EDGE-T-07-01

RECEIVED  
2007 APR 26 AM 8:24  
IDaho PUBLIC UTILITIES COMMISSION

We, at Jentsch-Kearl Farms, depend on Edge Wireless for our communication needs in our multi-unit farm operation. We need more coverage in places like Acequia where we do a majority of our business and where we are currently in the process of moving our main office to. At current the coverage in and around Acequia is very poor to none.

Edge Wireless has applied for federal USF funds; we encourage your support for this approval.

Thank you,
