COMMISSIONER REDFORD  
COMMISSION SECRETARY  
LEGAL  
WORKING FILE

**FROM:** GRACE SEAMAN

**DATE:** MAY 1, 2009

**RE:** QWEST'S APPLICATION TO AMEND AN INTERCONNECTION  
AGREEMENT; CASE NO. QWE-T-06-24.

### BACKGROUND

Under the provisions of the federal Telecommunications Act of 1996, interconnection agreements must be submitted to the Commission for approval. 47 U.S.C. § 252(e)(1). The Commission may reject an agreement adopted by negotiations only if it finds that the agreement: (1) discriminates against a telecommunications carrier not a party to the agreement; or (2) implementation of the agreement is not consistent with the public interest, convenience and necessity. 47 U.S.C. § 252(e)(2)(A).

### CURRENT APPLICATION

On April 22, 2009, Qwest Corporation (Qwest) submitted an Application to amend an existing interconnection agreement with MCImetro Access Transmission Services, LLC (MCImetro) approved by the Commission on February 1, 2007. In this Application, the parties request Commission approval of an amendment that incorporates terms, conditions and rates for DC Power Measurement.

### STAFF ANALYSIS

Staff has reviewed the Application and does not find that any terms or conditions are discriminatory or contrary to the public interest. Staff believes the Application is consistent with the FCC Orders and pro-competitive policies of this Commission, the Idaho Legislature, and the

federal Telecommunications Act. Accordingly, Staff recommends Commission approval of the Amendment to the Interconnection Agreement.

**COMMISSION DECISION**

Does the Commission wish to approve this Application?
