

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

**IN THE MATTER OF THE APPLICATION)
OF ONEEIGHTY NETWORKS, INC. FOR A) CASE NO. OZ1-T-06-1
CERTIFICATE OF PUBLIC CONVENIENCE)
AND NECESSITY) ORDER NO. 30066
_____)**

On April 3, 2006, OneEighty Networks, Inc. (OneEighty; Company) filed an Application with the Commission for a Certificate of Public Convenience and Necessity to provide facilities-based local exchange service in Idaho. The Commission authorized the use of Modified Procedure to process the Company's Application with a comment deadline of June 5, 2006. Order No. 30042. Commission Staff was the only party to file comments, and recommended approval of the Company's Application. With this Order the Commission approves the Company's Application as more fully set forth below.

THE APPLICATION

According to the Company's Application OneEighty is a facilities-based regional provider of broadband Internet, private line, and hosting solutions offering services in the Post Falls/Coeur d'Alene area of northern Idaho and the Boise area of southern Idaho. The Application states that the Company primarily serves business and enterprise customers. OneEighty is a corporation formed in the State of Washington with a principal business address in Spokane, Washington. The Company is registered in Idaho as a foreign corporation and has a Certificate of Authority to transact business in the State of Idaho.

The Application states the Company owns and operates one of the largest fiber optic networks in the region. The Company states that it currently provides broadband services in Spokane, Spokane Valley, Walla Walla, and the Tri-Cities areas in Washington, as well as in Post Falls and Coeur d'Alene, Idaho. The Application also indicates that the Company provides narrowband Internet services in the areas surrounding Spokane and Walla Walla, Washington; Pendleton, Bend, and Hermiston, Oregon; and Coeur d'Alene, Idaho. The Company proposes that, upon receipt of a Certificate for Idaho, it will use its existing fiber optic network, unbundled network elements, and resale services from Verizon, Qwest, and other carriers to expand its product offerings to include Voice over Internet Protocol local exchange services, carrier access, and private line services as it expands into Idaho service territories.

STAFF COMMENTS

Based on its review of the Company's Application Staff has determined that OneEighty's Application complies with the Commission's requirements for issuance of a Certificate of Public Convenience and Necessity. Staff believes that the Company understands and agrees to comply with the Commission rules and requirements. Staff recommended approval of the Company's Application.

COMMISSION FINDINGS

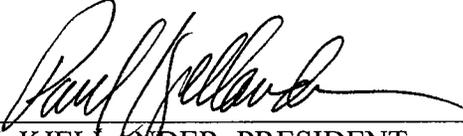

Based upon the comments and the record in this case, the Commission grants the Company's Application. When considering an application for a Certificate, the Commission must determine if the applicant has the necessary qualifications to provide service while still fostering competition in the local telecommunications market. Based upon our review of the filing and the record in this case, the Commission finds that OneEighty's Application satisfies the requirements of the Commission's Rules and Procedural Order No. 26665. Thus, we approve the Company's Application for a Certificate of Public Convenience and Necessity. This is consistent with our previous Orders granting authority to provide telecommunications services to carriers meeting the established requirements.

ORDER

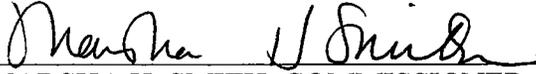

IT IS HEREBY ORDERED that OneEighty Networks, Inc. is granted a Certificate of Public Convenience and Necessity to provide competitive telecommunications services within the State of Idaho.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date of this Order with regard to any matter decided in this Order. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. *See Idaho Code* § 61-626.

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 8th
day of June 2006.

PAUL KJELLANDER, PRESIDENT

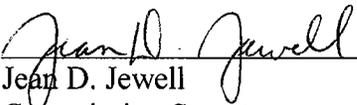

MARSHA H. SMITH, COMMISSIONER

DENNIS S. HANSEN, COMMISSIONER
