Comment_description: Dear Commissioners:

I am Deputy Director Ron Vogt with the Southern Idaho Regional Communications Center . Located in Jerome Idaho. We are a 9-1-1 PSAP that services all Public Safety agencies in the four county region that encludes Twin Falls, Jerome, Gooding and Lincoln County's. I planned to attend the workshop given for the purpose of discussing Case No. QWE-T-02-25 but was called away on busines matters.

I wish at this time however to provide your commission with a few comments which when added to other information you have obtained may aid in your decision.

1). This Emergency Communications Center has lost about \$90,000.00 of projected incoming fees received from telephone companies under the Emergency Communications Act established by Idaho Code Title-31, during fiscal year ending September 2002. It is assumed by us that the prime reason for this loss was residential service shifting from landline telephone systems to the use of cell phones because of the mobility offered by them and the stability of that service in this area.

The SIRCOMM 9-1-1 center precently receives about 61% of all 9-1-1 calls are originated from cell phones.

I am not sure if this helps but I thought it best to provide it to you. I appreciate the opportunity to do so.

Thank You.

Comment_description: Dear Commissioners:

I just sent you a message regarding QWE-T-02-25 and provided a incorrect e-mail address.
My correct e-mail is ron@sircomm.com

Thank You
