| <p>In Re WITHDRAWAL of QWEST CORPORATION'S STATEMENT OF GENERALLY AVAILABLE TERMS AND CONDITIONS</p> | <p>Case No. QWE-T-08-04</p> <p>MOTION TO APPROVE QPAP CHANGES</p> |
|---|---|

Petitioner Qwest Corporation (Qwest) by and through its undersigned attorneys moves this Commission for an order approving the changes to the Idaho Qwest Performance Assurance Plan (QPAP) enumerated below. This motion is based on the Stipulation Regarding QPAP Issues, filed in this docket on October 4, 2010, and executed by the parties to this docket and the Commission Staff. Approval of the changes listed below will narrow the issues in the present docket.

The QPAP changes for approval by the Commission are:

1. Removal of the service known as "Unbundled Network Element-Platform (POTS)" or "UNE-P (POTS)" from the Idaho PAP.
2. Changing the form of computer-to-computer interface used by CLECs from Electronic Data Interchange ("EDI") to Extensible Markup Language. This change involves defining a new Performance Indicator Definition ("PID"), GA-S, to measure XML gateway availability and modifying and, in some cases, simplifying, certain other PIDs to replace references to EDI with XML. The specific changes required to implement this modification of the Idaho PAP are explained in greater detail in the testimony of Michael G. Williams at pages 56-57. (filed in the present docket on July 30, 2010)
3. Removal of the Tier 2 provisions from the Idaho PAP.

Respectfully submitted this 9th day of October, 2010.
