MCI-T-04-01

Jean Jewell, Secretary
Idaho Public Utilities Commission
472 W. Washington
Boise, Idaho 83702

Re: Notification of Consolidation Completion as Related to a Corporate
Restructuring Undertaken to Consummate Plan of Reorganization under
Chapter 11 of the Federal Bankruptcy Code

Dear Ms. Jewell:

On April 20, 2004, MCI, Inc. ("the Company") officially emerged from Chapter 11 bankruptcy protection. As a part of that process, the MCI's Plan of Reorganization called for the consolidation of several of its competitive local exchange carrier subsidiaries. This letter hereby certifies that the consolidation of the MCI CLEC affiliate in your state is complete. MCI WorldCom Communications, Inc.'s local assets and customers were merged into MCImetro Access Transmission Services LLC as outlined in earlier communications with the Utilities Commission.

Given this completion, we request cancellation of the local certificate of public convenience and necessity issued to MCI WorldCom Communications, Inc.¹

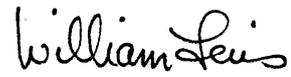

In earlier communications, we indicated that our Intermedia subsidiary would be merged into another company. That process is taking place now, and we will make an appropriate filing in the future so that the Commission's records will properly reflect the status of the new Intermedia subsidiary.

¹ MCI WorldCom Communications, Inc. was granted a Certificate of Public Convenience and Necessity via Case No. GNR-T-97-15, Order No. 27685 to provide local exchange telecommunication services in those areas of the Idaho served by US West and GTE under its previous name of WorldCom Technologies, Inc. (see June 24, 1999 notice letter pertaining to internal reorganization).

Cert. No. 347

Please do not hesitate to contact me at (303) 390-6547, or via email at Bill.Levis@mci.com, with any questions regarding the consolidation completion.

Sincerely,

A handwritten signature in cursive script that reads "William Levis".

William Levis
