Comment\_description: I am for toll free calling from Shoup to Salmon. I realize my billing will increase and I'm willing to pay the increased amount.

Comment\_description: We have a second home, soon to become our full time residence at Coulson Creek - Shoup. We would be in favor of having toll calls to Salmon and North Fork. We have phone service in Shoup and it is expensive to have virtually all calls be long distance. the rate increase is very minor compared to the need for local phone service in the Shoup area. The artea is expanding and needs to have toll service to Salmon.

In the matter of the Petition from the residents of the Shoup area requesting extended area service into Salmon Idaho case no. GNR-T-01-3 - Order No. 29613

As a resident of Shoup area, I am not interested in toll free extended area service into Salmon, Idaho. I am please with Rural Telephone service as is. I use AT&T credit card for my long distance service. A increase in a phone rate would put a stress on my budget.
