RE: Rate raise

Sirs;

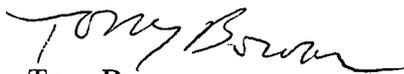

Brian Water last received a rate raise in 2001. The current rates are \$10.50/mo for the first 4000 gallons and \$1.08 / 1000 gallons thereafter. I'm proposing to raise my base rate to \$15.00 /month.

In the past two and half years I have had \$12,000 in repair expenses. Also, I need to start replacing some of the older meters. Electrical rates have gone up also.

Fifteen dollars a month for basic water service is plenty reasonable. I pay \$20 a month here where I live. Also, people pay more than that for internet and cell phone service.

Thank you.

Sincerely,

Tony Bowar
