INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Allied Wireless and Fremont Telcom Co.  
Idaho

Pursuant to this Agreement, the Parties will extend certain arrangements to one another as needed to meet the requirements of this Agreement. This Agreement reflects a balancing of interests critical to the Parties.

- 3.1 Each Party's NPA/NXXs and network routing information are listed in Telcordia's Local Exchange Routing Guide ("LERG"). The Operating Company Number ("OCN") for each Party in the State of Idaho are:
  - 3.1.1 AWCC OCNs: 119G and 5736
  - 3.1.2 Fremont OCN: 2222
- 3.2 The Parties have not addressed the basis for intercarrier compensation relating to enhanced services and Internet traffic. The Parties agree that such traffic between them, if any, is presently *de minimis*. If a Party has reason to believe that enhanced service and Internet traffic is not *de minimis*, that Party may reopen negotiations to determine an appropriate method for identifying, transporting, and determining the compensation for such traffic. If the Parties are unable to reach agreement, the matter shall be resolved using the arbitration procedures under the Act.
- 3.3 The Parties agree that this Agreement does not provide for the exchange of 911/E911 traffic.
- 3.4 Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party.

**4. Interconnection Methods and Facilities**

This Section describes the methods with which the Parties to this Agreement may interconnect their respective networks for the Transport and Termination of Traffic.

- 4.1. Indirect Method of Interconnection. Either Party may choose to deliver traffic from its network through a Third Party Provider and thus be indirectly connected with the other Party for the delivery of Traffic originated on its network.
  - 4.1.1. When traffic is indirectly exchanged *via* an originating Party's use of one or more Third Party Providers, the originating Party shall be responsible for the cost to deliver that Party's originated Traffic to the point where the terminating Party's network interconnects with the network of the carrier that delivers the Traffic to the terminating Party.
  - 4.1.2. Each Party is individually responsible for negotiating their own agreements with any Third Party Provider.

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Allied Wireless and Fremont Telecom Co.  
Idaho

- 4.2. Direct Interconnection.
- 4.2.1. Direct Interconnection facilities provide a trunk side connection between the Parties' networks. AWCC will have the option to establish access *via* a single Direct Interconnection POI for termination of all Traffic to Fremont's network.
- 4.2.2. Upon mutual agreement of the Parties, Direct Interconnection facilities may be either One-Way or Two-Way facilities.
- 4.2.3. Where the total Telecommunications Traffic exchanged between AWCC and Fremont's specific End Office Switch exceeds 400,000 total minutes of use per month in both directions for three consecutive months, either Party may request an amendment to establish a direct interconnection. For direct interconnection, the POI shall be at any technically feasible point on Fremont's network. The Parties agree to work cooperatively to determine the number of trunks needed to handle the estimated traffic.
- 4.3. Facility Locations. AWCC may directly connect with Fremont's network at any technically feasible point within Fremont's network. The Parties acknowledge for purposes of this requirement that the technically feasible points of Direct Interconnection include any meet point location at the service territory boundary of Fremont, a meet point location within the service territory boundary of Fremont, or another meet point location mutually agreed upon by the Parties.
- 4.3.1. AWCC will accept 100 percent (100%) of the financial responsibility to deliver its originated traffic to and receive Fremont-originated traffic from a Direct Interconnection POI.
- 4.3.2. Fremont will accept 100 percent (100%) of the financial responsibility to deliver its originated traffic to and receive AWCC-originated traffic from a Direct Interconnection POI.
- 4.4. Additional Direct Interconnection Methods Available to AWCC. AWCC may provide its own facilities and transport for the delivery of traffic from its network to a POI within Fremont's network. Alternatively, AWCC may purchase direct trunked transport from a Third Party Provider or from Fremont for the delivery of such traffic.
- 4.5. Technical Requirements and Standards. Each Party will provide the services in this Agreement to the other Party at a standard at least equal in quality and performance to that which the Party provides itself and others. Either Party may request, and the other Party will provide, to the extent technically feasible, services that are superior or lesser in quality than the providing Party provides to

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Allied Wireless and Fremont Telcom Co.  
Idaho

itself, provided, however, that such services shall be considered special requests, and will be handled on a case-by-case basis.

4.6. Impairment of Service.

4.6.1. The characteristics and methods of operation of any circuits, facilities or equipment of either Party connected with the services, facilities or equipment of the other Party pursuant to this Agreement shall not interfere with or impair service over any facilities of the other Party, its affiliated companies, or its connecting and concurring carriers involved in its services, cause damage to their plant, violate any applicable law or regulation regarding the invasion of privacy of any communications carried over the Party's facilities or create hazards to the employees of either Party or to the public ("Impairment of Service").

4.6.2. If either Party causes an Impairment of Service, the Party whose network or service is being impaired (the "Impaired Party") shall promptly notify the Party causing the Impairment of Service (the "Impairing Party") of the nature and location of the problem and that, unless promptly rectified, a temporary discontinuance of the use of any circuit, facility or equipment may be required. The Impairing Party and the Impaired Party agree to work together to attempt to promptly resolve the Impairment of Service. If the Impairing Party is unable to promptly remedy the Impairment of Service, then the Impaired Party may at its option temporarily discontinue the use of the affected circuit, facility or equipment.

5. Routing of Traffic, Dialing Parity and N-1 Carrier Obligations

This Section provides the terms and conditions for the proper routing exchange of Traffic between the Parties' respective networks.

Indirect Connection via a Third Party Provider. As an alternative to routing Local Traffic covered by this agreement through a Direct Interconnection, either Party may choose to route traffic from its network through a Third Party Provider to the terminating Party's POI with the Third Party Provider.

Mobile to Land Traffic – Direct Interconnection. If Direct Interconnection is established, AWCC shall be responsible for the delivery of Traffic from its network to the appropriate Point of Interconnection with Fremont's network for the Transport and Termination of such traffic by Fremont to one of its End Users.

5.1. Land to Mobile Traffic – Direct Interconnection.

5.1.1. If Direct Interconnection is established, Fremont shall be responsible for the delivery of traffic from its End Users connected to its network to the appropriate Point of Interconnection with AWCC's network for the Transport and Termination of such traffic by AWCC to an End User.

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Allied Wireless and Fremont Telcom Co.  
Idaho

- 5.1.2. If Direct Interconnection is established, Fremont shall deliver all originating Local Service Area traffic bound for AWCC to the direct connection(s).
- 5.2. Dialing Parity and N-1 Carrier Obligations. Both Parties agree to adhere to dialing parity obligations including 'N-1 carrier' database query and routing obligations.
- 5.2.1. For any NPA-NXX line numbers assigned to AWCC that have a rate center associated with a Local, EAS, ELC, MCA exchange or similar program, Fremont will route all land-to-mobile traffic to AWCC utilizing End User dialing patterns undifferentiated from those provided to any carrier's number assigned to the same rate center.
- 5.2.2. Each Party will ensure that number portability database queries are performed on all calls routed *via* Direct Interconnection.

**6. Compensation**

The Parties agree to the rates referenced in Attachment A for the services to be provided pursuant to this Agreement.

- 6.1. Local Telecommunications Traffic. The Parties shall reciprocally and symmetrically compensate one another for IntraMTA Traffic at the rates set forth in Attachment A, Sections B and D.
- 6.2. InterMTA Traffic. The Parties contemplate that they may exchange incidental volumes of InterMTA Traffic under this Agreement. The Parties agree that InterMTA traffic between them, if any, is presently *de minimus*.
- 6.3. Fremont Provided Direct Interconnection Facilities. AWCC may utilize or the Parties may share Fremont provided interconnection facilities pursuant to a request from AWCC under Section 4.4. Fremont provided interconnection facilities will be priced at the rates specified in Fremont's Interstate Access Service Tariff. To the extent such two-way interconnection facilities are provided by Fremont, charges will be shared by the Parties based on their proportional (percentage) use of such facilities as specified in Attachment A, Section D. In the event that AWCC requests and the Parties establish Direct Interconnection under Section 4.3, neither Party will charge the other for Direct Interconnection Facilities.
- 6.4. Traffic Balance Threshold. When either party's actual usage data for three (3) consecutive months is determined to be within plus or minus five (5) percentage points of fifty (50) percent of the Traffic originated by both parties (*i.e.*, within 45% to 55% of total two-way traffic), then either Party may provide the other Party a written request, along with verifiable information supporting such request,

to eliminate billing for Reciprocal Compensation per minute. Upon written consent by the Party receiving the request, which shall not be withheld unreasonably, there will be no billing for Reciprocal Compensation on a going forward basis unless otherwise agreed to by both Parties, in writing and all Traffic will be compensated using bill and keep, such that neither party shall bill the other pursuant to Attachment A, Sections B, D, and E.

**7. Billing and Payment**

- 7.1. The Parties shall bill each other on a monthly basis for the services provided under this Agreement in accordance with the rates and charges set forth in Section 5 and Attachment A.
- 7.2. Each Party will only charge the other Party for actual usage, except that AWCC will be relieved of this obligation if the Parties mutually agree to a Reciprocal Compensation Credit method of billing.
- 7.3. In the event actual detailed billing records are not available (e.g. if traffic is routed *via* a Third Party Provider), summary billing reports may be utilized subject to detailed traffic validation upon request from AWCC.
- 7.4. Usage measurement for calls shall begin when Answer Supervision or equivalent SS7 message is received from the terminating office and shall end at the time of call disconnect by the calling or called customer, whichever occurs first.
- 7.5. Minutes of use ("MOU"), or fractions thereof, shall not be rounded upward on a per-call basis, but will be accumulated over the billing period. At the end of the billing period, any remaining fraction shall be rounded up to the nearest whole minute to arrive at total billable minutes for each Interconnection. MOU shall be collected and measured in minutes, seconds, and tenths of seconds.
- 7.6. Each Party shall include sufficient detail of MOUs on its invoices to enable the other Party to reasonably verify the accuracy of the usage, charges, and credits.
- 7.7. The Parties shall pay invoiced amounts within forty-five (45) days of receipt of the invoice. For invoices not paid when due, late payment charges will be assessed on the past due balance, until paid, at a rate equal to 12% per annum, except as provided in Section 7.14.
- 7.8. In the event the Traffic terminated on the Parties' respective networks is at or below 10,000 minutes per month, the Traffic shall be considered *de minimus*. The Parties agree that the only compensation for such *de minimus* Traffic will be in the form of the reciprocal Transport and Termination services provided by the other Party, and no billings will be issued by either Party.
- 7.9. Both Parties may mutually agree to use a Reciprocal Compensation Credit in lieu of submitting invoices to each other for Reciprocal Compensation.

INTERCONNECTION AND RECIPROCAL COMPENSATION AGREEMENT  
Allied Wireless and Fremont Telecom Co.  
Idaho

- 7.9.1. Either Party shall provide the other Party not less than sixty (60) days prior written notice when changing its election to use actual recorded MOU to bill Fremont rather than receive the Reciprocal Compensation Credit. In such event, AWCC will be then responsible for measuring the monthly Telecommunications Traffic, measured by minutes of use, terminating into its network from Fremont's network and shall bill Fremont on a going forward basis using the rates set forth in Attachment A.
- 7.9.2. The Reciprocal Compensation Credit amount shall be determined by Fremont monthly, and reflected on the Fremont invoice to AWCC as a credit against the amounts due and payable from AWCC to Fremont.
- 7.9.3. The reciprocal compensation credit will be calculated as follows: Divide the total number of monthly measured minutes of use originated by AWCC and terminated on Fremont's network by the Mobile to Land Traffic Factor. The total calculation will then be multiplied by the Land to Mobile Traffic Factor to arrive at the total minutes of use terminated on AWCC's network per month. This monthly total will be multiplied by the rates set forth in Section 6.1 to obtain the Reciprocal Compensation Credit for the month. For example, Fremont determines that 10,000 minutes of AWCC originated Traffic has been delivered to it in a given billing period: The Parties will assume that 4,706 minutes of land originated calls were delivered by Fremont to AWCC for termination ( $10,000 / .68$  multiplied by  $.32$ ).
- 7.9.4. It is agreed that the Traffic Factors set forth on Attachment A Section 3 represent a reasonable estimate of the ratio of Traffic originated and terminated by the Parties, considering the anticipated mix of Traffic routed between the parties. Either Party may, at its option, request modification of the Factors, on a going forward basis, based on the results of a traffic study conducted for Traffic originated by or terminating to the Party's End Users. These factors may be modified, but no more than once annually. If the Parties are unable to reach agreement for modification of the Land to Mobile Factor, either Party may request resolution of the dispute pursuant to Section 35 of this Agreement.
- 7.10. Taxes. The Party collecting revenue shall be responsible for collecting, reporting and remitting all appropriate taxes associated therewith. Fremont is responsible for taxes on Fremont revenues and AWCC is responsible for taxes on AWCC revenues whether or not shown as a credit on the Fremont invoice to AWCC.
- 7.11. Billing notices. All bill rendered by one Party to the other Party under this Agreement shall be delivered to the following locations.

- 7.13. Escalations. Each Party will provide to the other Party an escalation list for their respective billing department and the appropriate department with the authority to issue payment on a bill.

- 7.14. Disputed Amounts. If any portion of an amount due to a billing Party under this Agreement is subject to a dispute between the Parties, the billed Party shall within sixty (60) days of its receipt of the invoice containing such disputed amount give notice to the billing Party of the invoiced amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Parties agree that they will each make a good faith effort to resolve any Disputed Amounts in accordance with the Dispute Resolution process in Section 35 of this Agreement. The billed Party shall pay when due all undisputed amounts to the billing Party. A Party may, by notice, include a prospective notice of Disputed Amounts applicable to future invoices. If the Disputed Amount is resolved in favor of the billing Party, the billed Party shall pay any unpaid Disputed Amount with late charges at the rate of twelve percent (12%) per annum calculated from the date the Disputed Amount was originally due upon final determination of such dispute.

## 8. Notice of Changes

If a Party contemplates a change in its network, which it believes will materially affect the inter-operability of its network with the other Party, the Party making the change shall provide at least ninety (90) day's advance written notice of such change to the other Party.

## 9. General Responsibilities of the Parties

- 9.1. The Parties are each solely responsible for participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan. Neither Party shall use any service related to or

Allied Wireless and Fremont Telecom Co.

use any of the services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party's customers, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.

- 9.2. Each Party is solely responsible for the services it provides to its customers and to other Telecommunications Carriers.
- 9.3. Each Party is responsible for obtaining Local Exchange Routing Guide ("LERG") listings of the Common Language Location Identifier ("CLLI") assigned to its switches.
- 9.4. Each Party shall use the LERG published by Telcordia or its successor for obtaining routing information and shall provide all required information to Telcordia for maintaining the LERG in a timely manner.
- 9.5. SS7 Out of Band Signaling (CCS/SS7) shall be the signaling of choice for interconnecting trunks, where it is technically feasible for both Parties. Use of a third Party provider of SS7 trunks, for connecting AWCC to the Fremont SS7 systems is permitted. Such connections shall meet generally accepted industry technical standards. Each Party shall utilize SS7 (including but not limited to links, point codes, and messaging) at its own cost for all interchanged traffic irrespective of interconnection methodology.
- 9.6. 911/E911 Each Party shall be responsible for its own independent connections to the 911/E911 network.

**10. Term and Termination**

- 10.1. The initial term of this Agreement shall be a two-year term which shall commence on the Effective Date. This Agreement shall automatically renew for additional one (1) month terms until replaced by another agreement or, unless, not less than ninety (90) days prior to the end of the Term or any renewal term, either Party notifies the other Party of its intent to renegotiate a new agreement. In the event of such renegotiation, this Agreement shall remain in effect on an interim basis, subject to true-up to the termination date until such time that a new agreement becomes effective or negotiations expire. If the Parties cease the exchange of traffic, then either Party may terminate this Agreement upon thirty (30) days written notice.
- 10.2. Upon termination or expiration of this Agreement in accordance with this Section:
  - 10.2.1. Each Party shall continue to comply with its obligations under the Act and as set forth in Section 23 Confidentiality;

- 10.2.3. Each Party's indemnification obligations shall survive termination or expiration of this Agreement.
- 10.3. Either Party may terminate this Agreement in whole or in part in the event of a default of the other Party, provided, however, that the non-defaulting Party notifies the defaulting Party in writing of the alleged default and the defaulting Party does not implement mutually acceptable steps to remedy such alleged default within thirty (30) days after receipt of written notice thereof.
- 10.4. If, upon expiration or termination, either Party requests the negotiation of a successor agreement, during the period of negotiation of the successor agreement each Party shall continue to perform its obligations and provide the services described herein until such time as the successor agreement becomes effective. During the pendency of said re-negotiations, the rates, terms and conditions of this Agreement shall prevail on an interim basis until a new Agreement is effectuated or until the Parties negotiations expire.

**11. Cancellation Charges**

Except as provided herein, no cancellation charges shall apply.

**12. Non-Severability**

- 12.1. The services, arrangements, terms and conditions of this Agreement were mutually negotiated by the Parties as a total arrangement and are intended to be non-severable.
- 12.2. Nothing in this Agreement shall be construed as requiring or permitting either Party to contravene any mandatory requirement of federal or state law, or any regulations or orders adopted pursuant to such law.

**13. Indemnification**

- 13.1. Each Party (the "Indemnifying Party") shall indemnify and hold harmless the other Party ("Indemnified Party") from and against loss, cost, claim liability, damage, and expense (including reasonable attorney's fees) to customers and other third parties for:
  - 13.1.1. damage to tangible personal property or for personal injury proximately caused by the negligence or willful misconduct of the Indemnifying Party, its employees, agents or contractors;

- 13.1.2. claims for libel, slander, or infringement of copyright arising from the material transmitted over the Indemnified Party's facilities arising from the Indemnifying Party's own communications or the communications of such Indemnifying Party's customers; and
- 13.1.3. claims for infringement of patents arising from combining the Indemnified Party's facilities or services with, or the using of the Indemnified Party's services or facilities in connection with, facilities of the Indemnifying Party.

Notwithstanding this indemnification provision or any other provision in the Agreement, neither Party, nor its parent, subsidiaries, Affiliates, agents, servants, or employees, shall be liable to the other for Consequential Damages (as defined in Section 15.3).

- 13.2. The Indemnified Party will notify the Indemnifying Party promptly in writing of any claims, lawsuits, or demands by customers or other third parties for which the Indemnified Party alleges that the Indemnifying Party is responsible under this Section, and, if requested by the Indemnifying Party, will tender the defense of such claim, lawsuit or demand.

- 13.2.1. In the event the Indemnifying Party does not promptly assume or diligently pursue the defense of the tendered action, then the Indemnified Party may proceed to defend or settle said action and the Indemnifying Party shall hold harmless the Indemnified Party from any loss, cost liability, damage and expense.

- 13.2.2. In the event the Party otherwise entitled to indemnification from the other elects to decline such indemnification, then the Party making such an election may, at its own expense, assume defense and settlement of the claim, lawsuit or demand.

- 13.2.3. The Parties will cooperate in every reasonable manner with the defense or settlement of any claim, demand, or lawsuit.

- 13.2.4. Neither Party shall accept the terms of a settlement that involves or affects the rights or obligations of the other Party in any matter without the other Party's approval.

#### **14. Auditing Procedures**

- 14.1. Upon thirty (30) days written notice, each Party must provide the other Party the ability and opportunity to conduct an annual audit to ensure the proper billing of traffic between the parties. The audit shall be accomplished during normal

business hours. Audit requests shall not be submitted more frequently than one (1) time per calendar year.

- 14.2. Each Party may request copies of the billing records, provided that the requested records do not exceed 12 months in age from the date the monthly bill containing said record information was issued.

**15. Limitation of Liability**

- 15.1. No liability shall attach to either Party, its parents, subsidiaries, Affiliates, agents, servants, employees, officers, directors, or partners for damages arising from errors, mistakes, omissions, interruptions, or delays in the course of establishing, furnishing, rearranging, moving, terminating, changing, or providing or failing to provide services or facilities (including the obtaining or furnishing of information with respect thereof or with respect to users of the services or facilities) in the absence of gross negligence or willful misconduct.
- 15.2. Except as otherwise provided in Section 13, no Party shall be liable to the other Party for any loss, defect or equipment failure caused by the conduct of the first Party, its agents, servants, contractors or others acting in aid or concert with that Party, except in the case of gross negligence or willful misconduct.
- 15.3. Except as otherwise provided in Section 13, no Party will have any liability whatsoever to the other Party for any indirect, special, consequential, incidental or punitive damages, including but not limited to loss of anticipated profits or revenue or other economic loss in connection with or arising from anything said, omitted or done hereunder (collectively, "Consequential Damages"), even if the other Party has been advised of the possibility of such damages.

ADDITIONALLY, NEITHER PARTY ASSUMES ANY RESPONSIBILITY WITH REGARD TO THE CORRECTNESS OF DATA OR INFORMATION SUPPLIED BY THE OTHER PARTY WHEN THIS DATA OR INFORMATION IS ACCESSED AND USED BY A THIRD-PARTY.**

covenants and agrees to fully support approval of this Agreement by the Commission or the FCC under Section 252 of the Act. The Parties, however, reserve the right to seek regulatory relief and otherwise seek redress from each other regarding performance and implementation of this Agreement. In the event the Commission or FCC rejects this Agreement in whole or in part, the Parties agree to meet and negotiate in good faith to arrive at a mutually acceptable modification of the rejected portion(s). If negotiations fail, disputes between the Parties concerning the interpretation of the actions required or provisions affected by such regulatory actions shall be resolved pursuant to the Section 35 Dispute Resolution process provided for in this Agreement. Further, this Agreement is subject to change, modification, or cancellation as may be required by a regulatory authority or court in the exercise of its lawful jurisdiction.

**18. Pending Judicial Appeals and Regulatory Reconsideration**

The Parties acknowledge that the respective rights and obligations of each Party as set forth in this Agreement are based on the text of the Act and the rules and regulations promulgated thereunder by the FCC and the Commission as of the Effective Date ("Applicable Rules"). In the event of any amendment to the Act, any effective legislative action or any effective regulatory or judicial order, rule, regulation, arbitration award, dispute resolution procedures under this Agreement or other legal action purporting to apply the provisions of the Act to the Parties or in which the FCC or the Commission makes a generic determination that is generally applicable which revises, modifies or reverses the Applicable Rules (individually and collectively, Amended Rules), either Party may, by providing written notice to the other Party, require that the affected provisions of this Agreement be renegotiated in good faith and this Agreement shall be amended accordingly to reflect the pricing, terms and conditions of each such Amended Rules relating to any of the provisions in this Agreement. In the event that such new terms are not renegotiated within ninety (90) days after such notice, the Parties shall utilize the Dispute Resolution procedure set forth in Section 35 of this Agreement.

**19. Most Favored Nation Provision.** In accordance with Section 252(i) of the Act, AWCC shall be entitled to obtain from Fremont any Interconnection/Compensation arrangement provided by Fremont to any other CMRS provider that has been filed and approved by the Commission, for services described in such agreement, on the same terms and conditions.

**20. Compliance.** Each Party shall comply with all applicable federal, state, and local laws, rules and regulations applicable to its performance under this Agreement.

**21. Independent Contractors.** Neither this Agreement, nor any actions taken by AWCC or Fremont in compliance with this Agreement, shall be deemed to create an agency or joint venture relationship between AWCC and Fremont, or any relationship other than that of purchaser and seller of services. Neither this Agreement, nor any actions taken by AWCC or Fremont in compliance with this Agreement, shall create a contractual, agency, or any other type of relationship or third Party liability between AWCC and Fremont end users or others.

**22. Force Majeure.** Neither Party shall be liable for any delay or failure in performance of any part of this Agreement from any cause beyond its control and without its fault or negligence including, without limitation, acts of nature, acts of civil or military authority, government regulations, embargoes, epidemics, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, work stoppages, equipment failure, power blackouts, volcanic action, other major environmental disturbances, unusually severe weather conditions or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected. (collectively, a "Force Majeure Event"). If any Force Majeure Event occurs, the Party delayed or unable to perform shall give immediate notice to the other Party and shall take all reasonable steps to correct the Force Majeure Event. In the event of such delay, the delayed Party shall perform its obligations at a performance level no less than that which it uses for its own operations. In the event of such performance delay or failure the delayed Party agrees to resume performance in a nondiscriminatory manner and not favor its own provision of Telecommunications Services above that of the affected Party. During the pendency of the Force Majeure Event, the duties of the Parties under this Agreement affected by the Force Majeure Event shall be abated and shall resume without liability thereafter.

**23. Confidentiality**

23.1. Any information such as specifications, drawings, sketches, business information, forecasts, models, samples, data, computer programs and other software and documentation of one Party (a Disclosing Party) that is furnished or made available or otherwise disclosed to the other Party or any of its employees, contractors, or agents (its "Representatives" and with a Party, a "Receiving Party") pursuant to this Agreement ("Proprietary Information") shall be deemed the property of the Disclosing Party. Proprietary Information, if written, shall be clearly and conspicuously marked "Confidential" or "Proprietary" or other similar notice, and, if oral or visual, shall be confirmed in writing as confidential by the Disclosing Party to the Receiving Party within ten (10) days after disclosure. Unless Proprietary Information was previously known by the Receiving Party free of any obligation to keep it confidential, or has been or is subsequently made public by an act not attributable to the Receiving Party, or is explicitly agreed in writing not to be regarded as confidential, such information: (i) shall be held in confidence by each Receiving Party; (ii) shall be disclosed to only those persons who have a need for it in connection with the provision of services required to fulfill this Agreement and shall be used by those persons only for such purposes; and (iii) may be used for other purposes only upon such terms and conditions as may be mutually agreed to in advance of such use in writing by the Parties. Notwithstanding the foregoing sentence, a Receiving Party shall be entitled to disclose or provide Proprietary Information as required by any governmental authority or applicable law, upon advice of counsel, only in accordance with Section 21.2 of this Agreement.

23.2. If any Receiving Party is required by any governmental authority or by applicable law to disclose any Proprietary Information, then such Receiving Party shall provide the Disclosing Party with written notice of such requirement as soon as possible and prior to such disclosure. The Disclosing Party may then seek appropriate protective relief from all or part of such requirement. The Receiving Party shall use all commercially reasonable efforts to cooperate with the Disclosing Party in attempting to obtain any protective relief which such Disclosing Party chooses to obtain.

23.3. In the event of the expiration or termination of this Agreement for any reason whatsoever, each Party shall return to the other Party or destroy all Proprietary Information and other documents, work papers and other material (including all copies thereof) obtained from the other Party in connection with this Agreement and shall use all reasonable efforts, including instructing its employees and others who have had access to such information, to keep confidential and not to use any such information, unless such information is now, or is hereafter disclosed, through no act, omission or fault of such Party, in any manner making it available to the general public.

Governing Law.** For all claims under this Agreement that are based upon issues within the jurisdiction (primary or otherwise) of the FCC, the exclusive jurisdiction and remedy for all such claims shall be as provided for by the FCC and the Act. For all claims under this Agreement that are based upon issues within the jurisdiction (primary or otherwise) of the Commission, the exclusive jurisdiction for all such claims shall be with the Commission, and the exclusive remedy for such claims shall be as provided for by such Commission. In all other respects, this Agreement shall be governed by the domestic laws of the state of Idaho without reference to conflict of law provisions.

The terms and conditions of this Agreement shall be subject to any and all applicable laws, rules, regulations or guidelines that subsequently may be adopted by any federal, state, or local government authority. Any modifications to this Agreement occasioned by such change shall be effected through good faith negotiations.

**25. Assignment.** Neither Party may assign or transfer (whether by operation of law or otherwise) this Agreement (or any rights or obligations hereunder) to a third Party without the prior written consent of the other Party which consent will not be unreasonably withheld; provided that either Party may assign this Agreement to a corporate Affiliate or an entity under its common control or an entity acquiring all or substantially all of its assets or equity by providing prior written notice to the other Party of such assignment or transfer. Without limiting the generality of the foregoing, this Agreement shall be binding upon and shall inure to the benefit of the Parties' respective successors and assigns.

**26. Release.** In resolution of the Parties rights, and in further consideration of this Agreement, each Party releases, acquits and discharges the other Party of and from any claim, debt, demand, liability, action or cause of action arising from or relating to the payment of

money for the transport and termination of traffic prior to the Effective Date of this Agreement.

- 27. Non-Waiver.** Failure of either Party to insist on performance of any term or condition of this Agreement or to exercise any right or privilege hereunder shall not be construed as a continuing or future waiver of such term, condition, right or privilege.

- 29.3. Each Party will provide to the other Party an escalation list for the repair center, ordering and provisioning center and the account management team.
- 30. Publicity and Use of Trademarks or Service Marks.** Neither Party nor its subcontractors or agents shall use the other Party's trademarks, service marks, logos or other proprietary trade dress in any advertising, press releases, publicity matters or other promotional materials without such Party's prior written consent.
- 31. No Third Party Beneficiaries; Disclaimer of Agency.** This Agreement is for the sole benefit of the Parties and their permitted assigns, and nothing herein expressed or implied shall create or be construed to create any third-Party beneficiary rights hereunder. Except for provisions herein expressly authorizing a Party to act for another, nothing in this Agreement shall constitute a Party as a legal representative or agent of the other Party; nor shall a Party have the right or authority to assume, create or incur any liability or any obligation of any kind, express or implied, against, in the name of, or on behalf of the other Party, unless otherwise expressly permitted by such other Party. - 33. Technology Upgrades.** Nothing in this Agreement shall limit either Parties' ability to upgrade its network through the incorporation of new equipment, new software or otherwise, provided it is to industry standards, and that the Party initiating the upgrade shall provide the other Party written notice at least ninety (90) days prior to the incorporation of any such upgrade in its network which will materially impact the other Party's service. Each Party shall be solely responsible for the cost and effort of accommodating such changes in its own network.
- 34. Entire Agreement.** The terms contained in this Agreement and any Schedules, Exhibits, tariffs and other documents or instruments referred to herein are hereby incorporated into this Agreement by reference as if set forth fully herein, and constitute the entire agreement between the Parties with respect to the subject matter hereof, superseding all prior understandings, proposals and other communications, oral or written. **35. Dispute Resolution**

Except as provided under Section 252 of the Act with respect to the approval of this Agreement by the state commission, the Parties desire to resolve disputes arising out of or relating to this Agreement without litigation. Accordingly, except for action seeking a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel compliance with this dispute resolution process, the Parties agree to use the following dispute resolution procedures with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

- 35.1. Informal Resolution of Disputes. At the written request of a Party, each Party will appoint a knowledgeable, responsible representative, empowered to resolve such dispute, to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The Parties intend that these negotiations be conducted by non-lawyer, business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as Confidential Information developed for purposes of settlement, exempt from discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise discoverable, be discovered or otherwise admissible, be admitted in evidence, in the arbitration or lawsuit.
- 35.2. Formal Dispute Resolution. If negotiations fail to produce an agreeable resolution within one hundred twenty days (120) days, then either Party may proceed with any remedy available to it pursuant to law, equity or agency mechanisms; provided, that upon mutual agreement of the Parties such disputes may also be submitted to binding arbitration. In the case of arbitration, each Party shall bear its own costs. The Parties shall equally split the fees of any mutually agreed upon arbitration procedure and the associated arbitrator.

- 35.4. Costs. Each Party shall bear its own costs of these procedures.
