OF PROJECT MUTUAL TELEPHONE  
COOPERATIVE FOR BROADBAND TAX  
CREDIT CERTIFICATION

Case No. *PRJ-T-05-01*

**PROJECT MUTUAL TELEPHONE  
COOPERATIVE'S APPLICATION**

Project Mutual Telephone Cooperative ("Project Mutual"), by and through its attorneys, Givens Pursley LLP, files this Application for an Idaho Public Utilities Commission ("Commission") order certifying that certain telecommunications equipment is eligible for the broadband infrastructure tax credit authorized by Section 63-3029, Idaho Code. In support of its Application, Project Mutual states as follows:

1. Project Mutual is a provider of basic local exchange service, broadband telecommunications service, and other telecommunications services in southern Idaho.
2. During the calendar year 2004, Project Mutual made certain investments that constitute "qualified broadband equipment" within the meaning of Section 63-3029(I)(3)(b), Idaho Code. Exhibit A, attached hereto, describes Project Mutual's qualified broadband equipment and contains the information and representations required by this Commission's Order No. 28784 in Case No. GNR-T-01-10.

In the event the Commission determines that further proceedings are necessary, Applicant stands ready for immediate hearings.

WHEREFORE, Project Mutual requests that the Commission issue its order determining that the installed equipment identified in Exhibit A constitutes qualified broadband equipment eligible for the investment tax credit authorized by Section 63-3029I, Idaho Code.
