Re: CenturyTel of the Gem State, Inc., dba CenturyLink 2014 Federal ETC Filing and Annual Recertification

Dear Ms. Jewell:

On November 18, 2011 the Federal Communications Commission ("FCC") released its *USF/ICC Transformation Order* in WC Docket No. 10-90 et al. With that Order, the FCC began a transition to a national framework for certification of Eligible Telecommunications Carriers ("ETCs") and set forth a standard set of information that all ETCs must file with the FCC by July 1st of each year. The Order also required ETCs to provide the same information to the respective state commissions.

The annual ETC reporting requirements are contained in 47 C.F.R. § 54.313 of the FCC's rules. For the reporting of the data and certifications required by 47 C.F.R. § 54.313 and 54.422, the FCC has developed a reporting template, Form 481, to be used by ETCs.

In addition, ETCs with voice service rates that are below the rate floor as specified by the FCC[1] must file the voice rate information required by 47 C.F.R. § 54.313(h) separately by July 1.

Attached is the public version of the Form 481 and of the voice rate information for CenturyTel of the Gem State, Inc. dba CenturyLink as filed with the FCC. Confidential versions of the Form 481 and voice rate information are provided under seal and with an Attorney's Certificate. The outage information and certain Tribal engagement information that is customer or company proprietary information required by §54.313(a)(2) and (9) in the Form 481 is confidential. In addition, the detailed broadband speed availability information at the exchange level provided in response to 54.313(a)(7) is also confidential. The access line data provided in response to 47 C.F.R. § 54.313(h) is likewise confidential. CenturyLink requests this information be treated as confidential pursuant to Rule 67 of the Commission's Procedural Rules.

In addition to the FCC Form 481 and voice rate information, CenturyTel of the Gem State, Inc. also includes the Affidavit of David D. Cole certifying the compliance of

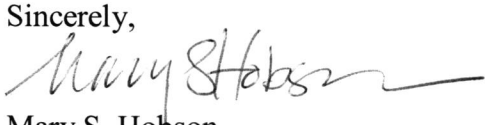
[1] Only ETCs that receive Federal High Cost Loop or High Cost Model Support are required to report residential basic rates below the rate floor.

CenturyLink with service quality and customer protection requirements, its ability to remain functional in emergencies and proper use of federal high-cost support.

CenturyTel of the Gem State, Inc., hereby requests that the Idaho Public Utilities Commission by October 1, 2014, certify to the FCC, pursuant to 47 C.F.R § 54.314, that the Company is in compliance with section 254(e) of the Telecommunications Act and 47 C.F.R. 54.314 in order for CenturyLink to continue receiving federal high cost support in Idaho.

Please do not hesitate to contact me should you have any questions regarding this filing.

Sincerely,



Mary S. Hobson
Attorney for CenturyTel of the Gem State, Inc.

Targeted Engagement Efforts

As part of its efforts to strengthen positive relationships with the Tribal Nations within its serving territory while fulfilling new obligations set forth in Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, CenturyTel of the Gem State d/b/a CenturyLink (Idaho) ("CenturyLink") extended an invitation to the Tribal Entity to meet and address issues of importance related to the provisioning of services on tribal lands. The purpose of these meetings was to discuss planning and potential deployment of service as well as other areas of interest specific to conducting business on tribal lands (as set forth in 47 C.F.R. §54.313(a)(9)) which at a minimum, would include:

(i) A needs assessment and deployment planning with a focus on Tribal community anchor institutions;

(ii) Feasibility and sustainability planning;

(iii) Marketing services in a culturally sensitive manner;

(iv) Rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and

(v) Compliance with Tribal business and licensing requirements. Tribal business and licensing requirements include business practice licenses that Tribal and non-Tribal business entities, whether located on or off Tribal lands, must obtain upon application to the relevant Tribal government office or division to conduct any business or trade, or deliver any goods or services to the Tribes, Tribal members, or Tribal lands. These include certificates of public convenience and necessity, Tribal business licenses, master licenses, and other related forms of Tribal government licensure.

Dear Chairman Gibson,

CenturyLink values its relationship with the Shoshone-Paiute Tribes and the opportunity to provide services that meet the needs of CenturyLink's customers located on Tribal lands.

In late 2011, the Federal Communications Commission ("FCC") initiated steps to reform and modernize the federal universal service support system to ensure that robust, affordable voice and broadband service are available to Americans throughout the nation including those residing on Tribal lands.[1] As a part of this reform, the FCC requires companies like CenturyLink to contact all Tribal Government/Councils within CenturyLink's service territory, at least annually, and provide the opportunity to discuss the planning and potential deployment of services on Tribal Lands as well as other areas of interest specific to conducting business on Tribal lands.

In its order the FCC has advised that the following topics be discussed: (1) deployment planning with a focus on Tribal community anchor institutions; (2) feasibility and sustainability planning; (3) marketing services on Tribal lands; (4) rights-or-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and (5) Tribal business and licensing requirements.

In accord with the FCC's actions, late last year CenturyLink sent a letter to the Shoshone-Paiute Tribes requesting a meeting with representatives of your Tribal Government/Council.

The Shoshone-Paiute Tribes responded to the letter and requested a meeting with CenturyLink. [redacted]

CenturyLink appreciates the opportunity to provide service to the Shoshone-Paiute Tribe. Should other additional issues or questions arise in the future, please contact me at any time.

Thank you for your attention.

Jim

<1210> Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's local tariff contains the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the $9.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to $25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a Tribal Link Up credit of not more than $100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain amount of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at http://www.centurylink.com/Pages/Support/LifeLine/

A link to the CenturyLink tariff that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.

NOTES:

1. (112) – (118) The Federal Communications Commission in FCC DA 14-591 adopted May 1, 2014 waived the requirement that price cap recipients of frozen support or incremental support file five-year plans by July 1, 2014.

2. (220) Outages are reported using the criteria provided in 47 C.F.R. §54.313, which differs from the criteria in 47 C.F.R. §4.5 which is the basis for reporting outages to the Federal Communications Commission. Therefore, some outages may not have NORS numbers.

3. (300) – (310) CenturyLink is reporting any outstanding requests for voice service from 2013 that are unfulfilled at the time of this filing.

4. (320) – (330) CenturyLink is reporting any outstanding requests for broadband service from 2013 that are unfulfilled at the time of this filing.

5. (410 - 420) Complaints per 1,000 voice access lines are reported as complaints to any federal and/or state agencies.

6. (440 - 450) Complaints per 1,000 broadband customers are reported as complaints to any federal and/or state agencies.

7. (711) CenturyLink is reporting a-la-cart and data only broadband rates that meet or exceed both the required download speeds of four mega bits per second and upload speeds of one mega bit per second. Widely used upload speeds of 768K or below are not included in this report.

8. (811) – (813) Per FCC DA 13-1707 released August 6, 2013, CenturyLink is reporting holding company, operating companies, affiliates (as defined under section 3 of the Communications Act of 1934, as amended, 47 U.S.C. § 153(2)) that are designated as eligible telecommunications carriers and/or that provide retail broadband internet access to end-user customers.

9. (921) – (929) To the extent the carrier serves federally recognized tribal lands, the attached narrative, in response to line 920, should be relied on to describe tribal outreach and interaction. If the carrier offered to discuss the points listed in 47 C.F.R. §54.313(a)(9) to at least a majority of federally recognized tribes served in a study area, lines 921-929 were marked with a "yes" response.

10. (1000) – (1010) Carriers must certify that their local rates are at or below two standard deviations of the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. Qwest Corporation d/b/a CenturyLink (Wyoming) and United Telephone Company of the West d/b/a CenturyLink (Wyoming) have certain exchanges with explicit cost based local rates above this standard. Customers in such exchanges receive a Federal Universal Service credit and/or a State Universal Service credit explicitly on their bill. This results in a net charge that is lower than two standard deviations of the applicable national average urban rate for voice service.

11. (2000), (2005), (2013), and (2016) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

12. (3000-3026) This is not applicable to this company as it is considered to be a Federal Price Cap Carrier or an affiliate associated with a Federal Price Cap Carrier for the purposes of this filing.
