**BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION**

JOINT APPLICATION OF QWEST  
CORPORATION AND NEW EDGE  
NETWORKS FOR APPROVAL OF AN  
INTERCONNECTION AGREEMENT  
PURSUANT TO 47 U.S.C. §252(E)

CASE NO.: QWE-T-02-20

**APPLICATION FOR APPROVAL OF  
AMENDMENT TO THE  
INTERCONNECTION AGREEMENT**

Qwest Corporation (“Qwest”) and New Edge Networks (“New Edge”) hereby jointly file this Application for Approval of Amendment to the Interconnection Agreement (“Amendment”), which was approved by the Idaho Public Utilities Commission on November 21, 2002 (the “Agreement”). A copy of the Amendment is submitted herewith.

This Amendment was reached through voluntary negotiations without resort to mediation or arbitration and is submitted for approval pursuant to Section 252(e) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the “Act”).

Section 252(e)(2) of the Act directs that a state Commission may reject an amendment reached through voluntary negotiations only if the Commission finds that: the amendment (or portion(s) thereof) discriminates against a telecommunications carrier not a party to this agreement; or the implementation of such an amendment (or portion) is not consistent with the public interest, convenience and necessity.

New Edge and Qwest respectfully submit this Amendment provides no basis for either of these findings, and, therefore jointly request that the Commission approve this Amendment expeditiously. This Amendment is consistent with the public interest as identified in the pro-competitive policies of the State of Idaho, the Commission, the United States Congress, and the Federal Communications Commission. Expedient approval of this Amendment will enable New Edge to interconnect with Qwest facilities and to provide customers with increased choices among local telecommunications services.

New Edge and Qwest further request that the Commission approve this Amendment without a hearing. Because this Amendment was reached through voluntary negotiations, it does not raise issues requiring a hearing and does not concern other parties not a party to the negotiations. Expedient approval would further the public interest.

Respectfully submitted this 15<sup>th</sup> day of May, 2003.

**Qwest Corporation**

**Updated Rates Amendment  
to the  
Interconnection Agreement  
between  
Qwest Corporation  
and  
New Edge Network Inc.  
for the State of Idaho**

This Amendment ("Amendment") is to the Interconnection Agreement between Qwest Corporation (f/k/a U S WEST Communications, Inc.) ("Qwest"), a Colorado corporation, and New Edge Network Inc., dba New Edge Networks ("CLEC"), a Delaware corporation.

**RECITALS**

WHEREAS, the Parties entered into an Interconnection Agreement, for service in the State of Idaho, that was approved by the Idaho Public Utilities Commission on November 22, 2002, as referenced in Case No. QWE-T-02-20 ("Agreement"); and

WHEREAS, the Parties wish to amend the Agreement by adding the terms and conditions contained herein.

**AGREEMENT**

NOW THEREFORE, in consideration of the mutual terms, covenants and conditions contained in this Amendment and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

**1. Amendment Terms**

This Amendment is made in order to replace in its entirety Exhibit A of the Agreement to reflect current rates for all elements of the Interconnection Agreement. The new Exhibit A is attached hereto and incorporated herein.

**2. Effective Date**

This Amendment shall be deemed effective upon Commission approval; however, the Parties may agree to implement the provisions of this Amendment upon execution. To accommodate this need, CLEC must generate, if necessary, an updated Customer Questionnaire. In addition to the Questionnaire, all system updates will need to be completed by Qwest. CLEC will be notified when all system changes have been made. Actual order processing may begin once these requirements have been met.

**3. Amendments; Waivers**

The provisions of this Amendment, including the provisions of this sentence, may not be amended, modified or supplemented, and waivers or consents to departures from the

provisions of this Amendment may not be given without the written consent thereto by both Parties' authorized representative. No waiver by any Party of any default, misrepresentation, or breach of warranty or covenant hereunder, whether intentional or not, will be deemed to extend to any prior or subsequent default, misrepresentation, or breach of warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

**4. Entire Agreement**

This Amendment (including the documents referred to herein) constitutes the full and entire understanding and agreement between the Parties with regard to the subjects of this Amendment and supersedes any prior understandings, agreements, amendments, or representations by or between the Parties, written or oral, to the extent they relate in any way to the subjects of this Amendment.

The Parties intending to be legally bound have executed this Amendment as of the dates set forth below, in multiple counterparts, each of which is deemed an original, but all of which shall constitute one and the same instrument.

12.4 Trouble Isolation Charge		See MSC Charges	
17.0 Bona Fide Request Process			
17.1 Processing Fee		\$2,507.07	1

NOTES:

- \* Unless otherwise indicated, all rates are pursuant to the Qwest and AT&T Interconnection Agreement approved by the Idaho Public Utilities Commission in Docket Number USW-T-96-15, Commission Order Number 27738, effective September 17, 1998.
- # Denotes voluntary rate reduction.
- ## Additional reduction to the voluntary reductions reflected in the August 5, 2002 exhibit.
  
- [1] Rates proposed in Cost Docket testimony filed on 6/29/01 & 11/16/2001. (TELRIC)
- [2] Market-based rates.
- [3] ICB, Individual Case Basis pricing.
- [4] The State of Idaho has retained the oversight on these rates. These rates are not under the jurisdiction of the FCC.
- [5] Rates not addressed in Cost Docket (TELRIC)
- [6] Regional TELRIC based where required.
- [7] A special request is a request by the customer to perform something that is technically feasible but the process and pricing are not yet in place.
- [8] Rates found in FCC Tariff #1
- [9] The preliminary engineering and planning costs are included in the caged and cageless space construction charges. These engineering and planning charges are also included in the caged and cageless quote preparation fees. Upon completion of the collocation construction, the quote preparation fee (QPF) will be credited to the final space construction charge for the collocation job. The credit will apply to whichever QPF is applied. This exhibit currently lists multiple QPFs based on what has been proposed on the cost docket and what was approved in the AT&T interconnection agreement. CLEC may choose either QPF at this time.
- [10] Qwest will not charge for this element until the Commission has an opportunity to review and approve a rate in a cost proceeding.
