Address: 14201 N. Ramsey Rd  
rathdrum ID, 83858

Name of Utility Company: Diamond Bar Estates Water

Comment: I note in the company's response on Jul 8 that the samples taken for testing were taken at 2 addresses. Without walking down the road it appears that those are the two Turnipseed residences.

?What water filtration equipment, if any do those 2 residences have?

Why is the water company note required to take the sample at the pump house, the source for all the community's water?
