<b>COMMISSION ORDER NO. 30951</b>	)	<b>ORDER NO. 32021</b>
	)	

---

On December 4, 2009, the Commission issued Order No. 30951 directing that Universal Service Fund levels for the recipient companies be adjusted, and also notifying the recipient companies that they needed to raise their residential rates to \$25.76 to continue to be eligible to receive USF funds. All but Silver Star Communications have filed tariffs to increase their residential rate as directed by the Commission in Order No. 30951, and to comply with State law regarding USF eligibility requirements. On June 22, 2010, Silver Star filed a request to delay until September 1, 2010, its rate increase. Silver Star states that it is in the middle of a system conversion that is scheduled to be substantially complete on July 1, 2010. To avoid service disruptions to customers, Silver Star requests that it be allowed until September 1, 2010, to file its revised tariffs as required by Order No. 30951.

At its Decision Meeting on June 28, 2010, the Commission determined to treat Silver Star's request as a motion and also to approve it to give the Company until September 1, 2010, to file revised tariffs as the Commission directed. The Commission further determined to notify Silver Star in the Order that if it fails to revise its rates by September 1, 2010, that its USF funding will be removed for the Company's failure to comply with the statutory USF requirements.

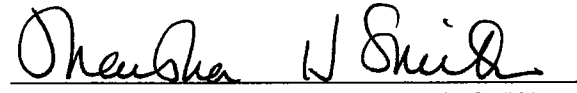

**ORDER**

IT IS HEREBY ORDERED that Silver Star's Motion to delay implementation of its revised residential service rates until September 1, 2010, is approved. If Silver Star fails to implement its qualifying residential rates by that date, its USF funding will be terminated.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date of this Order. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. See *Idaho Code* § 61-626.

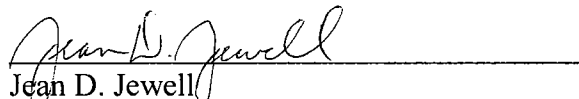

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 29<sup>th</sup>  
day of June 2010.
