YOU ARE HEREBY NOTIFIED that on June 19, 2008, Floating Feather Partners, LLC (Floating Feather) filed a complaint with the Idaho Public Utilities Commission (Commission) regarding the capability of Eagle Water Company to serve the Floating Feather Mobile Home Park (FFMHP; Mobile Home Park). The Mobile Home Park is located at 10601 Horseshoe Bend Road (Old Highway 55) in Ada County, Idaho and has 74 homes. The Mobile Home Park is presently under an Idaho Department of Environmental Quality (DEQ) Consent Order dated October 10, 2007 due to elevated levels of uranium in the Mobile Home Park's well water. Floating Feather contends that the most effective and efficient solution to the contamination problem and for the long-term provision of safe drinking water to the Mobile Home Park residents is connection to a municipal water source. Floating Feather seeks another municipal water provider.

Floating Feather contends that the Mobile Home Park lies within the certificated service area of Eagle Water Company (Certificate No. 278). Efforts to obtain service from Eagle Water have proved unsuccessful. Floating Feather contends that Eagle Water Company is under a present moratorium on new connections resulting from a Consent Order with DEQ regarding a lack of required redundancy in Eagle Water's system. Floating Feather contends that Mobile Home Park residents, many of whom are lower income, are confused and frustrated and believe they have no viable option but to continue to use and drink the contaminated water from the well. Given the apparent inability of Eagle Water Company to presently serve the Mobile Home Park, Floating Feather requests that the Commission authorize service by United Water Idaho Inc., which has a water main line on Horseshoe Bend Road directly adjacent to the Mobile Home Park. It is Floating Feather's belief that United Water represents the most expedient path to safe

drinking water for its tenants. Floating Feather requests an expedited process to recertify the Mobile Home Park into United Water's certificated area and to allow immediate connection.

YOU ARE FURTHER NOTIFIED that the Commission has reviewed the filings of record in Case No. EAG-W-08-01. The Commission finds that exigent circumstances exist to expedite procedure in this matter. Accordingly, a **Show Cause Hearing** in Case No. EAG-W-08-01 is hereby scheduled for **2:00 P.M., WEDNESDAY, JULY 2, 2008, AT THE COMMISSION'S HEARING ROOM, 472 WEST WASHINGTON STREET, BOISE, IDAHO.** At the Show Cause Hearing, Eagle Water Company should be prepared to demonstrate its capability of providing immediate water service to the Floating Feather Mobile Home Park; or if incapable of doing so, to explain why the Mobile Home Park should not be allowed to request service from United Water Idaho Inc. and why such service should not be authorized by the Commission.
