RE: Rate raise modification

Sirs:

On February 24, 2011, I put in a request to raise my base rate from \$12.50/month to \$18.00/ month. I want to modify the reasoning for the rate raise.

The primary reason for this raise is to increase revenues and build a reserve for maintenance issues as they arise for this aging water system. These costs include replacing old meters, replacing old galvanized service lines, main line repairs, pump repairs etc.

Drilling a new, deeper well to resolve the nitrate problem is still on the table . However, the final cost of this project won't be known for some time . I expect to submit another rate raise request in about 10 months to cover this cost.

Thank you.

Sincerely,

Tony Bowar
