IDAHO PUBLIC
UTILITIES COMMISSION

Jean,

Can we please file this as a cancelation of a certificate?

Thank you

Carolee

Yes, Cactus International, Inc. wishes to terminate its status in Idaho as a CLEC and all certificates associated with that status. We have no telecommunication customers or telephone numbers in the State of Idaho.

Thank you,

Craig A. Ray

Good Morning Mr. Ray,

As discussed yesterday – the easiest way for Cactus to cancel its certificate is to formally ask in writing. This can be done by simply replying to this message. All I need to know is that you do not have any current telecommunication customer or telephone numbers. So if you would like for me to complete this, please let me know. I will be happy to assist you.

Thanks you

Carolee Hall
