**RE: QWEST PROPOSED CONSTRUCTION SCHEDULE FOR FOURTH
QUARTER 2003 IN TECH III PROJECT (QWE-T-03-4)**

Dear Jean,

Attached is the proposed construction schedule for fourth quarter 2003 associated with the Qwest Tech III infrastructure modernization project.

Doug Cooley, IPUC Telecom Staff, is familiar with this requirement for Qwest to allow Commission review of the proposed construction projects prior to ordering cable and miscellaneous material. We would appreciate formal notification of approval by the end of the month to facilitate engineering lead times.

This quarter, per our planned expenditures, the Company has proposed nearly \$900,000 in rehabilitation work.

I would be happy to answer any questions you may have during your review. You can reach me on 208-385-8666.

Sincerely,

John Souba
Director Regulatory Affairs
