Comment_description: This is in reference to the closure of the CPC in Pocatello. I read the Staff answer stating reasons for the closure. I do not know where you got your information, but your source was incorrect in several statements. The most glaring of these errors is the statement that the alternate payment location, Super Save Drug, is located within 3 blocks of the Pocatello CPC location. I would challenge anyone on your staff to walk 3 or even 4 blocks in any direction and reach the Super Save location. This store is about 12 to 13 blocks from the CPC location. According to your attached map, it would appear to be only 3 blocks; but that map does not have any resemblance to actual distances in Pocatello. Please recheck the FACTS to make this decision that affects so many.
