Dear Joe:

This letter represents Silver Star Communications' and Teton Telecom's report of compliance with the requirements of Order No. 29452, issued March 26, 2004 ("Order") in the above case.

The hardware necessary to provide LNP capability has been installed, the technical issues referenced in my November 15, 2004 letter to the Commission have been resolved, and the final testing has been successful.

Silver Star Communications and Teton Telecom are in full compliance with the above order and capable of providing Local Number Portability.

If there are any questions, please contact me at 307/883-6670. Thank you.

Sincerely,

Ron B. McCue
