IDAHO PUBLIC UTILITIES COMMISSION IDAHO PUBLIC UTILITIES COMMISSION Thursday, December 08, 2005
P. O. BOX 83720
BOISE, IDAHO 83720-0074

To whom it may concern:

I, J. DeLar Lords, am a customer of Falls Water Co. I understand that they (Falls Water Co.) have applied for an Increase in the price of the water delivered to there Patrons. This new proposal would increase our cost over 100%.

I do not believe that an increase of this magnitude is appropriate at this time. I am a retired person and have not had

An increase in my retirement pays for over 10 years. Therefore an increase of over 50%, to me seems out of order.

Please help the patrons with a lesser increase, one that is more in reasonable.

Thanking you for your help

Comment_description: Falls water is requesting a rate increase. As the cost of everything goes up, I understand the need. But 64.7%? My pay didn't increase by 64.7%. Their service didn't get 64.7% better. Even the price of gas isn't 64.7% higher. I suspect the rate high they seek will be even greater though. We get 20,000 gal currently for a base amount. They wish to cut it to 8000 gal. Holy Cow. Do they think we are made of dollars. Please help as we have no other source of water.
