**APPLICATION OF QWEST
CORPORATION D/B/A CENTURYLINK
FOR APPROVAL OF AN
INTERCONNECTION AGREEMENT
PURSUANT TO 47 U.S.C. §252(e)**

CASE NO.: QWE-T-03-6

**APPLICATION FOR APPROVAL OF
AMENDMENT TO THE
INTERCONNECTION AGREEMENT**

Qwest Corporation d/b/a CenturyLink ("CenturyLink") hereby files this Application for Approval of Amendment to the Interconnection Agreement ("Amendment"), which was approved by the Idaho Public Utilities Commission on February 25, 2003 (the "Agreement"). The Amendment with PageData, LLC ("PageData") is submitted herewith.

This Amendment was reached through voluntary negotiations without resort to mediation or arbitration and is submitted for approval pursuant to Section 252(e) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the "Act").

Section 252(e)(2) of the Act directs that a state Commission may reject an amendment reached through voluntary negotiations only if the Commission finds that: the amendment (or portion(s) thereof) discriminates against a telecommunications carrier not a party to this agreement; or the implementation of such an amendment (or portion) is not consistent with the public interest, convenience and necessity.

CenturyLink respectfully submits this Amendment provides no basis for either of these findings, and, therefore requests that the Commission approve this Amendment expeditiously. This Amendment is consistent with the public interest as identified in the pro-competitive policies of the State of Idaho, the Commission, the United States Congress, and the Federal Communications Commission. Expeditious approval of this Amendment will enable PageData

to interconnect with CenturyLink facilities and to provide customers with increased choices among paging services.

CenturyLink further requests that the Commission approve this Amendment without a hearing. Because this Amendment was reached through voluntary negotiations, it does not raise issues requiring a hearing and does not concern other parties not a party to the negotiations. Expeditious approval would further the public interest.

Respectfully submitted this 28th day of October, 2011.
