the opportunity to subscribe to the Company's services on a month-to-month basis. All measured-rate Customers agree to meet and will be billed a minimum of \$50.00 in monthly calling volumes, including local service, intraLATA toll, interstate and international long distance calling over the Company's T1 lines.

Customers are also given the opportunity to select from two mutually exclusive price plans. A measured-rate price plan has a monthly fee for each voice line and usage charges for local, intraLATA toll, and domestic and international Long Distance based on a cost per minute. Calls are metered and charges are determined by the duration of the call times the cost per minute. A flat-rate pricing plan gives the Customer the option to select unlimited local and intraLATA toll calls for one fixed price per line and metered domestic and international Long Distance based on a cost per minute. All voice lines provisioned on an Integrated T1 must be assigned identical calling plans. Mixing measured-rate and flat-rate calling plans on an Integrated T1 service is not permitted.

Voice Lines: Customers may opt for analog voice lines and/or digital or PRI trunks. Fees are per working voice channel. Customers may select all lines assigned to the measured rate calling plan or all lines assigned to the flat-rate calling plan. Calling plan assignments cannot be mixed on the same Integrated T1 service.

Customers that select the flat-rate calling plan with unlimited local and intraLATA calling are further subject to these conditions: Line rate includes all local and intraLATA outbound direct dialed calls. Unlimited usage applies to outbound direct dialed calls only. Service cannot be used with autodialer, call center or certain automated switching equipment. Available for voice use only. The Company reserves the right to change the calling plan of customers with inappropriate usage or who are not in compliance with the restrictions set forth in this tariff.

A PRI trunk type is also available for purchase. When a customer selects any number of lines as PRI trunk type, the following conditions apply:

- One DS0 channel on the DS1 facility is reserved as the data channel or "D-channel" of the PRI arrangement for purposes of providing signaling for up to 19 other DS0's provisioned as bearer channels or B-channels on that same facility.
- The Customer is not charged for the D-channel, nor does the D-channel count toward the minimum configuration requirements defined earlier in this section.
- Each B-channel is levied monthly recurring line charges described as "PRI Trunk" in this section.
- PRI Trunk types may not be provisioned with T1 Digital Trunk types (T1 Channel Assigned Signaling) on the same DS1 facility.
- Each PRI Trunk includes Call ID (Number Only) at no additional charge. Customer's PBX must support NI-1 protocol. The PRI Trunk type supports NI-1 or 5ESS simulation only. It will not support NI-2 protocol.

3.7 Broadspeed Dynamic IP

a. Description

Broadspeed Dynamic IP service is a dynamic integrated T1 service that provides a high capacity DS1 (1.544 Mbps) transmission link from an end user's premises to the Company's switching center and allows customers to integrate voice and data on the same DS1 facility. Broadspeed Dynamic IP is provisioned as a full 1.544 Mbps Internet Protocol (IP) port and Voice over IP (VoIP) technology is employed to derive analog voice line equivalents within that same IP bandwidth. Voice traffic is assigned the highest priority traffic type on the IP facility and will use whatever bandwidth is necessary to ensure high quality call transmission. IP bandwidth not being used for voice traffic at any given time is allocated to the customer's data services and this bandwidth fluctuates depending on the customer's voice traffic needs. Each Broadspeed Dynamic IP service comes with a minimum configuration of six (6) voice lines provisioned on a full 1.544 Mbps Internet access port. At no time is the configuration permitted to be below these minimum thresholds.

Broadspeed Dynamic IP offers customers the capabilities for local, intraLATA toll, long distance, 411, 911, dial around and toll-free calls. Customers must select the Company as their carrier for local, intraLATA toll and long distance calling. Broadspeed Dynamic IP also offers customers the capabilities for incoming calls only (DID). d. Local Calls

Broadspeed Dynamic IP service provides local calling service. Local usage is non-time-of-day sensitive and is billed on a per second basis. The Company concurs with the local exchange and local service areas defined by the incumbent local exchange company.

Local usage allowances apply only to outbound direct dialed calls. The service cannot be used with autodialers which are devices that allow users to dial pre-programmed telephone numbers, or used for outbound call center applications such as telemarketing or market research. This service is available only to business customers and is only for voice use. The Company reserves the right to change the calling plan of customers with inappropriate usage or who are not in compliance with the restrictions set forth in this tariff.

e. IntraLATA Toll/Long Distance Calls

Broadspeed Dynamic IP provides intraLATA toll calling service which is furnished for communications between different local calling areas within a LATA. A LATA is an area defined in the Modification of Final Judgment entered by the United States District Court for the Kentucky in Civil Action No. 82-0191. A call that terminates within the same LATA but outside the local calling area is considered an intraLATA toll service call. IntraLATA toll usage is non-time-of-day sensitive and is billed on a per minute basis. The Company concurs with the standard intraLATA boundaries defined by the incumbent local exchange company.

3. Public Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all intrastate calls that originate from any pay telephone used to access Company provided services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with service, applies for the use of the instrument used to access Company provided service and is unrelated to the service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any re-originated call (e.g., using the "#" symbol). The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

3.9 Idaho Telecommunications Service Assistance Program (ITSAP)

ITSAP consists of two programs, Lifeline and Linkup, that were developed to provide discounted rates for telephone service to low income customers, thus promoting universal service. The programs are jointly sponsored (federal and state) telephone assistance programs designed to maximize federal contributions to Idaho's low-income customers.

The programs provide reductions in monthly rates for single line telephone service and/or reductions in one-time costs for installation of telephone service for qualifying customers. The program is administered by the Department of Health and Welfare in accordance with *Idaho Code, § 56-901*.

3.9.1 Eligibility - To be eligible for ITSAP, the participant must:

- (a) Apply through the Department of Health and Welfare,
- (b) Be head of household,

3.0 LOCAL EXCHANGE SERVICES (Cont'd)

3.9 Idaho Telecommunications Service Assistance Program (ITSAP) (cont'd)

3.9.2.5 Rules

The eligible participant can receive assistance with telephone service installation costs only once at a residential address. However, if the participant moves to a new address, meets the eligibility criteria and is in good standing with the telephone service provider, there is no limit to the number of times the participant may receive assistance with telephone costs.

Nonrecurring charges to change to or from this program because of change in eligibility status will be waived.

Lifeline service is not available for foreign exchange service. Only one line per household will qualify for ITSAP discounts.

Customers participating in either of these assistance programs must notify the company of any changes that would affect qualification. Verification of eligibility will be established by the Department of Health and Welfare and will be reviewed annually.

When the customer is no longer eligible, the discount will be discontinued and regular tariff rates and charges will apply.

3.9.2.6 Recovery

The cost of providing assistance through ITSAP shall be recovered by imposing a monthly surcharge determined by the Public Utilities Commission and assessed on each line used for providing residential and business access. Participating ITSAP customers are exempted from this surcharge.

5.0 SPECIAL SERVICES

5.1 Lifeline Telephone Service

5.1.1 Basic Lifeline Service

The Company will offer this service at such time as it begins to offer local exchange voice services and has obtained Eligible Telecommunications Carrier (“ETC”) status from the Commission. This low price individual message rate service provides a full waiver of the federal subscriber line charge. There is no monthly allowance for local calls. Primary area and home region calls are untimed. Extended area calls (where available) are timed.

5.1.2 Eligibility

This service is restricted to low income residential customers. To qualify for Lifeline service a customer must be income eligible for benefits from any one of the following Entitlement Programs:

- Aid to Families with Dependent Children (AFDC)
- Food Stamps
- Home Energy Assistance Program (HEAP)
- Home Relief
- Medicaid
- Supplemental Security Income (SSI)

The applicant must provide proof to the Company that he or she is certified as income eligible to receive one or more of the above benefits. After initial contact the customer is sent an application form to be completed by the customer or authorized representative of the customer, as designated by the appropriate state agencies and identified as so authorized on the customer's card for any of the above benefits.

In addition, applicants are eligible for discounted Lifeline rates when approved to receive either a Veterans Disability Pension or a Veterans Surviving Spouse Pension. Applicants must provide proof to the Company that they are receiving one of these pensions.

5.1 Lifeline Telephone Service (Cont'd)

5.1.2 Eligibility (Cont'd)

Life Line services are effective upon receipt of a completed and signed form or an application form certified from an entity authorized by the Company. If the form is not returned, no further action is taken by the Company to establish eligibility. The Lifeline discount is credited as of the service connection date.

An individual's eligibility may be documented by information obtained by the Company as a result of enrollment programs, including but not limited to confidential computerized matching programs, conducted by the Company in conjunction with state agencies.

The Company, in coordination with appropriate agencies, will periodically verify each Lifeline customer's eligibility. If a customer is identified as being ineligible, the customer will be notified that unless the information is shown to be in error, the Lifeline discount will be discontinued. The customer will be billed for discounts received for any period in which he or she is proven to be ineligible for the service.

5.1.3 Charges

A qualified customer may choose one of the Lifeline services as described. For connection of new service, service connection charges apply unless the customer qualifies for connection assistance under the Link Up America plan as outlined in Section 6.2, following.

Service connection charges do not apply to change existing service from:

- a. Message Rate Service to Basic Lifeline service;
- b. Basic Lifeline service to Message Rate Service.

5.2 Link Up America

The Company will offer this service at such time as it begins to offer local exchange voice services. The Link Up America program is a connection assistance plan which provides for the reduction of one-half of the charges associated with connection of telephone service, up to \$30.00, subject to the following eligibility criteria:

- a. The applicant must meet the requirements for qualification for Lifeline Telephone Service stipulated in Section 6.1.2, above;
- b. The assistance can only apply for a single telephone line at the principal place of residence of the applicant;
- c. The applicant must not be a dependent for federal income tax purposes, unless he or she is more than 60 years old.

5.3 Special Equipment for the Hearing or Speech Impaired Customer

The Company will offer this service at such time as it begins to offer local exchange voice services.

- a. The Company will provide, upon request, specialized telecommunications equipment for a customer certified as hearing or speech impaired.
- b. A customer can be certified as hearing or speech impaired by a licensed physician, otolaryngologist, speech-language pathologist, audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairments in cooperation with an official agency of the Kentucky.
- c. The Company will make every reasonable effort to locate and obtain equipment for a certified customer.
- d. The customer may purchase equipment at a price not to exceed the actual purchase price (including any applicable shipping costs) the Company pays.
- e. The Company will also advise the customer who requests this equipment of the applicable terms for purchase.
