RE: 2013 FCC USF/ICC Transformation Order/47 C.F.R. §51.911 Interstate Switched Exchange  
Access Rate Interstate Benchmarking Compliance Notification

Dear Ms. Jewell:

Trans National Communications International, Inc. ("TNCII") provides this courtesy notification of its current compliance with the Federal Communications Commission's ("FCC") *Report and Order and Further Notice of Proposed Rulemaking*, in Docket Nos. WC Docket No. 10-90, *et al.*, FCC 11-161 (the "USF/ICC Transformation Order"), as amended, and Section 51.911, 47 C.F.R. §51.911, July 1, 2013 terminating interstate switched exchange access rate benchmarking compliance requirements.

In pertinent part, Section 51.911(c) of the FCC's rules, Access reciprocal compensation rates for competitive LECs, promulgated under the *USF/ICC Transformation Order*, establishes that

Beginning July 1, 2013, notwithstanding any other provision of the Commission's rules, all Competitive Local Exchange Carrier Access Reciprocal Compensation rates for switched exchange access services subject to this subpart shall be no higher than the Access Reciprocal Compensation rates charged by the competing incumbent local exchange carrier, in accordance with the same procedures specified in §61.26 of this chapter

On January 17, 2013, TNCII submitted its initial switched exchange access price list, Idaho P.U.C. Price List No. 1 ("Price List"), to the Idaho Public Utilities Commission. TNCII's Price List contains intrastate rates that currently comply with Section 61.26 of the FCC's rules, obviating the need for further amendment to comply with the July 1, 2013 interstate switched exchange access rate benchmarking requirement set forth in the USF/ICC Transformation Order and 47 C.F.R. §51.911. No further Tariff compliance amendment is required accordingly.

Thank you for your attention to this matter. Questions regarding this filing may be directed to the undersigned.

Sincerely,

MILLER ISAR, INC.
