RE: Interconnection Agreement between Verizon Northwest Inc. and MCImetro  
Access Transmission Services LLC ("MCI").

Dear Ms. Jewell,

Enclosed for Commission approval are the original and three copies of a new agreement between Verizon Northwest Inc. MCImetro Access Transmission Services LLC ("MCI"). MCI has adopted the terms of the ICG Telecom California agreement pursuant to the GTE/Bell Atlantic merger conditions.

Please call me at (503) 645-7909 if you should have any questions.

Sincerely,

Renee M. Willer  
Verizon Northwest Inc.

Re: Requested Adoption Under the FCC Merger Conditions

Dear Ms. Garvin:

Verizon Northwest Inc. ("Verizon"), a Washington corporation with its principal place of business at 1800 41<sup>st</sup> Street, Everett, WA 98201, has received your letter stating that, pursuant to paragraph 31(a) of the BA/GTE Merger Conditions ("Merger Conditions"), released by the FCC on June 16, 2000 in CC Docket No. 98-184, MCImetro Access Transmission Services LLC ("MCIIm"), a Delaware limited liability company with its principal place of business at 22001 Loudoun County Parkway, Ashburn, VA 20147, wishes to provide services to customers in Verizon's service territory in the State of Idaho by adopting the voluntarily negotiated terms of the Interconnection Agreement between ICG Telecom Group Inc. ("ICG") and Verizon California Inc., f/k/a GTE California Incorporated ("Verizon California") that was approved by the California Public Utilities Commission as an effective agreement in the State of California, as such agreement exists on the date hereof after giving effect to operation of law (the "Verizon California Terms").

I understand that MCIIm has a copy of the Verizon California Terms which, in any case, are attached hereto as Appendix 1. Please note the following with respect to MCIIm's adoption of the Verizon California Terms.

1. By MCIIm's countersignature on this letter, MCIIm hereby represents and agrees to the following four points:

- (A) MCIIm and Verizon agree to be bound by and adopt in the service territory of Verizon, the Verizon California Terms, as they are in effect on the date hereof after giving effect to operation of law, and in applying the Verizon California Terms, agree that MCIIm shall be substituted in place of ICG Telecom Group Inc. and ICG in the Verizon California Terms wherever appropriate.
- (B) Notice to MCIIm and Verizon as may be required or permitted under the Verizon California Terms shall be provided as follows:

To MCIIm:

MCIImetro Access Transmission Services LLC  
Attention: Vice President -  
National Carrier & Contract Management  
5055 North Point Parkway  
Alpharetta, GA 30022  
Telephone number: 678/259-5456  
Facsimile: 678/259-5446  
Internet Address: Marcel.Henry@mci.com

with a copy to each of:

MCIImetro Access Transmission Services LLC  
Attention: Chief Technology & Network Counsel  
1133 19<sup>th</sup> Street, N.W.  
Washington, DC 20036  
Telephone Number: 202/736-6578  
Facsimile: 202/736-6903

MCIImetro Access Transmission Services LLC  
Attention: Senior Manager - Carrier Agreements  
2678 Bishop Drive, Suite 200  
San Ramon, CA 94583

with a copy to:

Vice President and Associate General Counsel  
Verizon Wholesale Markets  
1515 North Court House Road, Suite 500  
Arlington, VA 22201  
Facsimile: 703/351-3664

- (C) MCIIm represents and warrants that it is a certified provider of local telecommunications service in the State of Idaho, and that its adoption of the Verizon California Terms will only cover services in the service territory of Verizon in the State of Idaho.
  - (D) MCIIm represents and warrants that, prior to its adoption of the Verizon California Terms, MCIIm and Verizon do not have and have not had in force an interconnection agreement for the service territory of Verizon in the State of Idaho.
2. MCIIm's adoption of the Verizon California Terms shall become effective on June 25, 2003. Verizon shall file this adoption letter with the Idaho Public Utilities Commission ("Commission") promptly upon receipt of an original of this letter, countersigned by a duly authorized representative of MCIIm. The term and termination provisions of the ICG/Verizon California agreement shall govern MCIIm's adoption of the Verizon California Terms. MCIIm's adoption of the Verizon California Terms is currently scheduled to expire on June 20, 2004.
  3. As the Verizon California Terms are being adopted by MCIIm pursuant to the Merger Conditions, Verizon does not provide the Verizon California Terms to MCIIm as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Verizon California Terms does not in any way constitute a waiver by Verizon of any position as to the Verizon California Terms or a portion thereof. Nor does it constitute a waiver by Verizon of any rights and remedies it may have to seek review of the Verizon California Terms, or to seek review of any provisions included in these Verizon California Terms as a result of MCIIm's election pursuant to the Merger Conditions.

4. For avoidance of doubt, please note that adoption of the Verizon California Terms will not result in reciprocal compensation payments for Internet traffic. Verizon has always taken the position that reciprocal compensation was not due to be paid for Internet traffic under section 251(b)(5) of the Act. Verizon's position that reciprocal compensation is not to be paid for Internet traffic was confirmed by the FCC in the Order on Remand and Report and Order adopted on April 18, 2001 ("*FCC Remand Order*"), which held that Internet traffic constitutes "information access" outside the scope of the reciprocal compensation obligations set forth in section 251(b)(5) of the Act.<sup>1</sup> Accordingly, compensation for Internet traffic – if any – is governed by the terms of the *FCC Remand Order*, not pursuant to adoption of the Verizon California Terms.<sup>2</sup> Moreover, in light of the *FCC Remand Order*, even if the Verizon California Terms include provisions invoking an intercarrier compensation mechanism for Internet traffic, any reasonable amount of time permitted for adopting such provisions has expired under the FCC's rules implementing section 252(i) of the Act.<sup>3</sup> In fact, the *FCC Remand Order* made clear that carriers may not adopt provisions of an existing interconnection agreement to the extent that such provisions provide compensation for Internet Traffic.<sup>4</sup>
  
5. MCI's adoption of the Verizon California Terms pursuant to the Merger Conditions is subject to all of the provisions of such Merger Conditions. Please note that the Merger Conditions exclude the following provisions from the interstate adoption requirements: state-specific pricing, state-specific performance measures, provisions that incorporate a determination reached in an arbitration conducted in the relevant state under 47 U.S.C. Section 252 and provisions that incorporate the results of negotiations with a state commission or telecommunications carrier outside of the negotiation procedures of 47 U.S.C. Section 252(a)(1). Verizon, however, does not oppose MCI's adoption of the Verizon California Terms at this time, subject to the following reservations and exclusions:

---

<sup>1</sup> Order on Remand and Report and Order, In the Matters of: Implementation of the Local Competition Provisions in the Telecommunications Act of 1996 and Intercarrier Compensation for ISP-Bound Traffic, CC Docket No. 99-68 (rel. April 27, 2001) ("*FCC Remand Order*") ¶44, *remanded*, *WorldCom, Inc. v. FCC*, No. 01-1218 (D.C. Cir. May 3, 2002). Although the D.C. Circuit remanded the *FCC Remand Order* to permit the FCC to clarify its reasoning, it left the order in place as governing federal law. *See WorldCom, Inc. v. FCC*, No. 01-1218, slip op. at 5 (D.C. Cir. May 3, 2002).

<sup>2</sup> For your convenience, an industry letter distributed by Verizon explaining its plans to implement the *FCC Internet Order* can be viewed at Verizon's Customer Support Website at URL [www.verizon.com/wise](http://www.verizon.com/wise) (select Verizon East Customer Support, Business Resources, Customer Documentation, Resources, Industry Letters, CLEC, May 21, 2001 Order on Remand).

<sup>3</sup> *See, e.g.*, 47 C.F.R. Section 51.809(c). These rules implementing section 252(i) of the Act apply to interstate adoptions under the Merger Conditions as well. *See, e.g.*, Merger Conditions ¶32 (such adoptions shall be made available "under the same rules that would apply to a request under 47 U.S.C. Section 252(i)").

<sup>4</sup> *FCC Remand Order* ¶82.

- (A) Verizon's standard pricing schedule for interconnection agreements in Idaho (as such schedule may be amended from time to time) (attached as Appendix 2 hereto), which includes (without limitation) rates for reciprocal compensation, shall apply to MCIIm's adoption of the Verizon California Terms. MCIIm should note that the aforementioned pricing schedule may contain rates for certain services the terms for which are not included in the Verizon California Terms or that are otherwise not part of this adoption. In an effort to expedite the adoption process, Verizon has not deleted such rates from the pricing schedule. However, the inclusion of such rates in no way obligates Verizon to provide the subject services and in no way waives Verizon's rights under the Merger Conditions.
  - (B) MCIIm's adoption of the Verizon California Terms shall not obligate Verizon to provide any interconnection arrangement or unbundled network element unless it is feasible to provide given the technical, network and Operations Support Systems attributes and limitations in, and is consistent with the laws and regulatory requirements of the State of Idaho and with applicable collective bargaining agreements.
  - (C) Nothing herein shall be construed as or is intended to be a concession or admission by Verizon that any provision in the Verizon California Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and the Commissions, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Verizon California Terms.
  - (D) Terms, conditions and prices contained in tariffs cited in the Verizon California Terms shall not be considered negotiated and are excluded from MCIIm's adoption.
  - (E) MCIIm's adoption does not include any terms that were arbitrated in the Verizon California Terms.
6. Verizon reserves the right to deny MCIIm's adoption and/or application of the Verizon California Terms, in whole or in part, at any time:
- (A) when the costs of providing the Verizon California Terms to MCIIm are greater than the costs of providing them to ICG;
  - (B) if the provision of the Verizon California Terms to MCIIm is not technically feasible; and/or
  - (C) if the Verizon California Terms were negotiated between ICG and Verizon California on or before June 30, 2000; and/or
  - (D) if Verizon otherwise is not obligated to permit such adoption and/or application under the Merger Conditions or under applicable law.

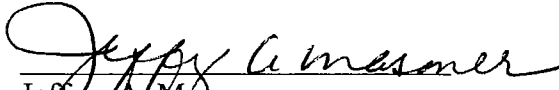

7. Should MCIIm attempt to apply the Verizon California Terms in a manner that conflicts with paragraphs 3-6 above, Verizon reserves its rights to seek appropriate legal and/or equitable relief.
  
8. In the event that a voluntary or involuntary petition has been or is in the future filed against MCIIm under bankruptcy or insolvency laws, or any law relating to the relief of debtors, readjustment of indebtedness, debtor reorganization or composition or extension of debt (any such proceeding, an "Insolvency Proceeding"), then: (i) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and MCIIm's adoption of the Verizon California Terms shall in no way impair such rights of Verizon; and (ii) all rights of MCIIm resulting from MCIIm's adoption of the Verizon California Terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366. In the event that an interconnection agreement between Verizon and MCIIm is currently in force in the State of Idaho (the "Original ICA"), MCIIm's adoption of the Terms (the "Amended and Restated Interconnection Agreement") shall be an amendment and restatement of, and replace in its entirety, the Original ICA. The Amended and Restated Interconnection Agreement is not intended to be, nor shall it be construed to create, a novation or accord and satisfaction with respect to the Original ICA. All monetary obligations of the parties to one another under the Original ICA shall remain in full force and effect and shall constitute monetary obligations of the parties under the Amended and Restated Interconnection Agreement; provided, however, in the event that MCIIm is currently a debtor in an Insolvency Proceeding nothing contained herein shall convert any claim or debt that would otherwise constitute a prepetition claim or debt in MCIIm's Insolvency Proceeding into a post-petition claim or debt.

**SIGNATURE PAGE**

Please arrange for a duly authorized representative of MCI to sign this letter in the space provided below and return it to Verizon.

Sincerely,

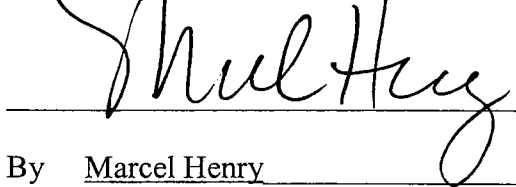

VERIZON NORTHWEST INC.

Jeffrey A. Masoner

Vice President – Interconnection Services Policy & Planning

Reviewed and countersigned as to points A, B, C, and D of paragraph 1. MCI acknowledges Verizon's position statements of paragraphs 2 through 8 above ("Verizon's Statements of Position"), but MCI (i) disagrees with them, (ii) reserves all rights to dispute any and all of Verizon's Statements of Position, and (iii) asserts that Verizon's Statements of Position do not, and should not be used to, change or alter the underlying Verizon California Terms adopted by MCI. Further, MCI reserves all rights it may have under the Verizon California Terms or under applicable law to challenge any rates attached hereto which have not been approved by order of the Idaho Commission.

**APPENDIX 2**  
**IDAHO**  
Ver. 1.1

**I. Rates and Charges for Transportation and Termination of Traffic<sup>1</sup>**

A. Reciprocal Compensation Traffic Termination

Reciprocal Compensation Traffic End Office Rate: **\$0.0050687 per minute of use.**

Reciprocal Compensation Traffic Tandem Rate: **\$0.0070138 per minute of use.**

B. The Tandem Transit Service Charge is **\$0.0018345 per minute of use.**

Transit Service Billing Fee – Five (5) percent of the Tandem Transiting Charges assessed during the billing period for traffic exchanged with the relevant third party carrier.

Transit Service Trunking Charge – The rate for Dedicated DS1 Meet Point B (Tandem) trunk port, as set forth in the Verizon FCC Interstate Tariff No. 14 for the relevant third party carrier.

C. Entrance Facility and Transport for Interconnection Rates: **See Intrastate Special Access Tariff**

---

<sup>1</sup> All rates and charges specified herein are pertaining to the Interconnection Attachment of the Verizon California Terms.

## II. Prices for Unbundled Network Elements

### Monthly Recurring Charges<sup>3</sup>

Dark Fiber IDT –Facility	\$	24.80
Dark Fiber IDT –Termination	\$	6.34
Intermediate Office Cross Connect		TBD

## **UNE-P Pricing**

MRCs. The MRC for a UNE-P will generally be equal to the sum of the MRCs for the combined UNEs (e.g. the total of the UNE loop charge plus the UNE port charges in the Agreement (see Note A) plus: UNE local switching (per minute originating usage plus T/O factor to determine terminating minutes) based on UNE local switching rates in the Agreement plus UNE shared transport and tandem switching (based on factors for percent interoffice and tandem switch usage, plus assumed transport mileage of 10 miles and 2 terms) based on UNE shared transport rates in the Agreement plus UNE Vertical Services charges (optional per line charges, if allowed by the Agreement).

(Note A): UNE platforms are available in four loop/port configurations as shown below. If the price for any component of these platforms is not set forth herein, Verizon will use the ICB process to determine the appropriate price and TBD pricing shall apply.

UNE Basic Analog Voice Grade Platform consists of the following components:

UNE 2-wire Analog loop; and  
UNE Basic Analog Line Side port

UNE ISDN BRI Platform consists of the following components:

UNE 2-wire Digital loop; and  
UNE ISDN BRI Digital Line Side port

UNE ISDN PRI Platform consists of the following components:

UNE DS1 loop; and  
UNE ISDN PRI Digital Trunk Side port

UNE DS1 Platform consists of the following components:

UNE DS1 loop; and  
UNE DS1 Digital Trunk Side port

## NRCs.

Optional NRCs will apply as ordered by the CLEC including such charges as Expedites, Coordinated Conversions, loop Conditioning, etc.

Operator Services and Directory Assistance Services (OS/DA). If MCI does not initially utilize available customized routing services to re-route OS/DA calls to its own or another party's operator services platform, Verizon will bill the CLEC for OS/DA calls at a market-based ICB rate pending MCI's completion of a separate OS/DA agreement.

## EEL Pricing

MRCs. The MRCs for an EEL will generally be equal to the applicable MRCs for UNEs and Multiplexing that comprise an EEL arrangement (e.g. UNE Loop, IDT, CDT, Multiplexing, & Clear Channel Capability).

## **Application of NRCs**

### **Preordering:**

CLEC Account Establishment is a one-time charge applied the first time that MCI orders any service from the Verizon California Terms.

Customer Record Search applies when MCI requests a summary of the services currently subscribed to by the end-user.

### **Ordering and Provisioning:**

Initial Service Order (ISO) applies to each Local Service Request (LSR) and Access Service Request (ASR) for new service. Charge is Manual (e.g. for a faxed order) or Semi-Mechanized (e.g. for an electronically transmitted order) based upon the method of submission used by the CLEC.

Subsequent Service Order applies to each LSR/ASR for modifications to an existing service. Charge is Manual or Semi-Mechanized based upon the method of submission used by the CLEC.

Advanced ISO applies per LSR/ASR when engineering work activity is required to complete the order.

Exchange ISO applies per LSR/ASR when no engineering work activity is required to complete the order.

Provisioning – Initial Unit applies per ISO for the first unit installed. The Additional Unit applies for each additional unit installed on the same ISO.

Basic Provisioning applies to services that can be provisioned using standard network components maintained in inventory without specialized instructions for switch translations, routing, and service arrangements.

Complex Provisioning applies to services that require special instruction for the provisioning of the service to meet the customer's needs.

### **Examples of services and their Ordering/Provisioning category that applies:**

Exchange-Basic: 2-Wire Analog, 4-Wire Analog, Standard Sub-Loop Distribution, Standard Sub-Loop Feeder, Drop and NID.

Exchange-Complex: Non-loaded Sub-Loop Distribution, Non-load Sub-Loop Feeder, Loop Conditioning, Customized Routing, ISDN BRI Digital Line Side Port and Line Sharing.

Advanced-Basic: 2-Wire Digital Loop, 4-Wire Digital Loop

Advanced-Complex: DS1 Loop, DS3 Loop, Dark Fiber, EELs, and ISDN PRI Digital Trunk Side Port

Conditioning applies in addition to the ISO, for each Loop or Sub-Loop UNE for the installation and grooming of Conditioning requests.

DS1 Clear Channel Capability applies in addition to the ISO, per DS1 for the installation and grooming of DS1 Clear Channel Capability requests.

Changeover Charge applies to UNE-P and EEL orders when an existing retail, resale, or special access service is already in place.

Service Inquiry – Dark Fiber applies per service inquiry when a CLEC requests Verizon to determine the availability of dark fiber on a specific route.

EELs - The NRCs that generally apply to an EEL arrangement are applicable ordering & provisioning charges for EEL Loops, IDT, CDT, Multiplexing and Clear Channel Capability

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite applies if MCI requests service prior to the standard due date intervals and the expedite request can be met by Verizon.

Coordinated Conversion applies if MCI requests notification and coordination of service cut-over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if MCI requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

Design Change Charge applies to EELs & Transport orders for design changes requested by the CLEC.
