Re: Case Nos. USW-T-97-11 and USW-T-97-15  
Application for Approval of Amendment to the Interconnection Agreement  
Verizon Wireless

Dear Ms. Jewell:

Enclosed for filing with this Commission on behalf of Qwest Corporation is an original and three (3) copies of the Application for Approval of Amendment to the Interconnection Agreement. Qwest respectfully requests that this matter be placed on the Commission Decision Meeting Agenda for expedited approval.

The Consolidation Amendment modifies the Surviving ICA as set forth in Attachment 1A and Attachment 1B. In addition, several new entities have been identified as contracting with Qwest in the Surviving Agreement. Verizon Wireless has requested that each entity which holds a license for wireless spectrum separately enter into the Surviving Agreement with Qwest, but has stated, according to the terms of the Consolidation Amendment, that ordering and provisioning will be commonly done through Verizon Wireless.

Verizon Wireless and Qwest jointly submit the Amendment, and Verizon Wireless has authorized Qwest to submit this Notice Letter on its behalf.

Please contact me if you have any questions concerning the enclosed. Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Maura E. Peterson', is written over a faint circular stamp.

**APPLICATION OF QWEST  
CORPORATION FOR APPROVAL OF  
AN INTERCONNECTION AGREEMENT  
PURSUANT TO 47 U.S.C. §252(e)**

**CASE NO.:USW-T-97-15  
USW-T-97-11**

**APPLICATION FOR APPROVAL OF  
AMENDMENT TO THE  
INTERCONNECTION AGREEMENT**

Qwest Corporation ("Qwest") hereby files this Application for Approval of Amendment to the Interconnection Agreement ("Amendment"), which was approved by the Idaho Public Utilities Commission on August 11, 1997 (the "Agreement"). The Amendment with Verizon Wireless (fka US West NewVector Group, Inc.) ("Verizon Wireless") is submitted herewith.

This Amendment was reached through voluntary negotiations without resort to mediation or arbitration and is submitted for approval pursuant to Section 252(e) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the "Act").

Section 252(e)(2) of the Act directs that a state Commission may reject an amendment reached through voluntary negotiations only if the Commission finds that: the amendment (or portion(s) thereof) discriminates against a telecommunications carrier not a party to this agreement; or the implementation of such an amendment (or portion) is not consistent with the public interest, convenience and necessity.

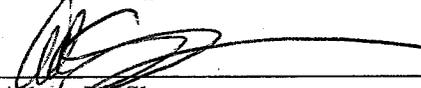

Qwest respectfully submits this Amendment provides no basis for either of these findings, and, therefore requests that the Commission approve this Amendment expeditiously. This Amendment is consistent with the public interest as identified in the pro-competitive policies of the State of Idaho, the Commission, the United States Congress, and the Federal Communications Commission. Expeditious approval of this Amendment will enable Verizon

Wireless to interconnect with Qwest facilities and to provide customers with increased choices among local telecommunications services.

Qwest further requests that the Commission approve this Amendment without a hearing. Because this Amendment was reached through voluntary negotiations, it does not raise issues requiring a hearing and does not concern other parties not a party to the negotiations. Expeditious approval would further the public interest.

Respectfully submitted this 23<sup>rd</sup> day of October, 2008.

**Qwest Corporation**

### Section 1. Surviving Interconnection Agreement

A. WSP and Qwest agree that upon execution of this Amendment, the Interconnection Agreement identified on Attachment 1B will govern the Surviving Entity and the Merging Entity with respect to the matters set forth therein (the "Surviving Agreement") and any other Agreements previously used by the Merging Entity shall immediately terminate, except that any outstanding liabilities and/or charges accrued under the Merging Entity's prior Agreements shall be assumed by the Surviving Entity and be governed by the terms, conditions and rates of the Surviving Agreement. A list of the Merging Entity Agreement and effective Amendments are listed on Attachment 1B. Attachment 1B shall also identify the Surviving Agreement and any applicable surviving amendments.

B. The Parties agree that the Surviving Entity shall legally assume all rights and liabilities of the Merging Entity, including but not limited to Billing Account Numbers, any pending order activity, refunds, credits and other related billing matters that may accrue (including but not limited to past due bills or any items under dispute), or that may have accrued but not yet been provided to the Merging Entity, including charges associated with any unexpired portions of minimum periods and minimum termination liabilities.

C. Notwithstanding any provision of this Amendment, payment of any refund or extension of any credit or other rights required by law in connection with the services provided to WSP shall be made by Qwest in the manner required by the Surviving Agreement or as required by applicable law.

### Section 2. Ordering, Provisioning and Billing

Notwithstanding Section 1 above, Qwest and WSP agree to process and bill orders according to the process described in this Section 2.

A. The Parties shall continue to separately place all orders and submit all bills related to the Merging Entity in the same manner as prior to WSP's acquisition, merger, consolidation or reorganization. Specifically, orders and billing functions relating to assets (e.g. circuits and collocations) originally assigned to the Merging Entity shall be placed using the codes originally assigned to the Merging Entity. WSP agrees that it shall be solely responsible to ensure that the correct codes for the Merging Entity are utilized when placing orders and/or billing functions and for any delays or errors caused by WSP's failure to comply with this process. Any bills to Qwest related to the Merging Entity shall also utilize the separate Merging Entity codes. In the event WSP fails to comply with this process, Qwest reserves the right to terminate this process upon thirty (30) days' prior written notice. Upon termination of the process, WSP agrees to comply with Qwest's current process to change the codes from the Merging Entity to the Surviving Entity codes. In addition, WSP may opt, at any time during this agreement, to change the codes from the Merging Entity to the Surviving Entity codes by following Qwest's then-current process for such changes.

B. WSP and Qwest shall continue processing WSP's orders and billing functions using the separate Merging Entity codes and continue to issue separate bills and payments to and from the Merging Entity in the same manner as prior to WSP's consolidation or reorganization. Nevertheless, WSP agrees that the Surviving Entity is fully responsible for purposes of contract, billing and all other matters for the services being ordered, provisioned and billed, regardless of the Merging Entity code being utilized.

C. WSP and Qwest agree that the procedures set forth in A and B above shall apply to all orders and bills that relate or depend upon existing collocations and facilities. Orders and bills involving new collocations and related facilities shall only utilize the Surviving Entity ACNA(s), as identified on Attachment 1B and related industry codes.

D. To the extent that WSP requires a billing address change, personnel access updates (systems) or other notice changes, WSP shall submit an updated questionnaire and also agrees to complete any other forms required by Qwest to accomplish the matters contemplated under this Amendment.

### **Section 3. Authorization to Consolidate Merging Entities and Utilize Codes**

A. WSP represents that it has obtained all necessary Commission or other approvals to consolidate, merge or reorganize the Merging Entity into the Surviving Entity and continue using the Merging Entity ACNA and other codes described on Attachment 1B. Upon request, WSP shall provide Qwest documentation supporting such approvals or authorizations.

B. WSP agrees to indemnify and hold harmless Qwest, its affiliates, officers and directors, employees, agents and contractors from any liability, claims, or causes of action arising out of its use of the Merging Entity ACNA and other codes as contemplated under this Amendment.

This Amendment is intended to accommodate the Parties' agreement to maintain the operational status quo between the Parties. The Amendment reflects the continued operation of all of WSP's respective business operations and activities in the same manner in which WSP did so prior to implementing its legal entity merger/acquisition/reorganization/consolidation, albeit through a single legal Surviving Entity under a single Surviving Agreement.

### 1. Signaling Networks

**1.1 Transition for Signaling Networks** - Upon the Execution Date, WSP will not place, and Qwest will not accept, ASRs for unbundled signaling network elements. Qwest account representatives will work with WSP on a plan to convert any existing unbundled signaling network elements to other available Qwest products or services. WSP will submit complete, error-free ASRs to convert or disconnect any existing unbundled signaling network elements with due dates that are within ninety (90) days of the Execution Date. Qwest and WSP will work together to identify those network elements.

**1.2 Failure to Convert Non-Impaired Network Elements – Signaling Networks.** Absent WSP transition of signaling networks within ninety (90) days of the Execution Date, Qwest will convert services to alternate arrangements. WSP is subject to back billing for the difference between the rates for the UNEs and rates for the Qwest alternative service arrangements to the ninety-first (91<sup>st</sup>) day. WSP is also responsible for all non-recurring charges associated with such conversions.

### **ATTACHMENT 3**

#### **BILL AND KEEP**

The Parties agree that, based upon a three month study of actual traffic originated and terminated between Qwest's network and WSP's network, their respective traffic is relatively balanced. Therefore, neither Party shall bill the other Party reciprocal compensation for Call Termination and Call Transport (bill and keep) for Local Calling Area traffic as defined in this agreement.

Inter-MTA factors for determining non-Local traffic will remain as currently agreed upon by the Parties.

#### **FACILITIES CREDIT**

When WSP leases two-way facilities from Qwest for Entrance Facility (EF), Direct Trunked Transport (DTT) and Multiplexing, Qwest's charges shall be adjusted to account for the portion of the facility used to transport traffic originated by Qwest's end users to WSP, as follows:

A credit will be calculated by multiplying (1) the sum of the total monthly two-way channel facility for the EF and DTT, multiplexer and distance sensitive facilities state-specific charges by (2) a factor of 0.172 (17.2 percent) which is based on a three consecutive month traffic study. This credit will be applied each month for the term of this Agreement.

The Parties agree that the Facilities Credit is intended to apply only to Type 2 interconnection facilities which are actually utilized as two-way facilities, and will not apply to one-way facilities. Unless the Parties agree otherwise in writing, either Party may route traffic to the other utilizing one-way trunks. Recurring charge for these trunks will be borne by the initiating Party.

Installation nonrecurring charges may be assessed by Qwest for each Type 2 trunk ordered by WSP, at the rates specified in the Agreement.
