PURSUANT TO 47 U.S.C. §252(e)**

**CASE NO.: QWE-T-05-8**

**APPLICATION FOR APPROVAL OF  
AMENDMENT TO THE  
INTERCONNECTION AGREEMENT**

Qwest Corporation (“Qwest”) hereby files this Application for Approval of Amendment to the Interconnection Agreement (“Amendment”) which was approved by the Idaho Public Utilities Commission on March 31, 2005 (the “Agreement”). The Amendment with Prime Time Ventures, LLC (“Prime Time”) is submitted herewith.

This Amendment was reached through voluntary negotiations without resort to mediation or arbitration and is submitted for approval pursuant to Section 252(e) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the “Act”).

Section 252(e)(2) of the Act directs that a state Commission may reject an amendment reached through voluntary negotiations only if the Commission finds that: the amendment (or portion(s) thereof) discriminates against a telecommunications carrier not a party to this agreement; or the implementation of such an amendment (or portion) is not consistent with the public interest, convenience and necessity.

Qwest respectfully submits this Amendment provides no basis for either of these findings, and, therefore requests that the Commission approve this Amendment expeditiously. This Amendment is consistent with the public interest as identified in the pro-competitive policies of the State of Idaho, the Commission, the United States Congress, and the Federal Communications Commission. Expedient approval of this Amendment will enable Prime

Time to interconnect with Qwest facilities and to provide customers with increased choices among local telecommunications services.

Qwest further requests that the Commission approve this Amendment without a hearing. Because this Amendment was reached through voluntary negotiations, it does not raise issues requiring a hearing and does not concern other parties not a party to the negotiations. Expedient approval would further the public interest.

Respectfully submitted this 18<sup>th</sup> day of January, 2007.

**ATTACHMENT 1****1.0 Qwest Digital Subscriber Line (Qwest DSL™) General**

1.1 In the Report and Order and Notice of Proposed Rulemaking issued simultaneously in the *Appropriate Framework for Broadband Access to the Internet over Wireline Facilities Proceeding*, Docket No. 02-33 (and associated dockets), FCC 05-150 ("Order"), effective November 16, 2005, the FCC determined that facilities-based wireline broadband Internet access service is an information service. The Order permits carriers such as Qwest to offer broadband Internet access services on either a Title I or Title II basis. Qwest has decided to offer Qwest High Speed Internet Service (also known as Qwest Digital Subscriber Line (Qwest DSL™) service) on a Title I basis. With this reclassification, Qwest has elected to withdraw its tariffed DSL offerings.

1.2 CLEC's Interconnection Agreement includes access to certain Qwest DSL™ products, including, but not limited to, when purchased in conjunction with certain UNE-P and/or Resale services.

1.3 As of the execution date of this Amendment, CLEC shall not order or purchase and Qwest will not offer or provide any Qwest DSL™ services out of CLEC's existing Interconnection Agreement(s) with Qwest. Notwithstanding, nothing in this Amendment shall prevent Qwest from offering or providing commercially negotiated replacement products to CLEC.
