Comment_description: I think that having a payment location for my quest phone bill is very nice to have. I don't have to bring my bill the ladies that work at the payment center look it up for me. This is a big service for people like me who are always on the go and often forget to bring the bill with them.

Comment_description: Please do not approve the closer of the Pocatello Customer Payment center it would be a great deal hassle to me If I had to go any where else... I don't like the current set up That Idaho Power Uses in our community I have no belief that this situation would be any different.

Comment_description: I think that the payment centers should be left as is. People who cannot afford to have their payments expedited through the payment center (which is the fastest) so that their service cannot be disconnected.

I would love it if Qwest would please keep the payment centers available in Boise and in Pocatello for those who need it, including myself, because every month I use the payment center to have my account paid quickly, so there is a need for it here.

Thank you for your time.

Comment_description: Please don't allow Qwest to close there payment center. I use it all the time I feel I get good service when I go in as to calling. Many prople use the center and don't want it to close. If it closes then I have to go somewhere else to pay my bill and have to have the exact amount and can't get my questions answered by a Qwest employee..
