STAFF RECOMMENDATION

Staff has reviewed Magna’s Application for a CPCN and believes the Company understands and agrees to comply with the Commission’s rules and requirements. Based on the review, Staff believes Magna’s Application fulfills the requirements of the Commission Rules and Procedural Order No. 26665. Staff also believes Magna possesses the requisite financial, managerial, and technical qualifications necessary to operate as a provider of telecommunications services.

Staff, therefore, recommends approval of the Application for a Certificate of Public Convenience and Necessity subject to the following conditions:

1. Magna complies with number pooling and reporting requirements of the North American Numbering Plan Administrator, as set forth in Commission Order No. 30425;
2. Magna provides necessary reports, and contributions as appropriate to the Idaho Universal Service Fund,¹ Idaho Telecommunications Relay System,² Idaho Telecommunications Service Assistance Program,³ and complies with all future reporting requirements deemed appropriate by the Commission for competitive telecommunications providers;
3. Prior to issuance of the Certificate, Magna will file a final price list outlining all its rates, terms and conditions with the Commission; and

¹ *See* Commission Order No. 32637.

² *See* Commission Order No. 32524.

³ *See* Commission Order No. 32526.

4. Magna will relinquish its Certificate and all telephone numbers if, within one year of issuance of a CPCN, the Company is not providing local and long distance telecommunications services in Idaho.
