RE: QWEST'S APPLICATION FOR APPROVAL OF AMENDMENT TO THE
INTERCONNECTION AGREEMENT: CASE NO. QWE-T-04-13.

BACKGROUND

Under the provisions of the federal Telecommunications Act of 1996, interconnection agreements must be submitted to the Commission for approval. 47 U.S.C. § 252(e)(1). The Commission may reject an agreement adopted by negotiations only if it finds that the agreement: (1) discriminates against a telecommunications carrier not a party to the agreement; or (2) implementation of the agreement is not consistent with the public interest, convenience and necessity. 47 U.S.C. § 252(e)(2)(A).

CURRENT APPLICATION

On September 26, 2007, Qwest Corporation submitted an Application to amend an existing agreement with OrbitCom, Inc. that was approved by the Commission on July 8, 2004. In this Application, the parties request that the Commission approve an amendment to add terms and conditions for Single Point of Presence to the interconnection agreement.

STAFF ANALYSIS

Staff has reviewed the Application and does not find that any terms or conditions are discriminatory or contrary to the public interest. Staff believes that the Application is consistent with the FCC Orders and pro-competitive policies of this Commission, the Idaho Legislature, and

the federal Telecommunications Act. Accordingly, Staff recommends Commission approval of the Application.

COMMISSION DECISION

Does the Commission wish to approve this Application?
