RE: STAFF REVIEW OF INTERCONNECTION AGREEMENTS AND
AMENDMENTS: CASE NOS. QWE-T-05-5; QWE-T-05-19 AND
QWE-T-05-23.

BACKGROUND

Under the provisions of the federal Telecommunications Act of 1996, interconnection agreements must be submitted to the Commission for approval. 47 U.S.C. § 252(e)(1). The Commission may reject an agreement adopted by negotiations only if it finds that the agreement: (1) discriminates against a telecommunications carrier not a party to the agreement; or (2) implementation of the agreement is not consistent with the public interest, convenience and necessity. 47 U.S.C. § 252(e)(2)(A).

THE CURRENT APPLICATIONS

1. Qwest & Metropolitan Telecommunications of Idaho, Inc. (Case No. QWE-T-05-5). This Application seeks approval of the Triennial Review Order and Triennial Review Remand Order (TRO/TRRO) Amendment. This amendment adds terms to implement the provisions of the FCC's TRO and TRRO decisions. The Commission has previously approved this amendment in other cases.

2. Qwest and DIECA Communications, Inc. dba Covad Communications Company (Case No. QWE-T-05-19). Qwest and Covad previously filed a new interconnection agreement that simultaneously terminated the pre-existing agreement. This amendment identifies amendments to that pre-existing agreement that remain operative for their stated terms, or if not

specified, the life of the new agreement. The Commission has previously approved each of these amendments.

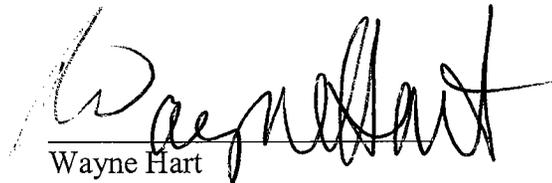

3. Qwest and Uintah Basin Electronics Telecommunication aka UBET Wireless (Case No QWE-T-05-23). This Application seeks approval of a new negotiated type II wireless interconnection agreement. The terms are similar to previously approved wireless agreements.

STAFF ANALYSIS

The Staff has reviewed all of these Applications and did not find any terms and conditions that it considers to be discriminatory or contrary to the public interest. Staff believes that these Agreements and Amendments are consistent with the pro-competitive policies of this Commission, the Idaho Legislature, and the federal Telecommunications Act of 1996. Accordingly, Staff believes that these Agreements and Amendments to previously approved interconnection agreements merit the Commission's approval.

COMMISSION DECISION

Does the Commission wish to approve the Applications for Approval of the Interconnection Agreements and Amendments listed above?
