Re: Requested Adoption Under the FCC Merger Conditions

Dear Mr. Lewis:

Verizon Northwest Inc. ("Verizon"), a Washington corporation with its principal place of business at 1800 41st Street, Everett, WA 98201, has received your letter stating that, pursuant to paragraph 32 of the BA/GTE Merger Conditions ("Merger Conditions"), released by the FCC on June 16, 2000 in CC Docket No. 98-184, Volo Communications of Idaho, Inc. ("VOLO-ID"), a Delaware corporation with its principal place of business at 151 S. Wymore Rd., Suite 3000, Altamonte Springs, FL 32714, wishes to provide services to customers in Verizon's service territory in the State of Idaho by adopting the voluntarily negotiated terms of the Interconnection Agreement between Sprint Communications Company L.P. ("Sprint") and Verizon Northwest Inc., f/k/a GTE California Incorporated ("Verizon California") that was approved by the California Public Utilities Commission as an effective agreement in the State of California, as such agreement exists on the date hereof after giving effect to operation of law (the "Verizon California Terms").

I understand that VOLO-ID has a copy of the Verizon California Terms which, in any case, are attached hereto as Appendix 1. Please note the following with respect to VOLO-ID's adoption of the Verizon California Terms.

1. By VOLO-ID's countersignature on this letter, VOLO-ID hereby represents and agrees to the following five points:

- (A) VOLO-ID agrees to be bound by and adopts in the service territory of Verizon, the Verizon California Terms, as they are in effect on the date hereof after giving effect to operation of law, and in applying the Verizon California Terms, agrees that VOLO-ID shall be substituted in place of Sprint Communications Company L.P. and Sprint in the Verizon California Terms wherever appropriate.
- (B) For avoidance of doubt, adoption of the Terms does not include adoption of any provision imposing an unbundling obligation on Verizon that no longer applies under the Report and Order and Order on Remand (FCC 03-36) released by the Federal Communications Commission ("FCC") on August 21, 2003 in CC Docket Nos. 01-338, 96-98, 98-147 ("Triennial Review Order"), which became effective on October 2, 2003. In light of the effectiveness of the Triennial Review Order, any reasonable period of time for adopting such provisions has expired under the FCC's rules implementing section 252(i) of the Act (*see, e.g.*, 47 CFR Section 51.809(c)).
- (C) Notice to VOLO-ID and Verizon as may be required or permitted under the Verizon California Terms shall be provided as follows:

- (D) VOLO-ID represents and warrants that it is a certified provider of local telecommunications service in the State of Idaho, and that its adoption of the Verizon California Terms will only cover services in the service territory of Verizon in the State of Idaho.
- (E) In the event an interconnection agreement between Verizon and VOLO-ID is currently in effect in the State of Idaho (the "Original ICA"), this adoption shall be an amendment and restatement of the operating terms and conditions of the Original ICA, and shall replace in their entirety the terms of the Original ICA. This adoption is not intended to be, nor shall it be construed to create, a novation or accord and satisfaction with respect to the Original ICA. Any outstanding payment obligations of the parties that were incurred but not fully performed under the Original ICA shall constitute payment obligations of the parties under this adoption.
2. VOLO-ID's adoption of the Verizon California Terms shall become effective on December 5, 2003. Verizon shall file this adoption letter with the Idaho Public Utilities Commission ("Commission") promptly upon receipt of an original of this letter, countersigned by an authorized officer of VOLO-ID. The term and termination provisions of the Sprint/Verizon California agreement shall govern VOLO-ID's adoption of the Verizon California Terms. VOLO-ID's adoption of the Verizon California Terms is currently scheduled to expire on April 15, 2004.
3. As the Verizon California Terms are being adopted by VOLO-ID pursuant to the Merger Conditions, Verizon does not provide the Verizon California Terms to VOLO-ID as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Verizon California Terms does not in any way constitute a waiver by Verizon of any position as to the Verizon California Terms or a portion thereof. Nor does it constitute a waiver by Verizon of any rights and remedies it may have to seek review of the Verizon California Terms, or to seek review of any provisions included in these Verizon California Terms as a result of VOLO-ID's election pursuant to the Merger Conditions.
4. For avoidance of doubt, please note that adoption of the Verizon California Terms will not result in reciprocal compensation payments for Internet traffic. Verizon has always taken the position that reciprocal compensation was not due to be paid for Internet traffic under section 251(b)(5) of the Act. Verizon's position that reciprocal compensation is not to be paid for Internet traffic was confirmed by the FCC in the Order on Remand and Report and Order adopted on April 18, 2001 ("*FCC Remand Order*"), which held that Internet traffic constitutes "information access" outside the scope of the reciprocal compensation obligations set forth in section 251(b)(5) of the Act.¹ Accordingly, compensation for Internet traffic – if

April 27, 2001) ("*FCC Remand Order*") ¶44, *remanded*, *WorldCom, Inc. v. FCC*, No. 01-1218 (D.C. Cir. May 3, 2002). Although the D.C. Circuit remanded the *FCC Remand Order*

any – is governed by the terms of the *FCC Remand Order*, not pursuant to adoption of the Verizon California Terms.² Moreover, in light of the *FCC Remand Order*, even if the Verizon California Terms include provisions invoking an intercarrier compensation mechanism for Internet traffic, any reasonable amount of time permitted for adopting such provisions has expired under the FCC’s rules implementing section 252(i) of the Act.³ In fact, the *FCC Remand Order* made clear that carriers may not adopt provisions of an existing interconnection agreement to the extent that such provisions provide compensation for Internet Traffic.⁴

5. VOLO-ID’s adoption of the Verizon California Terms pursuant to the Merger Conditions is subject to all of the provisions of such Merger Conditions. Please note that the Merger Conditions exclude the following provisions from the interstate adoption requirements: state-specific pricing, state-specific performance measures, provisions that incorporate a determination reached in an arbitration conducted in the relevant state under 47 U.S.C. Section 252 and provisions that incorporate the results of negotiations with a state commission or telecommunications carrier outside of the negotiation procedures of 47 U.S.C. Section 252(a)(1). Verizon, however, does not oppose VOLO-ID’s adoption of the Verizon California Terms at this time, subject to the following reservations and exclusions:

- (A) Verizon’s standard pricing schedule for interconnection agreements in Idaho (as such schedule may be amended from time to time) (attached as Appendix 2 hereto), which includes (without limitation) rates for reciprocal compensation, shall apply to VOLO-ID’s adoption of the Verizon California Terms. VOLO-ID should note that the aforementioned pricing schedule may contain rates for certain services the terms for which are not included in the Verizon California Terms or that are otherwise not part of this adoption. In an effort to expedite the adoption process, Verizon has not deleted such rates from the pricing schedule. However, the inclusion of such rates in no way obligates Verizon to provide the subject services and in no way waives Verizon’s rights under the Merger Conditions.

to permit the FCC to clarify its reasoning, it left the order in place as governing federal law. *See WorldCom, Inc. v. FCC*, No. 01-1218, slip op. at 5 (D.C. Cir. May 3, 2002).

² For your convenience, an industry letter distributed by Verizon explaining its plans to implement the *FCC Internet Order* can be viewed at Verizon’s Customer Support Website at URL www.verizon.com/wise (select Verizon East Customer Support, Business Resources, Customer Documentation, Resources, Industry Letters, CLEC, May 21, 2001 Order on Remand).

³ *See, e.g.*, 47 C.F.R. Section 51.809(c). These rules implementing section 252(i) of the Act apply to interstate adoptions under the Merger Conditions as well. *See, e.g.*, Merger Conditions ¶32 (such adoptions shall be made available “under the same rules that would apply to a request under 47 U.S.C. Section 252(i)”).

⁴ *FCC Remand Order* ¶82.

- (B) VOLO-ID's adoption of the Verizon California Terms shall not obligate Verizon to provide any interconnection arrangement or unbundled network element unless it is feasible to provide given the technical, network and Operations Support Systems attributes and limitations in, and is consistent with the laws and regulatory requirements of the State of Idaho and with applicable collective bargaining agreements.
 - (C) Nothing herein shall be construed as or is intended to be a concession or admission by Verizon that any provision in the Verizon California Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and the Commissions, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Verizon California Terms.
 - (D) Terms, conditions and prices contained in tariffs cited in the Verizon California Terms shall not be considered negotiated and are excluded from VOLO-ID's adoption.
 - (E) VOLO-ID's adoption does not include any terms that were arbitrated in the Verizon California Terms.⁵
6. Verizon reserves the right to deny VOLO-ID's adoption and/or application of the Verizon California Terms, in whole or in part, at any time:
- (A) when the costs of providing the Verizon California Terms to VOLO-ID are greater than the costs of providing them to Sprint;
 - (B) if the provision of the Verizon California Terms to VOLO-ID is not technically feasible; and/or
 - (C) if Verizon otherwise is not obligated to permit such adoption and/or application under the Merger Conditions or under applicable law.
7. Should VOLO-ID attempt to apply the Verizon California Terms in a manner that conflicts with paragraphs 3-6 above, Verizon reserves its rights to seek appropriate legal and/or equitable relief.
8. In the event that a voluntary or involuntary petition has been or is in the future filed against VOLO-ID under bankruptcy or insolvency laws, debtor reorganization or composition (any such proceeding, an "Insolvency Proceeding"), then: (i) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and VOLO-ID's adoption of the Verizon California Terms shall in no way impair such rights of Verizon; and (ii) all rights of VOLO-ID resulting from VOLO-ID's

adoption of the Verizon California Terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366.

Reviewed and countersigned as to points A, B, C, D, and E of paragraph 1: VOLO-ID agrees that its adoption of the Terms become effective as of December 5, 2003, as specified in paragraph 2, above. VOLO-ID notes, however, its disagreement with several of the assertions contained in paragraphs 2-8 above, and reserves all rights to seek appropriate legal, regulatory and/or equitable relief should Verizon act in a manner that conflicts or is inconsistent with the Terms and/or applicable laws, rules and regulations.

UNE-P Pricing

MRCs. The MRC for a UNE-P will generally be equal to the sum of the MRCs for the combined UNEs (e.g. the total of the UNE loop charge plus the UNE port charges in the Agreement (see Note A) plus: UNE local switching (per minute originating usage plus T/O factor to determine terminating minutes) based on UNE local switching rates in the Agreement plus UNE shared transport and tandem switching (based on factors for percent interoffice and tandem switch usage, plus assumed transport mileage of 10 miles and 2 terms) based on UNE shared transport rates in the Agreement plus UNE Vertical Services charges (optional per line charges, if allowed by the Agreement).

(Note A): UNE platforms are available in four loop/port configurations as shown below. If the price for any component of these platforms is not set forth herein, Verizon will use the ICB process to determine the appropriate price and TBD pricing shall apply.

UNE Basic Analog Voice Grade Platform consists of the following components:

UNE 2-wire Analog loop; and
UNE Basic Analog Line Side port

UNE ISDN BRI Platform consists of the following components:

UNE 2-wire Digital loop; and
UNE ISDN BRI Digital Line Side port

UNE ISDN PRI Platform consists of the following components:

UNE DS1 loop; and
UNE ISDN PRI Digital Trunk Side port

UNE DS1 Platform consists of the following components:

UNE DS1 loop; and
UNE DS1 Digital Trunk Side port

NRCs. Optional NRCs will apply as ordered by the CLEC including such charges as Expedites, Coordinated Conversions, loop Conditioning, etc.

EEL Pricing

MRCs. The MRCs for an EEL will generally be equal to the applicable MRCs for UNEs and Multiplexing that comprise an EEL arrangement (e.g. UNE Loop, IDT, CDT, Multiplexing, & Clear Channel Capability).

Line Splitting⁵

Except as noted in the following paragraph, the provider of voice services in a Line Splitting arrangement ("VLEC") will be billed for all charges associated with the Network Elements and other Verizon services, facilities and arrangements, used in conjunction with the Line Splitting arrangement ("Line Splitting Arrangement"), regardless of which CLEC in the Line Splitting Arrangement orders the Network Elements or other Verizon services, facilities or arrangements. These charges include, but are not limited to, all applicable non-recurring charges and monthly recurring charges related to such Line Splitting Arrangement, including but not limited to UNE-P (2-wire digital UNE loop or 2-wire ADSL capable UNE loop, UNE switch port, UNE local switching usage, UNE local transport and usage rates), testing, pre-qualification, OSS, line conditioning, CLEC account establishment and misdirected trouble charges.

The CLEC with the applicable collocation arrangement will be billed for splitter establishment and collocation related charges.

⁵ Rates for the individual line splitting components are contained in existing terms for Unbundled Network Elements and Collocation.
