RE: ADVICE 03-12-N AND 03-06-S TO REVISE TOLL RESTRICTION RATES IN ACCORDANCE WITH THE COMMISSION'S ORDER 29337, CASE NO. QWE-T-03-15, TO BE EFFECTIVE OCTOBER 1, 2003

Qwest filed these tariff advices to modify the rates for Toll Restriction Service in both the northern and southern regions and to move the service listings from the Catalog to the Basic Local Exchange Tariff in Southern Idaho. These changes were made pursuant to Commission Order No. 29337 issued in Case No. QWE-T-03-15.

Specifically, in the southern exchange tariff, Qwest added a complete Toll Restriction Service that would block 1+ calls, international calls, dialaround calls, Information sales, Operator service and long distance information calls. The service does not block toll-free services, calls to 950 numbers and local information calls. Toll Restriction will be provided at no charge to qualifying Telephone Service Assistance Program customers.

In both Northern and Southern Idaho monthly rates were increased and nonrecurring charges were decreased in accordance with Commission order. The local monthly residential rate is now \$.75 and the business rate is \$2.00. According to Qwest, customer notices were sent in about September.

STAFF RECOMMENDATION

Staff recommends approval of these compliance Advices 03-12-N and 03-06-S to be retroactively effective to October 1, 2003. Does the Commission agree?
