DATE: JANUARY 20, 2006

RE: CPCN CERTIFICATE NUMBER 337 NAME CHANGE; MCIMERO ACCESS TRANSMISSION SERVICES LLC ADVICE NO. 06-01.

BACKGROUND

On January 8, 1998, the Commission issued Certificate of Public Convenience and Necessity No. 337 to MCImetro Access Transmission Services, Inc. The certificate was amended on August 18, 2003, when the Commission approved a name change to MCImetro Access Transmission Services, LLC ("Metro").

STAFF REVIEW AND RECOMMENDATION

On January 11, 2006, Metro filed Transmittal Letter No. 06-01. In this filing, the Company seeks a name change to provide a means for a smooth integration of the purchase of MCI by Verizon. The Company wishes to change the name to MCImetro Access Transmission Services, LLC d/b/a Verizon Business Services.

Staff has reviewed the filing and the Company's Certificate of Assumed Business Name issued by the Idaho Secretary of State on January 3, 2006. The price list rates, terms and conditions remain the same and, therefore, Staff recommends approval of this filing.

COMMISSION DECISION

Does the Commission wish to approve the name change for Certificate No. 337?

Grace Seaman
