BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF EAGLE WATER)
COMPANY'S APPLICATION FOR) CASE NO. EAG-W-15-01
AUTHORITY TO IMPLEMENT A)
CUSTOMER SURCHARGE) ORDER NO. 33478
)

On November 10, 2015, Eagle Water Company filed an Application seeking authority to implement a surcharge on its customers' water usage. Eagle Water requested that its Application be processed via Modified Procedure and that the surcharge become effective in approximately 30 days. On December 3, 2015, the Commission issued Order No. 33430 suspending the proposed effective date for a period of 90 days, until March 10, 2016.

On March 4, 2016, Commission Staff filed a Motion to further suspend the proposed effective date in this matter for an additional 90 days, until June 8, 2016. Staff and Eagle Water, the only parties in this case, agreed that there is good cause for granting the Motion. In particular, Staff maintained that the parties have worked diligently towards resolving issues in the Application but the process has taken longer than the initial 90-day suspension. The parties further stated that they believe that the issues can be fully resolved within the additional 90 days in a manner that is fair, equitable, and sustainable to ratepayers and the Company.

After reviewing the Motion and considering the agreement of the parties, we find that good cause exists for the further suspension. No party will be prejudiced by the extension, and no harm will come to ratepayers as a result. Accordingly, pursuant to the Commission's authority under *Idaho Code* § 61-622 and Rule 256 (IDAPA 31.01.01.256), we grant the Motion and further suspend the proposed effective date for an additional 90 days, until June 8, 2016.

ORDER

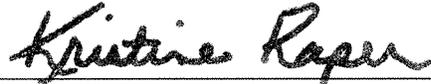

IT IS HEREBY ORDERED that the Commission Staff's Motion is granted. The proposed effective date is further suspended for a period of 90 days, until June 8, 2016, unless the Commission issues an earlier Order accepting, rejecting, or modifying the Application.

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this
day of March 2016.
