---

On November 2, 2017, Time Clock Solutions, LLC (Time Clock) applied to the Commission for a Certificate of Public Convenience and Necessity (Application)(CPCN) authorizing it to provide local and long distance telecommunications service in Idaho. The Commission issued a Notice of Application and Notice of Modified Procedure with a 21-day comment period. Order No. 33967. Commission Staff was the only party to file written comments. After reviewing the Application and comments, the Commission approves the Application.

**THE APPLICATION**

Time Clock is a Florida corporation, authorized to do business in Florida and is located at 8725 SW 52<sup>nd</sup> Avenue, Miami, Florida 33143. Time Clock is registered with the Idaho Secretary of State. Time Clock states it plans to “to provide resold local exchange services and to purchase unbundled network elements provided by existing [local exchange carriers] LECs,” including CenturyLink and Frontier Communications. *See* Application at 3; Tariff P.S.C. No. 2 at 33. Time Clock proposes to offer a variety of interexchange (switched and dedicated services) and local exchange services. Application at 4. Time Clock agreed to comply with all Commission rules.

**STAFF COMMENTS**

Staff reviewed Time Clock’s Application and supplemental filings for compliance with the applicable legal requirements for obtaining a CPCN. Based on its review, Staff believes the Company understands and agrees to comply with the Commission’s rules and requirements. Staff believes Time Clock has fulfilled all requirements for a CPCN and recommended approval of the Company’s Application.

## **DISCUSSION AND FINDINGS**

Based on our review of the record, including the Company's Application and Staff's comments, we find that the Company's Application complies with the requirements for a CPCN. Rule of Procedure 114 sets forth the requirements that competitive local exchange carriers – such as Time Clock – must satisfy to obtain a CPCN. IDAPA 31.01.01.114. We find that Time Clock has provided all needed information in its Application, including financial information, and that Time Clock possesses the requisite financial, managerial, and technical qualifications needed to operate as a telecommunications service provider. We also find that the Company is aware of and has agreed to comply with this Commission's rules. For these reasons, we approve Time Clock's Application for a CPCN subject to the following conditions:

1. Time Clock shall comply with number pooling and reporting requirements of the North American Numbering Plan Administrator, as set forth in Commission Order No. 30425;
2. Time Clock shall provide necessary reports and contributions as appropriate to the Idaho Universal Service Fund, Idaho Telecommunications Relay System, Idaho Telecommunications Service Assistance Program, and shall comply with all future reporting requirements deemed appropriate by the Commission for competitive telecommunications providers;
3. Prior to issuance of the Certificate, Time Clock shall file a final price list outlining all its rates, terms and conditions with the Commission pursuant to IDAPA 31.01.01.133 and Order No. 26665; and
4. Time Clock will relinquish its Certificate and all telephone numbers if, within one year of issuance of a CPCN, the Company is not providing local exchange telecommunications services in Idaho.

## **ORDER**

IT IS HEREBY ORDERED that Time Clock Solutions LLC's Application for a CPCN is granted subject to the conditions outlined above.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date of this Order. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. *See Idaho Code* § 62-619.

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 23<sup>rd</sup>  
day of February 2018.
