GENERAL RULES AND REGULATIONS (Continued)**E. ESTABLISHMENT AND FURNISHING OF SERVICE****1. Application for Service**

Application for service must be made on the Company's standard form, which becomes a contract when accepted in writing by the Company or upon establishment of service. The person or entity submitting an application for service is hereafter referred to as "Applicant". The conditions of such contracts are subject to all provisions of this and other applicable Price Lists. Requests for additional service may be made orally, if provided in the original contract, and no advance payment will be required. A move within the exchange area is not considered to terminate the contract and orders for such may be made orally.

2. Telephone Numbers

The Company may change the telephone number or Central Office designation of a Subscriber whenever it is required WITH consent FROM THE SUBSCRIBER and 30 days advance written notice.

3. Alterations

The Subscriber agrees to notify the Company of any alterations that will necessitate changes in the Company's wiring; and the Subscriber agrees to pay the Company's current charges for such changes. The Subscriber can change the inside wiring up to the demarcation point.

4. Payment of Service

The Subscriber is required to pay all charges for services rendered by the Company, both exchange and toll, in accordance with provisions contained elsewhere in this Price List. The Subscriber is responsible for all charges for services rendered at his/her telephone, including collect charges.

GENERAL RULES AND REGULATIONS (Continued)

I. PAYMENT FOR SERVICE AND FACILITIES

The Subscriber shall pay for service and facilities monthly in advance, except all various units of government, and shall pay for Moves and Changes when billed. Failure to receive a bill does not relieve the Subscriber of the responsibility for payment in accordance with the provisions set forth herein.

All bills for service are due and payable at the office of the Company on or before the twentieth day following the post marked date of the statement of the month in which the bill is rendered.

J. SPECIAL SERVICES AND FACILITIES

Special services and facilities not ordinarily used in the furnishing of telephone service and not otherwise provided for by the Price List schedules of the Company may be furnished or leased pursuant to special contract for such special service or facility for such period as may be agreed upon, provided such special service or facility or the use made thereof is not unlawful and does not interfere with the telephone service furnished by the Company. Special services are provided for each individual application as a custom-engineered system to satisfy and provide for the needs of that Subscriber. Applicable charges will be determined by the Company for each individual system. In the event any such special service or facility or the use made thereof interferes with the furnishing of the telephone service by the Company, the Company may terminate such contract and cease to furnish such special service or facility after thirty (30) days written notice to the Subscriber.

K. SUBSCRIBER NOTICE

The Company will give at least ten (10) days notice to Subscribers and the Idaho PUC before increasing rates or making other changes to its Price List.

CUSTOM CALLING FEATURES (CCF) (Continued)

CONDITIONS

1. When a service is programmed for both Three-way Calling and Call Waiting, only one of the two may be activated at any one time.
2. When a service is programmed for both Call Waiting and Call Forwarding only one of the two may be activated at any one time.
3. A service may be programmed with any other combination of four Custom Calling Features.
4. Caller ID Features (Calling Name and Number Deliver, Call Blocking and Anonymous Caller Rejection) require an additional piece of Customer Provided Equipment (CPE) to fully activate features.
5. Selective Call Forwarding, Selective Call Rejection, Selective Call Acceptance, and Call Waiting provide Subscribers with four different options for treating incoming calls. Each feature is capable of holding a list of up to 12 directory options for treating incoming calls. Each feature is capable of holding a list of up to 12 directory numbers (DNS) that should receive screening treatment. Once a Subscriber has programmed the list and turned on the feature, the switch will screen each incoming call and direct the call to the treatment specified by the feature.
7. From time to time, the Company may offer special promotions to its Subscribers. These offerings will generally consist of a reduced price, a waiver of installation charges, or a free service with a purchase of another service. These offerings may be limited to certain dates and locations, and will be for limited time periods. When such an offering is made, the Commission will be notified and a copy of the offering will be provided to them.

CUSTOM CALLING FEATURES (CCF) (Continued)

DEFINITIONS

Anonymous Call Rejection

This service allows the Central Office Subscriber to block calls from callers who block transmission of their Caller ID information.

Caller ID

Caller ID will display the name and number of Subscriber's outgoing and incoming calls.

Caller ID Block

Caller ID Block allows the Subscriber to block their outgoing display by programming their phone prior to each call or they can set it permanently to block every call.

Call Forward Busy/No Answer

This service allows the Central Office Subscriber to forward all incoming calls if the line is busy and/or if there is no answer. If the line is busy, the Central Office Subscriber may choose to have those calls forwarded to another device such as a cell phone or Voice Mail. The same may apply if there is no answer.

Call Forwarding Variable (standard)

This service allows Central Office Subscribers to forward their phone calls to any phone number whether local or long distance.

Call Hold/Retrieve

This service allows the Central Office Subscriber to place the calling party on hold and retrieve the call at a later time.

Call Transfer

This service allows the Central Office Subscriber to call either an on-net or an off-net Subscriber.

Call Waiting

This service notifies the Central Office Subscriber of an incoming call while they are on the line with another call.

CUSTOM CALLING FEATURES (CCF) (Continued)

DEFINITIONS (Continued)

Do Not Disturb

This feature prevents the Central Office Subscriber's telephone from ringing by directing all incoming calls directly to Voice Mail.

Find Me/Follow Me

This service allows Central Office Subscribers to have their phone ring up to nine other devices sequentially or simultaneously.

Last Number Redial

This feature allows the Central Office Subscriber to identify the last incoming call by number and automatically redial that number.

Message Waiting Indication

This feature is offered in two forms. If the Subscriber's telephone has a message waiting indication lamp, the light will come on in the event of a message in their Voice Mail. If no lamp exists, the alert will come in the way of a stutter dial tone.

Multi-Call Park

This service allows incoming calls to be parked with an identification number and picked up from any phone using the identification number.

Priority Call

Priority Call allows Subscribers to program in numbers of other parties they deem to have priority when calling their phone.

Remote Call Forwarding (standard)

This service allows Central Office Subscribers to dial in remotely to their phone and forward their phone calls to any phone number whether local or long distance.

Selective Call Acceptance

This service allows the Central Office Subscriber to selectively accept calls based on calling party information.

CUSTOM CALLING FEATURES (CCF) (Continued)

DEFINITIONS (Continued)

Selective Call Forwarding (standard)

This service allows Central Office Subscribers to set call forwarding by time of day or date to any phone number whether local or long distance.

Selective Call Rejection

This service allows the Central Office Subscriber to select calls they wish to prevent from ringing their telephone instrument.

Speed Calling

Permits placing local and long distance calls to pre-selected telephone numbers by dialing an abbreviated code. To add a number to the calling list the Subscriber uses his/her own telephone instrument.

TAPI Dialing Support

This service allows the Central Office Subscriber to integrate TAPI compliant e-mail clients and dial out of their contact manager by mouse-clicking on the contact which prompts the Subscriber's telephone instrument to dial the selected contact.

Three-Way Calling

Permits a Subscriber to add a third party to an existing local or long distance call. It will also permit a Subscriber to consult privately with a third party while holding the original call.

Voice Mail

This service allows records incoming caller messages and stores them for later retrieval at the Subscriber's convenience.
