TO THE APPLICATION**

service in Idaho in the fourth quarter of 2003. KMC V intends to operate as competitive local exchange service provider on a facilities-based and resale basis, as well as an interexchange service provider on a resale basis within the State of Idaho.

14. KMC V does not propose to require end user deposits and/or advanced payments. In the event KMC V decides, in the future, to require deposits and/or advance payments, it will comply with all applicable federal and state laws, rules, and regulations, including modifying its existing tariffs.

15. KMC V will provide its Idaho customers with access to directory assistance, operator services, emergency 911 services, and Telephone Relay Service independently or through arrangements with other carriers.

14. KMC V's toll free number for customer service inquiries is: (888) KMC-THE1.

V. DESCRIPTION OF KMC TELECOM V, INC.'S NETWORK

17. A diagram of the technology deployed in KMC V's network can be found attached hereto as *Exhibit 6*. KMC V notes, however, that its network configuration may change as it continues to install and maintain a technically advanced network, which will allow it to provide the highest levels of reliability, security and capacity that its target customers typically demand.

18. KMC V is planning on providing interexchange services by reselling another carrier's interexchange service. At present however, KMC V has not entered a resale agreement with any providers of interexchange service.

VI. PROPOSED SERVICE AREA

19. With respect to the geographic coverage area for its intended services, KMC V requests authority to operate as a competitive local exchange carrier and an interexchange carrier for the entire State of Idaho. Applicant ultimately intends to provide telecommunications services to

subscribers to and from all points in Idaho. As such, KMC V will compete with all of the incumbent local exchange corporations in Idaho, including, but not limited to Qwest Communications International, Inc., as well as other competitive local exchange carriers and MTS/WATS long distance service providers. At this time, however, the Company would not enter into competition with a rural LEC until the Commission has found such competition to be in the public interest, as per Section 251(f)(1) of the 96 Act. (IDAPA 31.01.01, Rule 101:03)

VII. DESCRIPTION AND FITNESS OF THE COMPANY

21. As demonstrated below, KMC V is well-qualified managerially, technically and financially to provide the competitive local exchange and interexchange telecommunications services for which authority is requested in Application.

A. MANAGERIAL

22. In support of this Application, KMC V submits the following information to demonstrate that it has sufficient managerial experience and expertise to ensure the provision of quality local exchange and interexchange telecommunications services within Idaho.

23. KMC V is well-qualified managerially to provide the facilities-based and resold competitive local exchange and resold interexchange telecommunications services for which authority is requested in this Application. The Company's management team includes individuals with substantive experience in successfully developing and operating telecommunications businesses.

24. KMC V has the adequate internal managerial resources to support its Idaho operations. This expertise in the telecommunications industry makes KMC V's management team well-

LOCAL EXCHANGE SERVICE5.2 Primary Rate Interface Service

Primary Rate Interface Service (PRI) provides an ISDN based, DS1 access to the telecommunications network and includes the flexibility of integration of multiple voice and/or data transmission channels on the same line. The service will provide connectivity between ISDN compatible CPE and a serving central office. The basic channel structure for PRI Service is twenty-three 64 Kbps B-Channels and one 64 Kbps D-Channel. The customer has the option to activate up to 23 B-Channels on the first PRI Service arrangement and up to 24 channels on additional PRI Service arrangements. A Digital Data Only option and an Inward Data Option are also available. The 23 B-Channels can be used to connect the customer's CPE to the Public Circuit Switched Network, e.g., outward, inward and 2-way network access. Calling Number Delivery, Called Number Delivery, and Hunting functionality are inherent to this service. Telephone numbers for use on PRI Service are available. One Primary Directory Listing will be furnished at no charge for each PRI service B-Channel. Additional listings can be obtained. PRI Service provides capability for the transmission of digital signals only. Clear Channel Capability and Extended Superframe Format are inherent to the service.

The following non-recurring and monthly recurring rates apply:

	<u>Non-Recurring Charge</u>	<u>Monthly Recurring Charge</u>
PRI Facility	\$2,000	\$1,500

SPECIAL ARRANGEMENTS

9.1 Individual Case Basis (ICB) Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for a service offered under this tariff. Rates quoted in response to such competitive requests may be different than those specified for such services in this tariff. ICB rates will be offered to the Customer in writing and on a nondiscriminatory basis.

9.2 Temporary Promotional Programs

The Company may establish temporary promotional programs wherein it may waive or reduce non-recurring or recurring charges, to introduce present or potential Customers to a service not previously received by the Customers.
