Please describe your comment briefly:

Why should Capital Water users have to pay for changes made necessary by the Ustick Road widening project? Shouldn't Capital Water be reimbursed by the ACHD?? It doesn't seem fair to pass these costs on to the users of Capital Water - I can't believe it is even being proposed to do this. Did Capital Water agree to this ahead of time and if so, why??

I think the 7.8% raise being asked for is reasonable and should be allowed.
