SUPPLEMENTAL COMMENTS  
OF VERIZON NORTHWEST  
INC.

On July 7, 2005, Verizon Northwest submitted a "Notice of Election" that it intended to remove its telecommunications services currently price regulated under Title 61 and have those services regulated under Title 62. The Company also indicated that it would subsequently file "price lists" with the Commission to become effective August 8, 2005.

In a subsequent conversation with Commission Attorney, Don Howell, the Company was asked to supplement its notice with additional information. This supplemental filing serves to notify the Commission that when Verizon files its initial Price List, there will be no changes to the rates, terms and conditions currently contained in the Company's Local Exchange, Access and Toll tariffs. In accordance with Title 62, Verizon will provide 10 day notice to the Commission prior to the Price Lists becoming effective.
