

**BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION**

**IN THE MATTER OF THE APPLICATION )  
OF TELCENTREX LLC FOR A ) CASE NO. TCX-T-06-01  
CERTIFICATE OF PUBLIC CONVENIENCE )  
AND NECESSITY TO PROVIDE LOCAL )  
EXCHANGE SERVICES IN THE STATE OF ) ORDER NO. 30238  
IDAHO )**

---

On December 21, 2006, Telcentrex LLC filed an Application for a Certificate of Public Convenience and Necessity to provide local exchange telecommunications services within the State of Idaho. The Application states Telcentrex was formed and has its headquarters in the State of Georgia and is authorized to do business as a foreign limited liability company in the State of Idaho. On January 4, 2007, the Commission issued a Notice of Application and Modified Procedure requesting comments from interested parties. Order No. 30218. The only comments received were submitted by the Commission Staff.

Telcentrex intends to provide resold and facilities-based local exchange service utilizing the UNE platform purchased from incumbent local exchange carriers. Telcentrex currently has no plans to install facilities in Idaho but may do so in the future. It intends to provide resold local exchange services and to purchase unbundled network elements from Qwest and Verizon. The Company provided an illustrative tariff with its Application; it also avers that it will provide service according to the laws, rules and regulations of the Commission. Telcentrex does not intend to require advance payments or deposits from customers.

Staff reviewed the Application submitted by Telcentrex, and believes the Company understands and agrees to comply with the Commission rules and requirements. Based on this review, the Company's filing fulfills the requirements of the Commission Rules and Procedural Order No. 26665. Staff, therefore, recommended that the Commission approve the Application for a Certificate of Public Convenience and Necessity and waive the escrow account requirement until the Company begins to collect deposits.

Based upon our review of the filing and the record in this case, the Commission finds that Telcentrex's filing satisfies the requirements of the Commission's Rules and Procedural Order No. 26665. Thus, we approve Telcentrex's Application for a Certificate of Public

Convenience and Necessity to allow the Company to provide telecommunications services throughout Qwest and Verizon's service territory within the State of Idaho.

**ORDER**

IT IS HEREBY ORDERED that Telcentrex LLC is granted a Certificate of Public Convenience and Necessity to provide competitive telecommunications services within the state of Idaho.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date of this Order. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. See *Idaho Code* § 61-626.

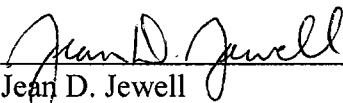

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 5<sup>th</sup> day of February 2007.
